Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	<p>Are corporations people? Under our current laws, the answer is yes. As an individual citizen, I disagree that corporations are people. The corporation has been granted the same right to freedom of speech as individual citizens through the Citizens United decision. But is a corporation's freedom of speech taken away with campaign finance laws that limit their contributions? This is the core question that needs to be examined and discussed in a partisan manner.</p> <p>I am a 27 year-old insurance adjuster who works for one of the largest corporations in Boston. While I enjoy my company and the work I do, I realize the impact that big corporations can have on society, whether positive or negative.</p> <p>I feel that I can be an asset to this committee with the combination of my work experience, educational background, and experience in engaging online communities through activism on petition websites such as change.org. In 2017, I created an online petition that garnered over nearly 75,000 signatures in an effort to encourage the Archdiocese of Baltimore to release records they possessed on an accused priest that may have been involved in a separate case.</p> <p>This petition ultimately was not successful in its goal, but I have learned from my experience in creating it. To overturn Citizen's United, I believe activism must start on the internet by engaging interested online communities, and bringing these online communities together through this unique committee.</p>
