Following the conclusion of the Study Phase, the Study must be Certified and an appropriation of sufficient funds must be secured in order for the Project to proceed to the Design Phase. If and only if these requirements are satisfied, Awarding Authority may, in its sole discretion, select the House Doctor to proceed with the Design Phase of the Project. The House Doctor shall not incur any costs associated with the Design Phase Scope of Services prior to the receipt of applicable Notice to Proceed.

No changes or additions may be made to this list without Approval by Awarding Authority, which Approval shall be granted after a showing that the substitution complies with applicable Laws and provides Awarding Authority with a level of skill, qualification, and experience equal to or better than the personnel listed in or outlined in the Approved Scope of Services. The House Doctor shall provide sufficient personnel to complete the services required by this Contract in a continuous and timely manner in accordance with an Approved plan and, when applicable, in accordance with the Approved Contract Schedule.

The Building Gross Area shall be the floor area of a building for all levels that are totally enclosed within the building envelope, including basements, mezzanines, or penthouses. The Building Gross Area of basement space includes the area measured to the outside face of basement foundation walls.

4.13.2. Departmental Gross Area.

The Departmental Gross shall be the net assignable areas and required secondary circulation assigned to an occupant group or department. 4.13.3. Net Assignable Area.

The Net Assignable Area is the area required to accommodate a function, equipment, occupant, or occupant group. Net Assignable Area includes interior walls, building columns, and projections. 4.14 House Doctor to Evaluate Information and Conditions

4.14.1. Surveys and Data.

The House Doctor shall analyze and evaluate the Surveys and Data furnished by Awarding Authority. If the Surveys and Data to be provided by Awarding Authority are not available or are, in the reasonable opinion of the House Doctor, insufficient to permit the House Doctor to properly perform its services hereunder, the House Doctor shall submit a written request to Awarding Authority for permission to obtain the services of one or more Consultants to perform the necessary services. If such services are not included in the Approved Scope of Services the House Doctor shall be reimbursed for performance of such services in accordance with Section 5.2 (Consultants), or if the services are performed by the House Doctor's own employees, the House Doctor shall be compensated in accordance with Section 6.2 (Additional Services). In no case shall the House Doctor commence or authorize a Consultant to commence such services without the prior Approval of Awarding Authority. In the event that any Surveys and Data are updated, corrected, supplemented, or otherwise modified in accordance with this Section, House Doctor shall provide such information and documents to Awarding Authority and, if requested by Awarding Authority, shall provide such information and documents in a form compatible with CAMIS integration.

4.14.2. Existing Conditions.

If the Awarding Authority is DCAMM, if an Approved Scope of Services calls for an analysis of existing conditions of a site or facility by House Doctor, DCAMM shall provide House Doctor with the information related to such facility or site contained within CAMIS. House Doctor shall compare the information contained in its existing conditions analysis with such CAMIS information, and if necessary shall provide to DCAMM any necessary updates to the CAMIS information in a form compatible with CAMIS integration as indicated by DCAMM.

4.15 Cost Estimates.

If Awarding Authority has appointed a construction manager or an independent cost estimator for the Project during any Phase, the House Doctor shall validate its Construction Cost Estimates with such person prior to submitting its Construction Cost Estimates to Awarding Authority for Approval. Awarding Authority's decision in matters pertaining to the Construction Cost Estimates and changes thereto shall be final but the House Doctor shall not be responsible for any decision by Awarding Authority that is inconsistent with generally accepted standards of professional practice provided that the House Doctor shall have advised Awarding Authority in writing of the inconsistency at the time of the Approval.

4.16 Corrections by Awarding Authority.

The House Doctor shall furnish appropriate competent professional services to the point where Awarding Authority's detail checking or reviewing shall be incorporated into the Project's design unless the House Doctor makes specific written objections and such objections are agreed to by Awarding Authority. Awarding Authority's decision in matters pertaining to this section shall be final, but the House Doctor shall not be responsible for any such decision by Awarding Authority that is inconsistent with generally accepted standards of professional practice provided that the House Doctor advised Awarding Authority in writing of the inconsistency at the time the decision was made.

