HSN ALL-BU-7

Certain Inpatient Claims Pricing at Zero

The Health Safety Net is transitioning from an Optum to a 3M inpatient pricing grouper.

Inpatient claims which were billed with a valid DRG will initially be priced at the National Average Payment (NAP). These claims will be reprocessed and repriced when HSN fully transitions to the 3M MS-DRG grouper.

Inpatient claims billed without a valid DRG will remain priced at zero until HSN fully transitions to the 3M MS-DRG grouper. These claims will be reprocessed and priced once the HSN 3M grouper is fully operational. Providers that wish to rebill their inpatient claims priced at zero and initially billed without a DRG, may resubmit their claims with a TOB code 07 (replacement) and add a valid DRG for pricing at the National Average Payment (NAP). These claims will be reprocessed and repriced when HSN fully transitions to the 3M MS-DRG grouper.

Please note, inpatient claims do not need a valid DRG code to process. HSN is only using the DRG to manually price inpatient claims as we transition to the 3M MS-DRG grouper.

HSN Bad Debt Application

Effective September 1, 2023, the HSN's Special Circumstances Application will continue to be utilized by providers for submission of applications for Medical Hardship (MH), Confidential (CA) and **Inpatient Bad Debt (BD)** claims. MH, CA, and **Inpatient BD claims** submitted without an application on file will not be processed for payment. Application ID's must be coded on MH, CA, and **BD claims** in accordance with current HSN requirements.

MassHealth claims cannot be processed unless submitted with a valid MMIS ID. To process MH, CA, and **Inpatient BD claims**, a referred eligibility process will occur where the HSN will report back to providers, via INET a Referred Eligibility Report listing an MMIS ID assigned to an individual that must be coded on a claim. Referred Eligibility Reports may be downloaded from the HSN INET. If a patient has an existing MMIS ID, providers should submit claim(s) (once the application has been approved) with the existing MMIS ID. Once an MMIS ID is assigned, members can be looked up in EVS via member id or name / date of birth.

If your organization utilizes a billing intermediary, please ensure that the BI is informed of the above-mentioned information to avoid claim denials.

Any questions, please contact the HSN helpdesk at hsnhelpdesk@state.ma.us.

Partial Deductible

Effective June 15, 2021, with the end of Commonwealth's Public Health Emergency, the flexibility permitting Health Safety Net providers from not collecting Partial deductibles ended. HSN providers must collect partial deductibles and bill in accordance with all applicable regulations as 101 CMR 613.000 and 101 CMR 614.000.

HSN 837P Partial Claims Inpatient and Outpatient (updates highlighted below): Required with Plan Name of Partial Data Elements of:

- Patient Paid Amount Code (Loop 2300 AMT01) = F5, and
- Patient Paid Amount (Loop2300 AMT02) >=0, and
- Terms Discount (Loop 2300 K3) = MAHSN20\$####.## OR MAHSN100

For 837P claims, providers should report the remaining HSN Deductible Amount that has yet to be paid by a patient on the Terms Discount (Loop 2300 K3) segment using the following:

- If patient has not met their HSN deductible, please report MAHSN20\$####.##
- If a patient has met their HSN deductible, please report MAHSN100.

Denial and Warning Edit will indicate the following message:

- Partial Claim missing required reporting data elements

HSN 837I Partial Claims:

Required with Plan Name of Partial Data Elements of:

- Value Code Information Qualifier Code (Loop 2300 HI##-01) = BE and
- Value Code Information Code (Loop 2300 HI##-02) = FC and <-Patient Prior

payments

- Value Code Information Amount (Loop 2300 HI##-05) \geq 0, and
- Value Code Information Qualifier Code (Loop 2300 HI##-01) = BE and
- Value Code Information Qualifier Code (Loop 2300 HI##-02) = D3 and <- Estimated Responsibility Patient
- Value Code Information Amount (Loop 2300 HI##-05) \geq 0

For 837I claims, providers should report remaining HSN Deductible Amount that has yet to be paid by a patient using Value Code D3. If a patient has met their HSN deductible, Value Code D3 should be reported as 0.

Any Patient Paid Amount should be reported using Value Code FC.

Disposition Code U

In the SBR segment of your 837, providers are instructed to not use code “U” in the cde_payer_responsibility field. Doing so will cause your claims to deny in MMIS.

