Dear Mr. Buck:

The Board of Registration in Pharmacy (Board) has reviewed the MPRS assessment results completed as requested by the Board relating to your request for re-registration as a pharmacy intern.

Please be advised that after review of the above reference matters and with continuing concern regarding your personal conduct while you were previously registered as a pharmacist intern, the Board has determined to again issue you a Massachusetts Pharmacist Intern Registration on PROBATIONARY status that until such time as you are awarded a doctorate of pharmacy degree by Massachusetts College of Pharmacy and Health Sciences (MCPHS). No intern hours accumulated under your previous intern registration may be utilized for licensure as a pharmacist in any jurisdiction. The Board will periodically review your intern registration status and you may be required to appear before the Board or provide information as requested by the Board while you are registered as an intern.

You are required to IMMEDIATELY notify the Board by telephone (Office of Public Protection/ Pharmacy Investigator 617 973 0888) and in writing at the address above if you are terminated from MCPHS. If you are determined to be a student not in good standing at MCPHS or in violation of any of the statutes or regulations pertaining to licensure and practice of pharmacy in

the Commonwealth, please be advised that the Board will take immediate action regarding your Pharmacist Intern Registration No. PI PI155004.

Upon your graduation from MCPHS and the filing of an application for licensure as a pharmacist in the Commonwealth, you will be required to provide a letter of reference from the MCPHS Office of the Dean of Students relating to your application for licensure and your disciplinary record at MCPHS. You will also be required to disclose the probationary status of your Massachusetts internship to any other jurisdiction that you may file an application for licensure upon graduation.

The Board advises you of its continuing concern regarding your ability to practice pharmacy and conduct your personal affairs in a manner that comports with professional practice standards. Any future personal or professional conduct that does not meet the standards expected by the Board will be considered by the Board as indicative that you do not meet the qualifications for licensure in the Commonwealth.

By your signature below, you acknowledge and agree to the terms by which the Board will again issue you an intern registration.

Very truly yours,

Stanley B. Walczyk, R.Ph.  
President