4.17 Approvals.

4.17.1. Awarding Authority's Approval Responsibilities.

Awarding Authority, through an Authorized Representative, shall, without unreasonable delay, either grant any Approval required by this Contract or notify the House Doctor why such Approval is being withheld, provided that Awarding Authority shall not unreasonably withhold any Approval. If necessary, Awarding Authority and the User Agency shall attend meetings with the House Doctor to achieve the Approval of a

Deliverable. Approval by Awarding Authority shall not, in any way, relieve the House Doctor from its professional responsibility for all services and duties hereunder.

4.17.2. House Doctor's Approval Responsibilities.

The House Doctor shall not work on any task or Deliverable without first receiving all required Approvals. The House Doctor shall make all changes in Deliverables required by comments made by Awarding Authority before the Deliverable will be Approved, unless such changes are in the House Doctor's professional opinion not suitable, in which case the House Doctor shall communicate, in writing, the reasons why they are not suitable. When necessary, the House Doctor shall meet with Awarding Authority, the User Agency, the Owner's Project Manager (if applicable) and any appropriate Consultants to develop a mutually satisfactory Deliverable. Within thirty (30) days after the Approval of Deliverables, the House Doctor shall provide Awarding Authority with clearly identified hard or electronic copies, as specified by Awarding Authority, of the Approved Deliverables.

4.17.3. General Approval Procedures.

In the case of any action requiring the Approval of Awarding Authority pursuant to the terms of this Contract the House Doctor shall, in a timely manner, make a written recommendation to Awarding Authority of the action which, in the House Doctor's judgement, should be taken. This recommendation shall be accompanied by all reasonably necessary supporting documentation as may be required by Awarding Authority. Awarding Authority shall be deemed to have relied on such recommendation and/or supporting information when granting any Approval or disapproval under this Contract. Without limiting the foregoing, in no event shall the House Doctor, on behalf of the Commonwealth, grant any Approval or disapproval, waive any legal right or provision of any legal agreement, or impose any contractual sanctions.

4.18 Materials Provided to the House Doctor

4.18.1. User Agency Cooperation.

Awarding Authority shall cause the User Agency to designate staff to represent the User Agency and to work with Awarding Authority to provide relevant information to the House Doctor for the performance of the House Doctor's obligations under this Contract.

4.18.2. Ownership of Materials Provided to House Doctor.

All items provided to the House Doctor by Awarding Authority hereunder shall remain the property of Awarding Authority or the Public Entity. The House Doctor may use items provided by Awarding Authority only for the purposes of this Contract and in accordance with Section 7.8 (Security and Confidentiality; Publication), unless otherwise agreed to in writing by Awarding Authority. Awarding Authority does not guarantee, nor does it make any express or implied warranties concerning, the accuracy of any such information furnished to the House Doctor.

4.19 Right to Offset.

If Awarding Authority finds that any services previously paid for by Awarding Authority contained deficiencies, errors or omissions, then Awarding Authority may withhold from any future payment due to the House Doctor under this Contract an amount reasonably calculated by Awarding Authority to cover the cost of correcting the deficiency, error or omission until the services have been corrected. Awarding Authority may also offset against any payment due to the House Doctor the amount of any costs incurred by Awarding Authority arising from the deficiencies, errors, omissions, or the House Doctor's failure to provide required services. If Awarding Authority shall discover that the charge for any previously paid-for services was calculated based upon incorrect information, Awarding Authority may offset any overcharges against any future payment due to the House Doctor under this Contract. Any disputes related to offsets taken by Awarding Authority shall be subject to resolution pursuant to Section 7.27 (Mandatory Mediation)

of this Contract. Nothing in this paragraph shall limit any legal remedies of Awarding Authority against the House Doctor for default, errors, omissions, erroneous claims, false claims, tort claims, or any breach by the House Doctor of the terms of this Contract or applicable Laws.

4.20 Independent Contractor.

The House Doctor is an independent contractor with respect to its duties under this Contract. No act or direction of the Awarding Authority shall be deemed to be the exercise of supervision or control of the House Doctor's performance hereunder. Under no circumstances shall the House Doctor be deemed a "state employee" or a "special state employee" for the purposes of receiving protection from liability under the provisions of M.G.L. c. 258.

4.21 House Doctor's Responsibility and Relationship of Commonwealth and Other Parties.

The Designated Representative of the House Doctor shall report directly to the Deputy Commissioner or its Authorized Representative in the performance of the House Doctor's duties pursuant to this Contract.