Fiscal Year (FY) 2021 Closing

Providers are reminded that Fiscal Year 2021 will be closing on September 30, 2023. Any claims or corrections for FY21 must be completed before the fiscal year is closed. Any claims with a FY21 date of service submitted for processing after September 30, 2023 will be denied by the Health Safety Net (HSN) for submitting after the fiscal year closure date.

Updated HSN Portal Agreements

Updated Portal Agreements will continue to be used through the Fall/Winter 2023 for Health Safety Net (HSN) as we will be replacing the self-service application INET with the OnBase Provider Portal. Prior to replacing INET, HSN would like to proactively set up potential users within the updated OnBase system. Attached please find the updated HSN Provider Notice with revised deployment dates, the updated HSN User Agreement and the updated HSN Business Partner Security Agreement. If you have any questions regarding the updated forms, please email HSN-OnBase@mass.gov.

Questions

For any questions about this billing update, please contact the HSN Customer Service line at 800-609-7232 or by email at HSNHelpdesk@state.ma.us.

Attention HSN Providers:

Health Safety Net is reaching out to provide an update on the launch of our new self-service Provider Portal which will be replacing our current INET system.

Our original plan was to launch the system in Spring/Summer 2023. Due to further system refinements that have been identified, the development and deployment is taking longer than expected. We are now anticipating a **Fall/Winter 2023** roll out of the new OnBase Provider Portal.

Health Safety Net is currently compiling the Health Safety Net Partner Portal User Agreements and HSN Business Partner Security Agreements user data that has been submitted thus far. HSN will be reaching out to those who have submitted these documents.

Log-in information will be provided later. The reason for this is that the initial set up process for a “bulk” load of OnBase users will take place. This process will differ for future one off requests once the application has gone live. HSN facilities with questions/concerns please email HSN-Onbase@mass.gov. This email box is monitored and an HSN staff member will get back to you. Please utilize this email rather than contacts you may be familiar with for daily activities. Inquires received will only be forwarded to this email box and to the resources monitoring it. We apologize for any delay in returning messages from some facilities. This effort is very time consuming and is taking longer than expected.

As stated in previous communications, for HSN to ensure that your organization or designated resource has proper Virtual Gateway access to the OnBase application, HSN is requesting information needed from your facility, billing intermediary and/or billing company.

Attached is the current Health Safety Net Partner Portal User Agreement along with the current HSN Business Partner Security Agreement which must be completed by any facility requesting access to the OnBase application. In addition, any facility utilizing a billing intermediary and/or billing company will also need to ensure that the attached documentation is completed accordingly. Please forward the completed documentation to the following email address: HSN-Onbase@mass.gov for processing.

Note: Both the User Agreement and Business Partner Security Agreement documents are only valid on an individual user level. Both documents must be completed for each individual user requesting access to OnBase.

Please ensure to utilize the attached documents provided. Documents currently available on our website are not yet updated but will be later.

Please submit your required documentation no later than September 1, 2023. HSN facilities with questions/concerns please email HSN-Onbase@mass.gov . Please note, outside agencies who have a contract with an HSN facility(s), will need to contact those facility(s) directly with questions or issues due to contract communication restrictions.

Additional communications will be distributed in August/Sept 2023 as more details on the implementation become available.

The Health Safety Net thanks you in advance for your cooperation and patience.

Business Partner Company / Billing Intermediary Name (Please Print) MassHealth Provider ID / Service Location(s) (PID/SL)

Type of Provider Entity (Hospital / Community Health Center) MassHealth Provider ID / Service Location(s) (PID/SL)

This Agreement describes the terms and conditions by which the Data Reporter will submit data through HSN’s website.

Section 1: Definitions

In this Agreement, the following terms have the following meanings:

Agreement Administrator — The person designated by the Data Reporter that will manage User access to HSN Partner Portal for the Data Reporter. This person will request new User accounts and manage existing User accounts.

Data Reporter — Entities required by regulation to report information to HSN.

HSN Partner Portal — HSN’s Internet website that collects information from Data Reporters and allows Users to download reports related to the information submitted.

Patient-Level Data — Data required to be submitted to HSN by regulation that includes patient-level data elements that either solely or in combination with other data elements jeopardize patient privacy and that are protected from disclosure by HIPAA, M.G.L. c. 66A, the Fair Information Practices Act. Patient-level data includes, but is not limited to, detailed information about a person (name, SSN, medical record number, date of birth, etc.).

