**Contract Summary**
The HLS06 is a statewide contract for Homeland Security, Public Safety and Traffic Safety Supplies adopted from two nationally scaled and competed bids conducted by the U.S. Communities and Sourcewell (formerly NJPA) cooperatives. The adoption of both contracts allows buyers on HLS06 to shop between two nationally priced catalogs that cover a large cross-section of public safety and emergency response products.

Further, pursuant to the Emergency Procurement and Purchase provisions of the Commonwealth of Massachusetts a MERT-vetted vendor has joined HLS06 in the Category of Personal Protective Equipment (PPE) for the manufacturing and supply of PPE. The Manufacturing Emergency Response Team (M-ERT) is part of a coordinated response between academia, industry, and government to support the expansion of PPE production capabilities of Mass manufacturers through providing funding from the Commonwealth.

**COVID-19 Updates**
This contract provides PPE material. Buyers are encouraged to engage with vendors for additional information. See vendor list and information table.

**Cleaning and Disinfecting Services**
For cleaning services, all vendors must follow the CDC’s guidance on [Cleaning and Disinfecting](https://www.cdc.gov) and applicable COVID-19 [OSHA](https://www.osha.gov) guidance and standards.

**Supplying Disinfectant and Sanitizer Products**
If you are purchasing disinfectants and hand sanitizers for use against COVID-19, make sure that all products meet the guidelines established by the EPA and the CDC:
- Disinfectants: should be on the EPA’s [List N: Disinfectants for Use Against SARS-CoV-2](https://www.epa.gov�) AND registered by the [Massachusetts Pesticide Board Subcommittee](https://www.mass.gov)
- Hand Sanitizers: The CDC [Hand Hygiene Recommendations](https://www.cdc.gov) cite at least 60% alcohol based hand sanitizer *if soap and water are not available*. For healthcare, refer to the CDC’s [Hand Hygiene in Healthcare Settings](https://www.cdc.gov) for more information.

**Safety:**
It is against state and federal law to use disinfectants in a manner that is not intended by the instructions on the label (for example, wide area spraying of a chemical that is not specified for use in this way). The use of disinfectants does not require a license in Massachusetts, but purchasers should review [OSHA guidance and standards](https://www.osha.gov), and ensure the individuals using disinfectants are aware of the guidance.
