

Massachusetts Information Technology Statewide Contracts

Massachusetts' Statewide Contracts offer Information Technology products and services across 17 contracts. Organizations may easily access IT Hardware and Software; Data and Cybersecurity Services; Security Systems; Cellular and Network Services; IT Project Services; and more while taking advantage of the pricing and benefits negotiated by the Commonwealth.

IT Equipment and Services (ITE)

ITC71 Security, Surveillance, Monitoring, and Access Control Systems – Security Systems and Related Services, including Locks, Alarms, Access Control, Video and Visitor Management Systems, Monitoring Systems and Services, and Locksmiths.

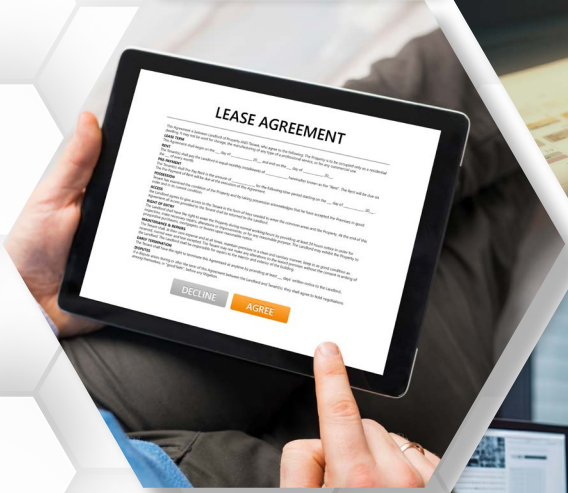

ITC73 IT Hardware and Services – IT Hardware and Services include Desktops, Laptops, Chromebooks, Tablets, Storage Solutions, Servers, Resellers, and Rugged Mobile Devices.

ITE001 Imaging Devices, Supplies, and Services – Purchase Copiers, Printers, Scanners, Multifunction Devices, Digital Duplicators, and Related Devices, along with supplies, including Remanufactured Toner Cartridges. Rentals and leasing available. All copiers and printers are Energy Star rated.

OFF50 Audio, Video, Multimedia Presentation Equipment, Supplies and Services – Audio, Video, Display, and Photographic Equipment, plus peripherals, supplies, and accessories.

Financial Services (FIN)

ITC83 IT Asset Lease Services – Lease terms of up to five years for various IT equipment, including Desktop and Laptop Computers, Networking and Telecommunications Equipment, and Multifunction Devices, for example.

Software and Services (ITS)

[ITS60](#) Cloud Solutions – Cloud Solutions and Related Services, including Installation, Implementation, Customization, Training, Support, and Maintenance. Cloud Solutions comprise Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS).

[ITS64](#) Oracle Software and Services – Oracle Software and Services, including premise-based and Software as a Service (SaaS), and Professional Services, such as Consulting and Training.

[ITS78](#) Data and Cybersecurity – Selection of experienced and qualified vendors to address all facets of Cybersecurity, including Baseline Assessments, Planning, Solutions Implementation, and Breach Remediation.

[ITS80](#) Information Technology Independent Research Services – Subscription-based online access to objective IT research and market analysis, including technology trends and forecasts. Some subscriptions include access to analysts who may assist in locating and interpreting data to answer specific questions.

[ITS81](#) Project Services and GIS – Professional services to perform fixed price, deliverables-based IT projects, including Software Development, Systems Planning, and Project Management, and Geographic Information Systems (GIS) projects, including Implementation Planning, Application Development, and Web Hosting.

[ITS82](#) IT Accessibility Services – Information Technology professionals to ensure the accessibility of Information and Communication Technologies (ICT). Services include Testing Websites and Applications, Assessing and Fixing Accessibility Issues, and Accessibility Requirements and Techniques Training.

[ITS86](#) Software and Services – Software includes Commercial Off-the-Shelf (COTS), Software as a Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Installation, Implementation, Customization, Training, Support, and Maintenance offered.¹

[ITS87](#) IT Staff Augmentation – Access to Information Technology labor skills on a temporary basis. Skillsets include Application Architect/Developer; Business Analyst; Cloud Architect/Engineer; GIS; Project Manager, Web Designer/Developer, among others.²

[ITS88](#) IaaS, PaaS, and Related Cloud Services – Enterprise cloud hosting, managed services, professional cloud services, and co-location/private cloud solutions.

¹ITS86 launched 4/1/2026. Buyers may use ITS86 or may use the predecessor contract, [ITS75](#), through 6/30/2026.

²Buyers may use ITS87 or may use the predecessor contract, ITS77, through 6/30/2026. ITS77 offers extend beyond language through 6/30/2027.

Telecommunications and Networking (ITT)³
