

Searching for a MassDEP Certified Planner

Go to this link: <https://eeaonline.eea.state.ma.us/Portal/#!/power-bi-dashboard>

On the Dashboard:

1. Go to **SEARCH DATA**
2. Search for **PERMITS**
3. Program: **Toxics Use Reduction**
4. then input **DECISION DATE** for 2 years AGO until TODAY (i.e.: 06/15/2020 to 06/15/2022) and that will give you an accurate list of TUR Planners as of the dates you are searching.

Please keep in mind, only a MassDEP currently certified TUR Planner, certified EMS planner or certified RC planner is allowed to certify a TUR, EMS, or RC plan. The certification submittal 'step' is separate from the TUR Annual Report. The certification is completed online using the eDEP system.