4.22.2. Removal of Designated Representative.

The House Doctor shall not remove the Designated Representative absent (i) his/her physical or mental incapacity to perform the services required of him/her hereunder, (ii) his malfeasance, misfeasance, or nonfeasance with respect to his/her obligations to the House Doctor or the Commonwealth, or (iii) the Commonwealth's request that the House Doctor change the Designated Representative. In the case of such removal, the House Doctor shall forthwith provide a qualified replacement for such individual which replacement must be acceptable to the Deputy Commissioner in her reasonable discretion. The Commonwealth has the right to demand removal and replacement of the Designated Representative if, in its sole discretion, the Designated Representative is not a suitable match for the Project. Failure to remove this Designated Representative in response to such demand shall constitute a breach of this Contract.

ARTICLE 5: EMPLOYMENT OF CONSULTANTS

5.1 Generally.

Subject to the provisions of this Contract, the House Doctor shall employ the services of Consultants as needed and be responsible for their work, compensation, and the coordination and supervision thereof. Consultants so employed shall be Approved and registered in Massachusetts in their respective disciplines if registration is required by the applicable Laws. House Doctor shall provide Awarding Authority with complete copies of its contracts with each of its Consultants within fourteen (14) calendar days of the execution of such contracts.

5.2 Retention of Special Consultants.

5.2.1. Approval.

If the services of a Consultant not included in the Approved Scope of Services are required, the House Doctor shall submit a written request with a detailed description of the proposed services to Awarding Authority for the Approval of the solicitation of such a Consultant. Upon Approval of such request to solicit, the House Doctor shall obtain proposals from at least three (3) such consultants (including at least one MBE or WBE if available), to the extent feasible, and shall submit them to Awarding Authority together with the House Doctor's recommendation for selection before any work may be Approved. Awarding Authority may waive the requirement for three (3) proposals for good cause provided that such waiver shall be in writing. To the extent applicable, House Doctor shall comply with the requirements of the Massachusetts Prevailing Wage Law, M.G.L. c. 149, ss. 26-27D, in the employment of such special Consultants. Each such Consultant whose fee for such services exceeds \$25,000 shall demonstrate professional liability insurance coverage in an amount not less than its fee, unless specifically waived or modified by Awarding Authority.

5.2.2. Compensation.

The actual cost to the House Doctor for services of any Approved special Consultant shall be reimbursed by Awarding Authority, provided that Awarding Authority previously Approved such costs. The compensation for an Approved special Consultant may be a lump sum fee. For solicitation, inspection, analysis, coordination, and evaluation of such special Consultants' services, and for assuming liability therefore, the House Doctor shall be paid by Awarding Authority (i) 10% of the actual expense, if the cost of the specific services is estimated not to exceed \$100,000 or (ii) a lesser equitable percentage to be agreed upon by the House Doctor and Awarding Authority, if the not-to-exceed cost is projected to exceed \$100,000.

5.3 Approval of Consultants.

To obtain Approval of Consultants, the House Doctor must submit the items required by M.G.L. c. 7C, s. 51. The House Doctor may not request Approval for the hiring of a substitute for any Consultant that was part of the team presented to the Designer Selection Board unless such Consultant has, in the House Doctor's opinion, become unable or unwilling to perform its services in a satisfactory manner or unless the Consultant has voluntarily requested in writing to be relieved of its duties as a team member. The House Doctor shall make the request for substitution in writing and the request shall state with specificity the reasons why the House Doctor believes that the Consultant has become unable or unwilling to perform its services in a satisfactory manner, or if the Consultant has voluntarily requested to be relieved of its duties as a team member, the House Doctor shall include with the request a copy of the Consultant's written request for such relief.

5.4 Right to Rescind Approval of Consultants.

At Awarding Authority's sole reasonable discretion, Awarding Authority may rescind prior consent to a Consultant of the House Doctor if the Consultant is or becomes incompetent, irresponsible, or otherwise unsatisfactory, and the House Doctor shall promptly remove such Consultant from the work. Any failure to remove such Consultant shall constitute a material breach of this Contract. If a Consultant is so removed, the House Doctor shall provide another Consultant with similar, or superior, credentials and qualifications (including, without limitation, MBE/WBE) that meets the standard required for Approval by Awarding Authority. The removal of such Consultant shall not relieve the House Doctor from its responsibilities for services of its Consultants under this Contract.

