Re: **Building Code Comments**

Dear Commissioner Woodcock, Secretary Card, and Secretary Kennealy,

Thank you for developing the opt-in stretch energy code mandated in the Next Generation Roadmap bill signed by Governor Baker in March 2021. Despite the revisions you have made, the current code does not support the intent of the Roadmap bill. I believe the DOER must go further. Please carefully consider the comments sent to you by MCAN and revise the opt-in energy code so that it supports the Commonwealth's transition to clean energy.

I am asking you to take the necessary steps to revise the stretch code to ensure the future for our children and grandchildren. This is in your hands. Do the right thing!

Best Wishes,
Constance Dawson