User — A person authorized by the Data Reporter to submit data to HSN through HSN Partner Portal that has executed an HSN Partner Portal User Agreement and to which HSN has granted access to HSN Partner Portal. A User may be a Data Reporter employee or contractor, or an employee of a Data Reporter contractor or intermediary.

User Agreement — The Agreement executed between Data Reporter and their employee(s) or representative(s) that they are aware and will abide by the terms and conditions of use the Data Reporter agrees to in this agreement. A sample User Agreement attached as Attachment A to provide a basic template.

Section 2: Responsibilities of the Parties

The parties agree as follows:

The Data Reporter will use HSN Partner Portal to submit data to HSN. The Data Reporter will require each User to execute a User Agreement. The Data Reporter will retain the original User Agreement for each User they allow access to HSN Partner Portal. User Agreements must be signed to ensure staff is aware of their security obligations. HSN retains the right to view this agreement upon request. The Data Reporter will notify HSN immediately of any termination of HSN Partner Portal users.

The Data Reporter will authorize access to at least one Agreement Administrator. The Agreement Administrator representing the Data Reporter will authorize access to the HSN Partner Portal only to individuals that need to submit or retrieve data required during the routine course of business. The Data Reporter will institute appropriate password controls for the Data Reporter and will ensure, at a minimum, that each User (i) accesses HSN Partner Portal using only his or her own unique user ID and password, and (ii) will not share this information with any other person. The Data Reporter will immediately notify HSN when a User is no longer authorized to access HSN Partner Portal due to resignation, termination, or breach of a term of this Agreement or the User Agreement or have the Agreement Administrator delete the User account.

HSN will approve access to HSN Partner Portal to each User the Agreement Administrator requests.

Confidential Data Reporting Security Agreement

Data Reporter shall maintain a firewall and constantly run anti-virus software to prevent the input or uploading of any viruses or other disabling or malicious code capable of disrupting or disabling computer hardware or software.

The Data Reporter will retain a copy of any data submitted via HSN Partner Portal sufficient to enable it to resubmit if the original submission is lost or destroyed before it is processed by HSN.

The Data Reporter is solely responsible for the preservation, privacy, and security of data in its possession, including data in transmissions received from HSN. Use of an intermediary shall not relieve the Data Reporter of any risks or obligations assumed by it under this Agreement, or under applicable law and regulations. The Data Reporter agrees:

- (a) not to copy, disclose, publish, distribute, or alter any data, data transmission, or the control structure applied to transmissions, or use them for any purpose other than the purpose for which the Data Reporter was specifically given access and authorization by HSN;
- (b) not to obtain access to any data, transmission, or HSN's systems by any means or for any purpose other than as HSN has expressly authorized the Data Reporter; and
- (c) if the Data Reporter receives data not intended for receipt by the Data Reporter, the Data Reporter will immediately notify HSN to arrange for its return or resubmission as HSN directs. After such return or resubmission, the Data Reporter will immediately delete all copies of such data remaining in its possession.

Each party will take reasonable steps to ensure that the information submitted in each electronic transmission is timely, complete, accurate, and secure, and will take reasonable precautions to prevent unauthorized access to (a) its own and the other party's transmission and processing systems, (b) the transmissions themselves, and (c) the control structure applied to transmissions between them.

Each party agrees to notify the other party immediately upon discovery that an employee or agent, including any User, has breached the Agreement or any provision of this Agreement. Such notification will include the identity of such individuals and the nature of the breach. HSN shall have the right to conduct an audit of Data Reporter during normal working hours to determine if Data Reporter is in compliance with the terms of this Agreement. HSN may terminate this Agreement, and the Data Reporter's

access to HSN Partner Portal, at any time if it determines that the Data Reporter is not in compliance with the terms of this Agreement.

Each party is responsible for all costs, charges, or fees it may incur by transmitting electronic transmissions to, or receiving electronic transmissions from, the other party. Each party will provide and maintain at its own expense the personnel, equipment, software, training, services, and testing necessary to implement the requirements of this Agreement.

This Agreement will expire when the Data Reporter notifies HSN in writing that it will no longer submit to nor should it receive data from HSN Partner Portal, or upon termination by HSN. Termination of this Agreement will not relieve the Data Reporter of its obligations under this Agreement with respect to HSN data received by the Data Reporter before the effective date of the termination.

The signer of this agreement must be legally authorized to sign on behalf of the Data Reporter's company. Preferably, the signer should be the Data Reporter's Chief Operating Officer or Chief Financial Officer.