5.5 Consultants Barred.

The total of all Basic Fees paid to the House Doctor under this Contract shall not exceed the Contract Amount. Any adjustment to this maximum fee amount shall be set forth in an amendment to this Contract. Any Notice to Proceed for an Approved Scope of Services may divide the Basic Fee for House Doctor Services for specific portions of a Project. In no event shall the House Doctor be entitled to any payment for the performance of any services for any Phase of a Project without first receiving a Notice to Proceed with Basic Services (with the Additional Services included therein, as applicable) for that Phase of a Project.

The House Doctor shall comply with all of the life-cycle cost estimate and analysis requirements set forth in M.G.L. c. 7C s.29 and c. 149 s.44M and this Contract. The House Doctor acknowledges that failure to obtain life-cycle cost estimates as required hereunder may result in the Director of the Office of Consumer Affairs and Business Regulation prohibiting the House Doctor from contracting, directly or indirectly, with the Commonwealth or any political subdivision thereof for similar Services for a period of one year, pursuant to M.G.L. c. 149 s.44M.

7.4 Conflicts of Interest.

7.4.2. Prompt Disclosure of Conflicts of Interest.

The House Doctor shall promptly disclose to Awarding Authority any matters which, although they may not violate M.G.L. c. 268A, may give rise to a potential conflict of interest on the part of the House Doctor or its personnel in its performance of its duties hereunder.

The House Doctor shall refer to the law and consult with Awarding Authority for procedures regarding proprietary items. Awarding Authority may waive the provisions of this law for "sound reasons in the public interest." The House Doctor hereby grants to Awarding Authority and the Public Entity an irrevocable royalty-free license to use for any lawful public purpose, including, without limitation, the right to share with other public agencies for their use on projects, the following items developed or made part of the work or services performed under this Contract: all Deliverables, drawings, designs, specifications, photographs, images, notes, materials and other work and ideas of the House Doctor and its Consultants related to the performance of this Contract which are, or may be, covered by copyright, patent, or other intellectual property Laws or as to which the House Doctor and its Consultants may assert any rights or establish any claims under any such Laws. The House Doctor shall incorporate by reference this provision into all contracts with its Consultants on this Project including, without limitation, architects, engineers, estimators, designers, and photographers. The House Doctor and its Consultants, if any, shall not be responsible for changes made in the documents without the House Doctor's authorization, nor for Awarding Authority's or other public entities' use of the documents on projects other than the Project. Awarding Authority assumes the risk resulting from any such changes made in the documents without the House Doctor's authorization, or for Awarding Authority's or other public entities' use of the documents on projects other than the Project.

Without limiting the foregoing, if the Project is a designated "Security Sensitive Information" project, the House Doctor shall execute separate Security Sensitive Information Procedures and Confidentiality Agreements and shall comply with such document protection requirements as may be referenced in said agreement.

7.9 Confidentiality; Personal Data [M.G.L. c. 66A].

7.9.1. Certifications.

For all contracts involving CONTRACTOR's access to personal information, as defined in M.G.L. c. 93H, and personal data, as defined in M.G.L. c. 66A or access to agency systems containing such information or data, CONTRACTOR certifies under the pains and penalties of perjury that CONTRACTOR:

EXHIBIT F: MBE/WBE Participation Provisions

AGENCY SPECIFIC PROVISIONS REGARDING PARTICIPATION BY MINORITY BUSINESS ENTERPRISES AND WOMEN BUSINESS ENTERPRISES

THE FOLLOWING PROVISIONS APPLY TO DESIGNERS CONTRACTING WITH DCAMM:

The following provisions establishing goals and procedures to ensure full participation by minority business enterprises (“MBEs”) and women businesses enterprises (“WBEs”) (collectively “MBE/WBE’s”) on this Contract are included pursuant to M.G.L. c.7C, s. 6; Executive Order 524 and Executive Order 526.

1. Goals

- a. The separate Minority Business Enterprise and Women Business Enterprise (MBE & WBE) participation goals for this Contract the percentage of the Contract Amount, as set forth in the DSB advertisement for the Contract (included in Exhibit E to this Contract), are: _____% MBE and _____% WBE.
- b. The Designer shall comply with all of the terms and conditions of this Contract, which include the provisions pertaining to MBE/WBE participation set forth in the Designer Selection Board’s request for applications, incorporated herein by reference, in order to meet the MBE/WBE participation goal established for this Contract.
- c. If the Designer is itself a Supplier Diversity Office (SDO) certified MBE or WBE firm, MBE or WBE participation credit will be given for the value of the work under the Contract by Designer (if Designer is an MBE or WBE) and each MBE and WBE Consultant or subcontractor (hereafter “subcontractors”) to the Designer.

