<p>GMC is a Prerequisite for Initial Licensure by Exam, Licensure by Reciprocity, and for Initial APRN Authorization</p>	<p>An applicant must be of “good moral character” for the Board to find the individual to be safe and competent to practice nursing. The GMC standard is created by statute, and it assists the Board in determining whether an individual’s character poses a risk to the public health, safety or welfare and/or to the likely provision by the individual of safe, competent nursing care.</p>
<p>The Burden of Demonstrating GMC is on the Applicant</p>	<p>The applicant must meet this burden by submitting to the Board required documentation of all available pertinent information as to the applicant’s present and past conduct, disciplinary history, and criminal history.</p>
<p>Disclosure of Licensure Disciplinary Actions and Criminal Convictions</p>	<p><u>All</u> licensure disciplinary actions must be disclosed regardless of when they occurred.</p> <p>All criminal convictions (including misdemeanors and felonies) within the past 10 years must be disclosed aside from sexually based offenses which must be disclosed regardless of when they occurred.</p> <p>Motor Vehicle Offenses that <u>do not</u> involve drugs or alcohol are not required to be disclosed.</p>
<p>Any Open Criminal Matter or Licensure Disciplinary Action at the Time of Application will Result in a Determination of Non-compliance</p>	<p>Failure to meet the follow requirements related to a criminal matter or licensure disciplinary action at the time of application will result in a determination of non-compliance with GMC and the application will be denied:</p> <ol style="list-style-type: none"> 1) all court-ordered requirements in connection with all criminal matters involving the applicant have been closed for at least one (1) year; and 2) all requirements imposed by a licensure/certification body in connection with disciplinary action (including probation) are completed and that the license is not subject to any restrictions.
<p>All Applicants Must Self Attest to History of DCF Supported Neglect and/or Abuse Findings</p>	<p>Upon submission of the application, applicants will be required to complete a self-attestation to disclose supported DCF findings of neglect and/or abuse in the past 10 years, aside from sexually based offenses which will have a permanent lookback period. All Applicants will be required to sign the <i>Adam Walsh/CPS Background Record Request</i> form which is an authorization that allows the Board, or its designee, to contact DCF to determine if there have been any supported findings of abuse and/or neglect by the applicant.</p>
<p>Licensees Must Self Attest to History of DCF Supported Neglect and/or Abuse Findings</p>	<p>Upon submission of the renewal application, licensees will be required to complete a self-attestation to disclose supported DCF findings of neglect and/or abuse in the past 10 years, aside from sexually based offenses which will have a permanent lookback period that have occurred since prior licensing date.</p>
<p>There are Permanent and Temporary Exclusions from Licensure and Authorization based upon GMC Determination</p>	<p><u>Permanent Exclusion</u></p> <p>Conduct underlying certain felony convictions will result in mandatory permanent exclusion from the practice of nursing in Massachusetts.</p> <p><u>Examples of such conduct are:</u></p> <ol style="list-style-type: none"> 1) conduct underlying the crimes listed on Attachment A and any other violent crime against any person(s) that involves extreme disregard of human life; 2) trafficking in, or illegally manufacturing, any controlled substance; and 3) exploitation or criminal mistreatment of a vulnerable individual, including a minor, elder and/or person who is disabled.

<p>Case by Case GMC Compliance Evaluation</p>	<p><u>Case by Case GMC Evaluation</u> If an applicant is <i>not</i> permanently or temporarily excluded from licensure or authorization under this Policy, the Board will evaluate any conduct demonstrating an absence of the attributes of GMC to determine whether the conduct:</p> <ol style="list-style-type: none"> 1) poses a risk or threat to the public health, safety or welfare; 2) is of significance to the provision of safe and competent nursing care; and 3) is characteristic of the applicant’s conduct. <p><u>In doing so, the Board will evaluate factors including:</u></p> <ol style="list-style-type: none"> 1) the nature and seriousness of all conduct at issue, including any criminal conviction(s), supported findings by DCF, or disciplinary action(s) by a licensure/certification body; 2) the sufficiency of the applicant’s sustained rehabilitation; 3) the applicant’s age at the time the conduct at issue occurred; 4) the frequency of occurrence of the conduct at issue; 5) how recent the conduct was; 6) any mitigating or aggravating circumstances related to the conduct; and 7) the applicant’s acknowledgment of her or his accountability for her or his conduct and recognition of its significance to nursing licensure and/or APRN authorization.

In addition, the Board will open a complaint based on noncompliance with the GMC requirement against any existing or current temporary Massachusetts nursing license or advanced practice authorization of the applicant.</p> <p><u>Notice and Review of Denial Based on Noncompliance with GMC Requirement</u> The Board will notify any ineligible applicant of its decision to deny licensure or APRN authorization, the reason(s) for the denial, and the opportunity for review of the denial. The Board may also inform the applicant of the requirements, if any, that the applicant must satisfy before the applicant may reapply. The Board shall afford the applicant an opportunity for a hearing where the applicant alleges, and can reasonably substantiate, the existence of specific areas of factual dispute relevant to the determination of his or her Good Moral Character ineligibility under this Policy.</p> <p>If there are no areas of factual dispute, the Board may rely on written submissions in rendering a final decision on review. Judicial review of a Board final decision to deny licensure or authorization may be sought as provided by G.L. c. 30A, § 14.</p>
<p>Timing of GMC Review</p>	<p>The amount of time that is needed for the Board to determine an initial applicant’s compliance with the GMC requirement varies. This evaluation is a case-by-case review requiring documentation be submitted from the applicant and Massachusetts and non-Massachusetts licensure and law enforcement agencies.
