Contract Summary

This is a multi-state Statewide Contract for software and related services, including installation, implementation, customization, training, support, and maintenance. This contract includes vendors that are Software Resellers, Software Publishers, and Software Implementation Services Providers. Types of software available include Commercial Off the Shelf (COTS) Software, Software as a Service ("SaaS"), Platform as a Service ("PaaS"), and Infrastructure as a Service ("IaaS").

Major differences between ITS75 and the predecessor contract ITS58 include:

- Seven large Software Resellers representing multiple software publishers rather than five vendors
- Direct contracts with select Software Publishers
- Niche Software Resellers specializing in a specific product or defined market segment
- Provisions for PaaS and IaaS (SaaS was already present under ITS58)
- Vendors in all Categories may provide installation, implementation, customization, training, support, and maintenance services using their own staff.

Software Reseller pricing (Categories 1 & 2) is based on the invoice paid by the Software Reseller to the Software Publisher, with a percentage markup or markdown. Pricing for Software Publishers (Category 3) and Implementation Services Providers (Category 4) is based on a percentage discount from the vendor's Enterprise Price List and/or a Rate Card for hourly rates.

Buyers may negotiate additional discounts.

Contract Categories

This contract includes four categories as listed below.

Category 1:	Software Resellers
Category 2:	Niche Software Resellers
Category 3:	Software Publishers
Category 4:	Software implementation Services Providers

Benefits and Cost Savings

Statewide contracts are an easy way to obtain benefits for your organization by leveraging the Commonwealth's buying power, solicitation process, contracting expertise, vendor management and oversight, and the availability of environmentally preferable products.

- Covers nearly all software available on the market
- Software resellers, publishers, and implementation services under one Statewide Contract
- Competitive pricing made possible by multi-state buying power
- Prompt payment discounts from several vendors

Who Can Use This Contract

Applicable Procurement Law

Executive Branch Goods and Services: MGL c. 7, § 22; c. 30, § 51, § 52; 801 CMR 21.00;

Eligible Entities

Please see the standard list of Eligible Entities on our [Eligible Entities Which May Use Statewide Contracts](#) webpage. In addition, the states of Connecticut, Maine, Rhode Island, and Vermont participated in this procurement and are eligible users.

Supplier Diversity Requirements

When selecting vendor(s) without soliciting quotes or a statement of work, Executive Departments should follow below guidance:

When selecting contractors and placing orders, Executive departments shall utilize diverse and small businesses to the extent possible based on contract terms, SDO and departmental policies, laws, and regulations. Additionally, departments shall make a preference for contractors with higher SDP commitments and/or performance whenever such information is available (or is requested from contractors by the department) and the preference is feasible.

OSD provides up-to-date information on the availability of diverse and small businesses on statewide contracts through the [Statewide Contract Index](#) available on the COMMBUYS home page. See the "Programs (SDO and SBPP)" tab for current certification and small business status of contractors on this contract.

When selecting vendor(s) from multiple quotes and statement of work, Executive Departments should follow below guidance:

Requirements of the Small Business Purchasing Program for Small Procurements (expected annual value of \$250,000 or less) or the Supplier Diversity Program for Large Procurements (expected annual value exceeding \$250,000) apply to Executive Departments soliciting quotes or issuing statements of work.

Small Business Award Preference: In accordance with the Supplier Diversity Office's SBPP Policy, Departments must award contracts for Small Procurements to SBPP-participating small business bidders if both of the following conditions are met:

- The response is received from an eligible small business; AND
- The response meets the Department's best value criteria as defined in the RFR or RFQ.

SDP Commitment: Businesses awarded large Commonwealth contracts for goods and services (also called prime contractors or prime vendors) are required to make measurable financial commitments to do business with one or more diverse businesses (often called SDP Partners). This business-to-business relationship requirement applies to all Large Procurements for goods and services, which were historically defined as those expected to exceed \$150,000 in total spending. Effective July 1, 2021, Large Procurements will be defined as those expected to exceed \$250,000 in annual spending.

