

5-21-19

Dear New England Summer School Faculty,

Thank you for registering for Human In Common's *Interrupting Racism* two-day workshop. We look forward to meeting you soon! In order to customize our training material to meet your experiences, questions and needs, please take a moment to complete our anonymous [Pre-workshop Survey](#). Your answers are confidential and will be used only to design our activities and bystander scenarios.

You will see that several of our documents are posted for your review. If you have never received diversity or anti-racism training, or if you could use a brush up, please view our Pre-Workshop Video on Diversity, Equity and Inclusion. Please also check out our [timeline](#) on racism in the U.S.

The other materials you won't need until our workshop (and no worries if you prefer to attend lap-top free – all materials will be posted during the training).

Please don't hesitate to contact me with questions or to let me know of any accommodation needs. My team and I look forward to meeting you!

Best regards,

Deborah
