Subject: BUILDING CODE COMMENTS

CAUTION: This email originated from a sender outside of the Commonwealth of Massachusetts mail system. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Dear Sir or Ma'am,

I am writing as a Massachusetts resident and farm business owner concerned about climate change. I am writing regarding the work being done to update building codes to prepare our state for net zero energy use, and would ask that you allow cities and towns who adopt the specialized code to require fossil-fuel-free paths to code compliance for new buildings. I believe this is an important way we can drive industry in the right direction towards a clean energy future.

Thank you for taking the time to read my comments.

Sincerely,
Kerisa Fitzgerald