Executive departments should take into consideration contracted vendors SDP commitments when evaluating responses. Specifically, the following fields of the new SDP Plan Form correspond to the goals stated above:

Type of information collected from bidders	Possible use of the information by the SST
SDP focus statement	Assess the bidder's level of integration of supplier diversity into company operations.
SDP policy link or attachment (if any)	
Additional creative initiatives (if any)	
SDP commitment – subcontracting	Evaluate the bidder's SDP commitment.
SDP commitment – ancillary	
SDP commitment – total	
List of proposed partners	Assess the likelihood of the bidder meeting their SDP commitment.
Company prior year spending with the list of partners (if available)	
Company average gross annual revenue	If deemed necessary by the Agency or Statewide Contract Strategic Sourcing Team (SST) and included in the evaluation criteria, consider the bidder's company size during the evaluation of the ancillary SDP commitments and total prior year spending.

Key Evaluation Requirements

The following key requirements apply to the evaluation of submitted SDP Plans:

- At least 25% of the available evaluation score must be dedicated to the evaluation of the bidder's SDP Commitment.
- The majority of the SDP evaluation score should be dedicated to the bidder's SDP commitment.
- bidders offering more value in their SDP Plan submissions must receive higher scores.

Other Requirements:

Expected annual value of the RFQ	RFQ process requirements
Less than or equal to \$250,000/year	<ul style="list-style-type: none"> • Notify at least two small businesses capable of providing the product or service of the opportunity, if available. • Include SBPP contract language and place it prominently within the RFQ. See SDO Template Language. • Evaluate bids received from, and award a contract to, an SBPP-participating small business that meets the department's best value criteria. • Award to a large business only if there is no SBPP participating in business meeting departments' best value criteria. • Conduct a clarification/BAFO/negotiation before disqualifying an SBPP-participating business based on price or desirable criteria.

Pricing, Quote and Purchase Options

Purchase Options

The purchase options identified below are the only acceptable options that may be used on this contract:

- Licenses will be acquired by outright purchase, subscription, lease purchase or term lease. Lease purchase and term lease are allowable only for Eligible Entities whose rules and regulations permit leasing of software. Term leases (where the Eligible Entity must return the software at the end of the lease) are permitted only in conjunction with term leases of hardware, where the leased software runs on the leased hardware. For leases, the Eligible Entity will be responsible for obtaining financing via a third-party leasing company in accordance with the procurement laws and regulations governing the Eligible Entity. The third-party leasing company will pay the ITS75 vendor.
- This is a fee for service contract

Executive Departments and other Commonwealth network users must request approval from EOTSS to use ITS75 for specific purchases:

- on-premises software: no approval required
- software as a service (SaaS) and related services: no approval required, provided that all purchases comply with the following guidance: See ["ITS75 Purchasing Guidelines"](#)

NOTE: Contract User Guides are updated regularly. Print copies should be compared against the current version posted on mass.gov/osd.

3. infrastructure-as-a-service (IaaS), platform as a service (PaaS), and related services: EOTSS' approval is required. Prior to issuing an RFQ, submit a description of the intended purchase including the specifications, functionality, number of users, and anticipated costs to EOTSS via eotss-its75requests@mass.gov.

Pricing Options

- **Ceiling/Not-to-Exceed:** Contract discounts and other pricing published under the contract represents "ceiling" or "not-to-exceed" pricing and may be further negotiated.
- **Percentage markup or markdown of the price paid by the Software Reseller:** Contract pricing for vendors in Category 1: Software Resellers and Category 2: Niche Software Resellers is a specified discount off or markup of the price the Reseller pays the software publisher or provider. This includes software implementation services provided by a Publisher and sold by the Reseller. Because the cost to the Software Reseller may vary depending on agreements with the Software Publisher, the lowest markup shown in the pricing sheets will not necessarily result in the best price. For this reason, contract Users should always seek quotes from multiple Resellers.
- **Discount off the Vendor Enterprise Price List:** Contract pricing for vendors in Category 3: Software Publishers is a specified discount off the vendor Enterprise Price List.
- **Hourly rates for services:** Vendors in all categories may provide software implementation services using their own staff based upon the rate cards published in the vendor pricing sheets.

Product/Service Pricing and Finding Vendor Price Files

Actual product pricing is not shown in the vendor price files. Particularly with respect to Category 1: Software Resellers, there are thousands of products, all subject to price changes from the Software Publishers. ITS75 Resellers are NOT limited to reselling the products shown in their price files or on their websites - if the product of interest to you does not appear on the website, ask the Software Reseller for a quote. Because of the large number of available products, some Software Resellers limit those listed on their websites to the most popular products. Also, even if a Reseller is not currently able to resell the product you wish to obtain, generally they can establish a relationship with the Software Publisher and add it to those they can resell.

Setting Up a COMMBUYS Account

COMMBUYS is the Commonwealth's electronic Market Center supporting online commerce between government purchasers and businesses. If you do not have one already, contact the COMMBUYS Help Desk to set up a COMMBUYS buyer account for your organization: (888)-627-8283 or OSDhelpdesk@mass.gov.

When contacting a vendor on statewide contract, always reference ITS75 to receive contract pricing.

Quick Search in COMMBUYS

Log into COMMBUYS and use the Search box on the COMMBUYS header bar to locate items described on the MBPO or within the vendor catalog line items. Select Contract/Blanket or Catalog from the drop-down menu.

How To Purchase From The Contract

- **Solicit quotes and select and purchase quoted item in COMMBUYS**

This COMMBUYS functionality provides a mechanism to easily obtain quotes, as specified by the Contract. The buyer

would create a Release Requisition, and then convert it to a Bid. After approval by the buyer approving officer, the bid is then sent to selected vendors to request quotes. Buyers must include “ITS75 RFQ” when entering information in the Description field.

For a description of how to complete this purchase in COMMBUYS, visit the [Job Aids for Buyers](#) webpage, and select:

➤ The *COMMBUYS Purchase Orders* section and choose the *How to Create a Solicitation Enabled Bid Using a Release Requisition* job aid or one of the quick reference guides.

- **Directly purchase a non-fixed price item (\$0 line item) through COMMBUYS**

This may be done if you do not need to solicit a quote, for example, if the Reseller has automatically sent you a quote for maintenance renewal or if you obtained product pricing from the vendor's ITS75-specific website.

See “Obtaining Quotes” regarding situations where quotes are required.

For a full description of how to complete a requisition in COMMBUYS visit the Job Aids for Buyers webpage, and select:

➤ The *COMMBUYS Purchase Orders* section and choose the *How to Create a Requisition and Purchase Order (Contract Purchase)* job aid.

- **Establishing a Purchase Order for Partial Payments**

In these cases, enter the PO for the full amount (known or estimated), as per the instructions above, and process partial receipts as you receive billing from the vendor. In such purchase orders insert the following language in the special instructions box of the PO: “This Purchase Order represents the total estimated expenditure for this ITS75 engagement (insert brief description), against which (identify department) will execute partial receipts in COMMBUYS upon receipt and approval of invoices, in order to record the work accomplished according to the agreed upon engagement terms. All estimated expenditures are subject to reconciliation based on invoices rendered for agreed-upon delivery of goods and/or services.”

Attach your Purchase Order to the “Attachments” tab of your requisition.

Obtaining Quotes

Contract users should always reference ITS75 when contacting vendors to ensure they are receiving contract pricing. Quotes, not including construction services, should be awarded based on best value.

For a full description of how to complete a quote in COMMBUYS visit the [Job Aids for Buyers](#) webpage, and select:

➤ The *COMMBUYS Purchase Orders* section and choose *Request Quotes From Vendors on Statewide Contracts* job aid.

Include the following statement on your Purchase Order: “All of the terms and conditions of Statewide Contract ITS75 are incorporated herein and made a part hereof. Conflicting terms, conditions or agreements included in or attached to this form, or accepted via a click-through agreement, shall be considered to be superseded and void.” If the Software Publisher has provided any documents that the Eligible Entity must sign or otherwise accept, or if the Eligible Entity and the Software Publisher have negotiated any other written agreement, the Software Publisher must provide these to the Reseller and the Reseller must include them in their Quote.

For orders for a particular brand of software over \$5,000, Eligible Entities must seek quotes from at least three of the seven Software Resellers. Quotes obtained from the websites are acceptable; for items not in the on-line catalog, Eligible Entities must request quotes from the Software Resellers. Eligible Entities are not required to accept the lowest quote, but if they do not the reason must be documented in the procurement file.

It is not necessary to wait for quotes to be received from all resellers from whom quotes have been requested. Quote requests posted in COMMBUYS must allow at least four hours to respond but do not have to allow more than four hours.

If a product or service cannot be provided by any of the Resellers and is not available through any of the Category 3 Software Publishers, then the product is considered to be unavailable under Statewide Contract. In that case, you may procure it via whatever method is required based on the scope of the purchase. To determine the procurement method, State Agencies may consult Appendix D of the Best Value Procurement Handbook; other entities must consult their own procurement regulations. Your procurement file must document that you requested quotes from the Software Resellers and include their responses, if any, OR may include instead a letter or email from the Software Publisher explicitly stating that the Software Publisher does not allow any of the Software Resellers on ITS75 to resell their products.

It is not necessary to request multiple quotes for maintenance renewals or for Microsoft software or for products from software publishers in Category 3.

Instructions for MMARS Users

MMARS users must reference the MA number in the proper field in MMARS when placing orders with any contractor.

Contract Exclusions and Related Statewide Contracts

There is one Statewide Contract for software with the Software Publishers directly rather than through ITS75: ITS64, Oracle. Oracle software may not be obtained through ITS75. ITS60, the Cloud Solutions contract, also offers Software as a Services (SaaS), Platform as a Service (PaaS), and Infrastructure as a Services (IaaS), and may be included in applicable quote requests.

Emergency Services

Many statewide contracts are required to provide products or services in cases of statewide emergencies. [ML - 801 CMR 21](#) defines emergency for procurement purposes. Visit the [Emergency Response Supplies, Services and Equipment Contact Information for Statewide Contracts](#) list for emergency services related to this contract.

Shipping/Delivery/Returns

Shipping Charges: None, unless expedited shipping is ordered by the Eligible Entity

Additional Information/FAQs

Other Discounts

- **Prompt Pay Discounts:** A discount given to the buyer if paid within a certain time period. These discounts may be found in the [Vendor List and Information](#) section below. All discounts offered will be taken in cases where the payment issue date is within the specified number of days listed by vendor and in accordance with the Commonwealth's Bill Paying Policy. Payment days will be measured from the date goods are received and accepted / performance was completed OR the date an invoice is received by the Commonwealth, whichever is later to the date the payment is issued as an EFT (preferred method) or mailed by the State Treasurer. The date

of payment “issue” is the date a payment is considered “paid” not the date a payment is “received” by a Contractor.

If the Needed Product Can Not be Found

If a product or service cannot be provided by any of the Resellers or Publishers and is not available through any other Statewide Contract, then the product is considered to be unavailable under Statewide Contract. In that case, you may procure it via whatever method is required based on the scope of the purchase. To determine the procurement method, State Agencies may consult Appendix D of the Best Value Procurement Handbook; other entities must consult their own procurement regulations. Your procurement file must document that you requested quotes from however many Software Resellers and include their responses, if any, OR may include instead a letter or email from the Software Publisher explicitly stating that the Software Publisher does not allow any of the Software Resellers on ITS75 or ITS60 to resell their products.

Performance and Payment Time Frames Which Exceed Contract Duration

All term leases, rentals, maintenance or other agreements for services entered into during the duration of this Contract and whose performance and payment time frames extend beyond the duration of this Contract shall remain in effect for performance and payment purposes (limited to the time frame and services established per each written agreement). No written agreement shall extend more than 24 months beyond the current contract term of this Statewide Contract as stated on the [first page](#) of this contract user guide. No new leases, rentals, maintenance or other agreements for services may be executed after the Contract has expired.

Contract User Guide for ITS75

Appendix A: Category Descriptions

Category 1, SOFTWARE RESELLERS

Large account resellers are authorized to sell products directly from multiple key software publishers or authorized distributors.

Category 2, NICHE SOFTWARE RESELLERS

Software Resellers that specialize in the sale of one specific product, a small market segment of products, or an aligned grouping of products.

Category 3, SOFTWARE PUBLISHERS

Software publishers and Cloud Services providers. As distinct from resellers of software or cloud services, these vendors must own the software or cloud services they are offering.

Category 4, SOFTWARE IMPLEMENTATION SERVICES PROVIDERS

Services include technical design, implementation, integration, installation, configuration, customization, training, documentation, maintenance, support, and cloud migration and monitoring. Software sales are not allowed under this category.