2. MBE/WBE Status.

- a. A minority owned business shall be considered an MBE only if it has been certified as a minority business enterprise by the Supplier Diversity Office (SDO).
- b. A woman owned business shall be considered a WBE only if it has been certified as a woman business enterprise by SDO.
- c. Certification as a disadvantaged business enterprise (“DBE”), certification as an MBE/WBE by any agency other than SDO, or submission of an application to SDO for certification as an MBE/WBE shall not confer MBE/WBE status on a firm for the purposes of this Contract. Please note that only firms SDO certified as MBE or WBEs can be credited toward meeting project MBE or WBE goals.

3. Subcontracts With MBE/WBEs.

- a. The parties acknowledge that the Designer has submitted to DCAMM for approval and that DCAMM has approved a Schedule of MBE/WBE Participation and Letters of Intent for each of the MBE/WBEs who will perform work under this Contract for MBE/WBE participation credit.
- b. Within seven (7) days after the Notice to Proceed is received by the Designer, the Designer shall (i) execute a subcontract with each MBE/WBE who has executed a Letter of Intent approved by DCAMM, and (ii) furnish DCAMM with a signed copy of each such subcontract.

4. Performance of Contract Work by MBE/WBEs.

- a. The Designer shall not perform with its own organization or subcontract or assign to any other firm work designated to be performed by any MBE/WBE in the Letters of Intent or Schedule of MBE/WBE Participation (“MBE/WBE Work”) without the prior written approval of DCAMM, nor shall any MBE/WBE assign or subcontract to any other firm, or permit any other firm to perform any of its MBE/WBE Work without the prior written approval of DCAMM. Any such unapproved assignment, subcontracting, sub-subcontracting, or performances of MBE/WBE Work by others shall be a change in the MBE/WBE Work for the purposes of this Contract. DCAMM shall not apply to the MBE/WBE participation goal(s) any sums attributable to such unapproved assignments, sub-contracts, sub-subcontracts, or performance of MBE/WBE work by others.
- b. The Designer shall be responsible for monitoring the performance of MBE/WBE Work to ensure that each scheduled MBE/WBE performs its own MBE/WBE Work.
- c. The Designer shall periodically submit to DCAMM a completed and executed Designer’s Certification of Payment to Minority and Women Business Enterprises in the form and by the method required by DCAMM. DCAMM shall establish the schedule for submitting such certifications.
- d. The Designer and each MBE/WBE shall provide DCAMM with all other information and documentation that DCAMM determines is necessary to ascertain whether or not an MBE/WBE has performed its own MBE/WBE Work as set forth in its Letter of Intent.
- e. At the discretion of DCAMM, the failure of the Designer to submit a required Designer’s Certification of Payment to Minority and Women Business Enterprises or any other documentation that DCAMM has determined is necessary to ascertain whether or not an MBE/WBE has performed its own MBE/WBE Work as set forth in its Letter of Intent shall establish conclusively for the purpose of giving MBE/WBE participation credit under this Contract that such MBE/WBE did not perform such work.

5. Notification of Changes in MBE/WBE Work.

- a. If at any time during the performance of the Contract the Designer determines or has reason to believe that (i) a scheduled MBE/WBE is unable or unwilling to perform its MBE/WBE Work, or (ii) there has been or will be a change in the value or scope of any MBE/WBE Work, or that a party different from the scheduled MBE/WBE will perform all or part of such work, or (iii) the Designer will be unable to meet the MBE/WBE participation goal(s) for this Contract for any reason, the Designer shall immediately notify DCAMM Compliance Office in writing of such circumstances.
- b. Any notice that there will be a change in the value or scope of MBE/WBE Work or that a party different from the scheduled MBE/WBE will be performing such work, that is given to DCAMM pursuant to subparagraph (a) above shall include a revised Schedule of MBE/WBE Participation and additional or amended Letters of Intent and subcontracts, as the case may be, all of which shall be subject to the approval of DCAMM.

