Instructions for LSP Renewal Applications

Please read these instructions as well as the Board's regulations at 309 CMR 3.06. The Board's regulations can be found at <https://www.mass.gov/lists/licensed-site-professional-lsp-statutes-and-regulations>.

You must submit the Renewal Application Form and copies of your Attendance Certification Forms and pay the Renewal Fee of one hundred dollars (\$100) on or before the expiration date of your license. You must have earned thirty-six (36) credits of continuing education, nine (9) of which must be DEP credits.

If you have earned a minimum of 27 continuing education credits but less than the required 36 continuing education credits, you are eligible to request a 90-Day extension. Please contact Board staff at lsp.board@mass.gov if you have any questions.

NOTE: Failure to meet all renewal requirements will result in your license lapsing at the close of business on your expiration date. If your license lapses, you may not act as, advertise as, hold yourself out to be, or represent yourself as a Licensed Site Professional. A person whose license has lapsed may renew his or her license at any time during the following year by meeting all the renewal requirements set forth in 309 CMR 3.06(2), including the payment of the \$100 Renewal Fee. A LSP who fails to renew his or her license within one year of the date of expiration may reapply for licensure by submitting a Limited Licensure Application, paying the \$245 Application Fee, and, if the application is approved, passing the licensing examination.
