2025 MDAR HEMP PLANTING FORM

Complete the following form and submit to the MDAR Hemp Program no later than ten (10) days after planting (start date). If do not plant hemp, you must submit this form **before September 1st** to report unused sites.

Instructions:

- 1) All varieties must be approved by the MDAR Hemp Program **BEFORE** planting. Please ensure that documentation demonstrating that the varieties to be planted have less than 0.3% total THC has been submitted to the Program for approval.
- 2) Each individual hemp variety by planting location is considered a "Lot." Each Lot must be reported individually on this form. List each Lot by variety, start date, and start location. Please report the expected transplant location and estimated crop size at harvest for each Lot. **Do NOT report the number of plants or seeds used as starts. See example on page 2.**
- 3) Please ensure that individual Lots are CLEARLY MARKED AND SEPERATED in the field.
- 4) You may not plant hemp in any unlicensed areas. To add a new growing area to your license, you must submit an Amendment Form to revise your licensed area and receive authorization from MDAR. Amendment Forms are available online at: <https://www.mass.gov/guides/resources-for-hemp-program-licensees#-amendment-forms->
- 5) Planting data must also be reported to the Farm Service Agency (FSA). FSA reports are due by **July 15th**. The FSA will assign each Lot a unique sub-field identification number. This number will be required by MDAR upon harvest. To file acreage reports with the FSA, you must contact your local FSA county office, and they will guide you through the process. A list of local FSA offices is available at <https://www.farmers.gov/service-center-locator>. For more information, please visit: <https://www.farmers.gov/manage/hemp>.
- 6) Any crop losses due to weather, pests, theft, etc. should be reported to MDAR immediately using the harvest report available online at: <https://www.mass.gov/doc/industrial-hemp-harvest-report/download>

Additional guidance for use of this form is available online at: <https://www.mass.gov/doc/industrial-hemp-harvest-report-guidance/download>

Please email completed forms to: MAHemp@mass.gov

2025 MDAR Hemp Planting Form

Example: if you start 100 seeds in a greenhouse but intend to transplant the crop out to a field, please note the initial planting date (start date), location (start location), and the intended transplant location from where each Lot will be harvested. Additionally, you will need to estimate the total expected amount to be harvested (i.e. 1.5 acres outdoor). Each lot will have an individual identifier assigned by FSA once acreage reports have been filed.
