**cc:** WIOA State Partners

**From:** Alice Sweeney, Director  
Department of Career Services

**Date:** April 21, 2016

**Subject:** **Launch of WorkforceGPS Announcement**

---

**Purpose:** To notify Local Workforce Boards, One-Stop Career Center Operators and other local workforce partners of the launch of [WorkforceGPS.org](http://WorkforceGPS.org) – the Employment and Training Administration’s (ETA) new technical assistance website, replacing Workforce3One effective immediately. Training and Employment Notice [\(TEN\) 33-15](#) details the key features of WorkforceGPS.org and registration.

**Background:** Advancements in technology and the passage of WIOA have created new demands on the workforce system, and new opportunities to share knowledge and technical assistance. Therefore, ETA is replacing Workforce3One.org, its legacy system, with WorkforceGPS.org, a modern web platform designed to improve the user experience for its customers.

WorkforceGPS is an upgraded platform with capabilities that far exceed those of Workforce3One. It gives the public workforce system, education professionals, and business leaders more effective ways to search, save, and share resources – with improved capability to engage with peers.

## Action

**Requested:** All current registered Workforce3One users will receive an email inviting them to register on WorkforceGPS.org. Once registered, users can take advantage of the MyWorkforceGPS features. Users can also join specific Communities and Collections, sign up for site notifications and newsletters, and start curating their own compilation of saved resources.
