Description of Organization	
11.	<i>Briefly</i> describe your organization.
	<p>Jordan Hospital, Inc. ("Jordan Hospital") is an acute care hospital controlled by its sole member and parent, The Jordan Health Systems, Inc. ("JHS"), a Massachusetts charitable corporation. Jordan Hospital and JHS have mirror Boards of Directors that currently consist of 14 elected members and two voting <i>ex officio</i> members, the President of Jordan Hospital and JHS and the President of the Jordan Hospital Medical-Dental Staff. Jordan Hospital is currently licensed by the Department of Public Health of The Commonwealth of Massachusetts for a total of 155 beds, which include 106 medical/surgical beds, 5 pediatric service beds, 12 obstetrics service beds, 13 intensive care unit/coronary care unit beds, and 19 psychiatric service beds. In addition to the main hospital site, Jordan Hospital operates four satellite locations, including Jordan MRI at Duxbury, Jordan Hospital Rehabilitation Center, Jordan Hospital Rehabilitation Center at The Pine Hills, and Jordan Hospital Imaging at The Park.</p>

Material Change Narrative			
14.	Briefly describe the nature and objectives of the proposed material change:		
	<p>JHS is the sole corporate member of a hospital and a provider: Jordan Hospital and Jordan Physician Associates, Inc. ("JPA"). JHS also controls Jordan Community ACO, Inc. ("JCACO") through a class of directors serving on JCACO's board. The proposed material change will result in Beth Israel Deaconess Medical Center, Inc. ("BIDMC") becoming the sole corporate member of Jordan Hospital (replacing JHS in that role) and the sole corporate member of JHS. As a result, JPA will be an indirect subsidiary of BIDMC and JCACO will be indirectly controlled by BIDMC (the "Affiliation"). The Affiliation will allow Jordan Hospital, as an affiliate of BIDMC, to receive clinical, administrative and IT support to benefit local healthcare services in Jordan Hospital's service area. This includes physician specialist coverage and other clinical and administrative services from the Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center, Inc. ("HMFP") under the existing affiliation between BIDMC and HMFP. By combining the clinical services offered at Jordan Hospital with the additional clinical expertise and resources of BIDMC and its affiliates, including HMFP, the Affiliation will further the organizations' common charitable missions and purposes of promoting the health of the communities they serve. More specifically, the Affiliation includes the following elements:</p> <p><u>Primary Care:</u> The organizations will seek to optimize the provision of primary care in Jordan Hospital's service area and will collaborate to improve the quality and cost of primary care delivered to patients in the service area, in part through expansion of the primary care physician base in the Jordan Hospital service area.</p> <p><u>Specialty and Sub-Specialty Care:</u> The organizations will evaluate the specialty and sub-specialty care needs of the populations and communities served by Jordan Hospital and identify and implement service options to meet these needs. In doing so, a primary objective will be to equitably serve the health care needs of Jordan Hospital patients within their own communities. The organizations will co-recruit physicians in certain specialties, and the organizations anticipate that BIDMC and HMFP will provide certain specialty and sub-specialty services to Jordan Hospital patients in the community in areas yet to be determined.</p> <p><u>Medical Professional Development:</u> The organizations will coordinate Harvard Medical School faculty appointments for Jordan Hospital physicians in certain departments and will also share certain professional development resources.</p> <p><u>Health Care Quality:</u> The organizations will broadly collaborate in health care quality initiatives and quality assurance processes.</p> <p><u>Community and Provider Education:</u> Through co-branding and other means, the organizations will work together to alert patients, providers and the larger communities served to the new care collaboration efforts.</p> <p><u>Electronic Medical Records:</u> BIDMC and Jordan Hospital intend to establish bi-directional access to the respective electronic medical records of patients seen by both organizations in order to enhance the coordination of care.</p>		

	<p>The organizations will continue to separately negotiate contracts with commercial health insurers. Jordan Hospital and JPA, however, will participate in Beth Israel Deaconess Care Organization (“BIDCO”), an accountable care organization. It is expected that this relationship will begin January 2014. A separate filing further describing Jordan Hospital’s and JPA’s participation in BIDCO will be made by Jordan Hospital.</p> <p>Additionally, simultaneously with the Affiliation described above, Jordan Hospital will enter into a clinical affiliation agreement with Atrius Health, Inc. (“Atrius”) under which the Atrius medical groups will designate Jordan Hospital as a preferred community hospital. Atrius is expected to separately provide notice of this proposed clinical affiliation with Jordan Hospital.</p>
15.	<p><i>Briefly describe the anticipated impact of the proposed material change:</i></p>
	<p>Jordan Hospital, BIDMC and Atrius will become more clinically aligned in order to improve care for our patients and communities. The organizations’ shared goal is to provide high quality, cost effective care in the most appropriate setting. The organizations will work to enhance and expand the range of services offered locally by Jordan Hospital. When tertiary or quaternary-level care is needed in an academic medical center setting, this relationship could result in a greater number of patients from the Jordan Hospital communities being served by BIDMC than is presently the case.</p> <p>The Jordan Hospital Board of Directors will continue to exercise local control over Jordan Hospital's operations, subject to the reserved powers of BIDMC as the sole member, thus fulfilling the responsibilities of the governing board pursuant to the requirements of the Department of Public Health, Board of Registration in Medicine and The Joint Commission while providing the benefits of the affiliations.</p>

Development of the Material Change	
16.	<p>Describe any other material changes you anticipate making in the next 12 months:</p>
	<p>Jordan Hospital does not anticipate making any other material changes in the next 12 months.</p>
17.	<p>Indicate the date and nature of any applications, forms, notices or other materials you have submitted regarding the proposed material change to any other state or federal agency:</p>
	<p>Simultaneously with the filing of this application, Jordan Hospital and/or BIDMC will file a notice with the Department of Public Health and the Public Health Commission, the Division of Medical Assistance (MassHealth), and the Office of the Attorney General, the Center for Health Information and Analysis, as required. BIDMC and Jordan Hospital also will file a Hart-Scott-Rodino application with the U.S. Department of Justice and the U.S. Federal Trade Commission.</p>
