

John W. Buress, MD, MPH, FACOEM

Dr. John Buress completed his undergraduate studies and medical school at the University of Kentucky. He attained his Masters of Public Health and completed his clinical fellowship in Occupational and Environmental Medicine at the Harvard School of Public Health after his Family Medicine Residency in Greenville, SC. Dr. Buress is passionate about providing excellent care and resources up front to injured/ill workers to best avoid chronicity. After 10 years serving as Medical Director at Boston Medical Center's Department of Occupational and Environmental Medicine, in 2015 Dr. Buress created OccMed Consulting and Injury Care, LLC, an innovative value proposition practice that serves heavy industry in the Boston area including roughly \$8 Billion in ongoing construction projects.

Dr. Buress also provides disability management consultation to several government agencies and organizations. This expertise combined with his strong clinical acumen along with a love of writing have facilitated a growing IME practice in NH and MA.

Dr. Buress contributes to a number of professional organizations. In addition to serving as Co-Chair of the Mass DIA Health Care Services Guideline Committee, Dr. Buress serves as Vice-Chair Mass Medical Society of Public Health Committee.

Dr. Buress is an outdoor enthusiast and avid endurance athlete. True to his agrarian roots, he keeps about 30 chickens for eggs, raises goats, and serves on the Board of his town's community farm.
