    Pondville Correctional Center ..... 16

    Souza-Baranowski Correctional Center ..... 17

### About This Data

- Statistics and demographics are reported for the total facility count; sentence information for criminally sentenced population only.
- Information is obtained from data entered in the Massachusetts Department of Correction's (MA DOC) Inmate Management System (IMS) and is compiled by the Research and Planning Division. Operational capacity includes general population bed capacity within each facility. This does not include beds utilized for discipline, investigations, infirmary or any other support beds used for special purposes.
- MCI-Framingham is the only facility designated for female individuals; all other Department of Correction (DOC) facilities house male incarcerated individuals (I/I) exclusively.
- Length of Stay (LOS): Institutional length of stay (LOS) is the number of days between January 1, 2026, and the most recent transfer date to the given facility or the most recent break in custody. Temporary visits to hospitals, courts or temporary holds are not considered a break in custody. This represents the average number of days an Incarcerated Individual has been housed in the noted facility as of January 1, 2026.
- The population breakdowns for **Bridgewater State Hospital** may not add up to total facility count provided in the MA DOC's Inmate Management System. There are 30 additional Incarcerated Individuals housed within units at Old Colony Correctional Center (BSH Annex Units). They are included in Old Colony's count.
- The population breakdowns for **Massachusetts Treatment Center** may not add up to total facility count provided in the MA DOC's Inmate Management System as the timeframes may be different due to how data is obtained from IMS.