6. Actions Required if there is a Reduction in MBE/WBE Participation.

- a. In the event there is a change or reduction in any MBE/WBE Work which will result in the Designer failing to meet the MBE/WBE participation goal(s) for this Contract, other than a reduction in MBE/WBE Work resulting from a change in the Contract work ordered by DCAMM, then the Designer shall make a diligent, good faith effort to make up the shortfall in MBE/WBE participation as follows:

- i. The Designer shall identify all items of work remaining to be performed under the Contract that may be made available for subcontracting to MBE/WBEs and shall send a list of such items of work to DCAMM for its approval. The Designer shall also send DCAMM a list of the remaining contract work that may not be made available to MBE/WBEs in the Designer's opinion, and a statement of the reason why each such item of work may not be made available for subcontracting to MBE/WBEs.
- ii. The Designer shall send written notices soliciting proposals to perform the items of work that may be made available for subcontracting to MBE/WBEs to all MBE/WBEs qualified to perform such work. The Designer shall DCAMM of (I) each MBE/WBE solicited, and (II) each MBE/WBE listed in the SDO directory under the applicable professional category who was not solicited and the reasons therefor. The Designer shall also DCAMM of the dates that notices were mailed and provide a copy of the written notice(s) sent.
- iii. The Designer shall make reasonable efforts to follow up the written notices sent to MBE/WBEs with telephone calls or personal visits in order to determine with certainty whether the MBE/WBEs were interested in performing the work. Phone logs or other documentation must be submitted to DCAMM evidencing this effort.
- iv. The Designer shall make reasonable efforts to assist MBE/WBEs that need assistance in obtaining insurance or lines of credit in order to perform work under the Contract, and shall provide DCAMM with evidence that such efforts were made.
- v. The Designer shall provide DCAMM with a statement of the response received from each MBE/WBE solicited, including the reason for rejecting any MBE/WBE who submitted a proposal.
- vi. The Designer shall take any additional measures reasonably requested by DCAMM to meet the MBE/WBE participation goal(s) established for this Contract.
- vii. The Designer shall submit to DCAMM all information or documentation that is necessary in the judgment of DCAMM to ascertain whether or not the Designer has complied with any of the provisions of this Article.

7. Suspension of Payment and/or Performance for Noncompliance.

- a. If at any time during the performance of the Contract, DCAMM determines or has reason to believe that (i) there has been a change or reduction in any MBE/WBE Work which will result in the Designer failing to meet the MBE/ WBE participation goal(s) for this Contract, other than a reduction in MBE/WBE Work resulting from a change in the Contract work ordered by DCAMM, and (ii) the Designer has failed to comply with all of the terms and conditions of paragraphs 1 through 6 above, DCAMM may:
 - i. suspend payment to the Designer of an amount equal to the value of the work which was to have been performed by a MBE/WBE pursuant to the Designer's Schedule of MBE/WBE Participation but which was not so performed, in order to ensure that sufficient contract funds will be available if liquidated damages are assessed pursuant to paragraph 8, and/or
 - ii. suspend the Designer's performance of this Contract in whole or in part.
- b. DCAMM shall give the Designer prompt written notice of any action taken pursuant to paragraph (a) above and shall give the Designer and any other interested party, including any MBE/WBEs, an opportunity to present evidence to DCAMM that the Designer is in compliance with the

requirements of this Article or that there is some justifiable reason for waiving the requirements of this Article in whole or in part. DCAMM may invite SDO and the Massachusetts Commission Against Discrimination to participate in any proceedings undertaken pursuant to this paragraph.

- c. Upon a showing that the Designer is in full compliance with the requirements of this Article, or that the Designer has met or will meet the MBE/WBE participation goals for this Contract, DCAMM shall release any funds withheld pursuant to clause (i) and lift any suspension of the Designer's performance under clause (ii).

