

IMPOUNDED

Impounded Case
SJC-13011

The issues in this case involve the following:

1. Does the Anti-SLAPP statute apply to proceedings in the Probate Court, and if so, to an objection to a fiduciary's account under G.L. 190B, § 5-418(e)?
2. Does the Anti-SLAPP statute apply to an intra-family dispute in which the petitioning party is a wealthy individual already engaged in multiple litigations with the opposing party?
3. Can the filing of such an objection chill "petitioning activity" when that activity had already ceased when the objection was filed?
