Dear DOER Members,

My name is Ingrid Geis, I am a resident of Winchester, MA and an active member of 350 Mass. I am writing you this short message to let you know I would like our updated stretch code to be as strong as possible in terms of climate protection and the new proposed “Specialized Stretch Code” to be truly net zero by not allowing the installation of ANY fossil fuel consuming equipment. I am the mother of two adult sons and am worried about the state of the planet I am leaving them. We must do everything in our powers to fight climate change – please do your part!

Thank you for your service.

Sincerely,

Ingrid Geis