8. **Liquidated Damages; Termination.**

- a. If payment by DCAMM or performance by the Designer is suspended by DCAMM as provided in paragraph 7 above, DCAMM shall have the following rights and remedies if the Designer thereafter fails to take all action necessary to bring the Designer into full compliance with the requirements of this Article, or if full compliance is no longer possible because the default of the Designer is no longer susceptible to cure, or if the Designer fails to take such other action as may be required to meet the MBE/WBE participation goals set forth in Paragraph 1:
 - i. DCAMM may terminate this Contract, and/or
 - ii. DCAMM may retain from final payment to the Designer, as liquidated damages, an amount not to exceed the difference between the total of the MBE/WBE participation goals set forth in paragraph 1 of this Article, and any amounts paid or owing to MBE/WBE's for MBE/WBE Work actually performed by them under this Contract, the parties agreeing that the damages for failure to meet the MBE/WBE participation goals are difficult to determine and that the foregoing amount to be retained by DCAMM represents the parties' best estimate of such damages.
- b. Before exercising its rights and remedies hereunder, DCAMM may, but DCAMM shall not be obligated to, give the Designer and any other interested party another opportunity to present evidence to DCAMM that the Designer is in compliance with the requirements of this Article or that there is some justifiable reason for waiving the requirements of this Article in whole or in part. DCAMM may invite SDO and the Massachusetts Commission Against Discrimination to participate in any proceedings undertaken hereunder.

9. **Division of Capital Asset Management Right to Waive Provisions of this Article in Whole or In Part.**

- a. DCAMM reserves the right to waive any provision or requirement of this Article if DCAMM determines that such waiver is justified and in the public interest.
- b. No such waiver shall be effective unless in writing and signed by a representative of DCAMM Compliance Office or Office of the General Counsel. No other action or inaction by DCAMM shall be construed as a waiver of any provision of this Article.

EXHIBIT O: Prompt Payment Discount Form

COMMONWEALTH OF MASSACHUSETTS **Prompt Pay Discount Form** *(Invoice discounts for receiving fast payments)*

Revised 3/9/07

Bidder Name: _____
Vendor Code (VCUST): _____
Contract/RFR Number(s): _____

Prompt Payment Discounts (PPD). All contractors/vendors doing business with the Commonwealth must provide a Prompt Payment Discount (PPD) for receiving early payments unless the Contractor/vendor can provide compelling proof that providing a prompt pay discount would be unduly burdensome. Contractors benefit from PPD by increased, usable cash flow as a result of fast and efficient payments for commodities or services rendered. Contractors who agree to accept Electronic Funds Transfer (EFT) increase the prompt pay benefit by ensuring that funds are paid directly to their designated bank accounts, thus eliminating the delay of check clearance policies and traditional mail lead time. Payments processed through the state accounting system (MMARS) can be tracked and verified through the Comptroller's [Vendor Web](#) system using the Vendor/Customer Code assigned to you by a Commonwealth department.

The Commonwealth benefits because contractors reduce the cost of products and services through the applied discount. While Bidders/Contractors have flexibility in determining the actual % discount(s) offered to the Commonwealth, the discount(s) must be identified for 10, 15, 20 and/or 30 days for payment issuance in the column entitled "% Discount Off Proposed Price" below. The Commonwealth may use the prompt pay discounts submitted as a basis for selection and may negotiate discounts as deemed in the best interest of the Commonwealth. The requirement to offer PPD discounts may be waived by the Commonwealth on a case-by-case basis if participation in the program would be unduly burdensome, provided the specific reason for the hardship is outlined below.

All discounts offered will be taken in cases where the payment issue date is within the specified number of days listed below and in accordance with the Commonwealth's Bill Paying Policy. Payment days will be measured **from** the date goods are received and accepted / performance was completed OR the date an invoice is received by the Commonwealth, whichever is later to the date the payment is issued as an EFT (preferred method) or mailed by the State Treasurer. The date of payment "issue" is the date a payment is considered "paid" not the date a payment is "received" by a Contractor.

If internal Bidder/Contractor systems require an alternate method of measuring payment issue dates, the Bidder/Contractor must note the issues below or on an attached page if necessary to be considered by the PMT. In cases where the Bidder/Contractor considers that offering a Prompt Payment Discount would be a hardship, the Bidder must clearly define the issues and reasons for said hardship. *Providing volume discounts or other discounts on prices is not considered a hardship, since the PPD provides the additional benefit of early cash flow for the Contractor.*

Enter the Prompt Payment Discount percentage (%) off the invoice payment, for each of the payment issue dates listed, if the payment is issued within the specified Payment Issue days. For example:

5% - 10 Days

4% - 15 Days

3% - 20 Days

2% - 30 Days

If no discount is offered enter 0%

Prompt Payment Discount %	Payment Issue Date w/in
%	10 Days
%	15 Days
%	20 Days
%	30 Days

The Contractor is unable to provide a prompt payment discount due to the following hardship:
