Subject: BUILDING CODE COMMENTS

CAUTION: This email originated from a sender outside of the Commonwealth of Massachusetts mail system. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

My name is Michael Boss and I live in Acton MA.

It is exciting to see the Commonwealth of Massachusetts taking a leadership position to address the climate emergency.

I am an interested citizen and keen to encourage us all to do what we can to slow the buildup of greenhouse gases.

Specifically I request that the new proposed code allow cities and towns who adopt the specialized net zero energy code to require fossil-fuel-free paths to code compliance for new buildings.

It is time to stop adding to the use of fossil fuels wherever possible.

Thank you for receiving my input.
