John Bispo  

Re: Request for Reconsideration of *Application for Pharmacy Technician Registration*

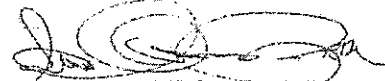

Dear Ms. Bispo:

The Board of Registration in Pharmacy (Board) is in receipt (August 26, 2011) of your letter (undated) requesting the Board to reconsider the denial of your *Application for Pharmacy Technician Registration* (August 16, 2011).

At the Board meeting on this date, the Board reviewed and discussed your letter and your application file. Please be advised that the Board did **not** revise its prior vote denying your application for registration as a pharmacy technician. As noted in the Board's August 23, 2011 letter, the Board finds your felony conviction to be a basis for denial of your application.

By copy of this letter, the Board is notifying your employer that your employment as a pharmacy technician trainee must cease since your registration application, after reconsideration, has been denied by the Board.

Very truly yours,

Stanley B. Walczyk, R.Ph.  
President

cc: Judy Correia, R.Ph., Director of Pharmacy Services, Morton Hospital & Medical Center,
