# How to Stretch LiDAR GeoTiff DEMs Downloaded from MassGIS in ArcMap

The image does not contain statistics, so it will appear a single shade of gray.
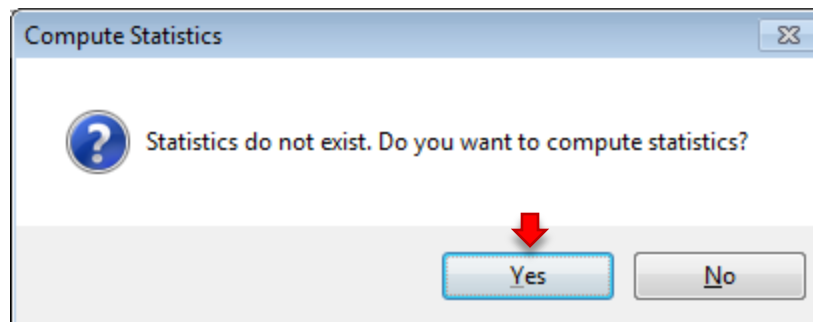

Right-click the image in the Table of Contents and choose **Properties**

In the **Symbology tab** click the **Stretch Type dropdown** and choose a method.
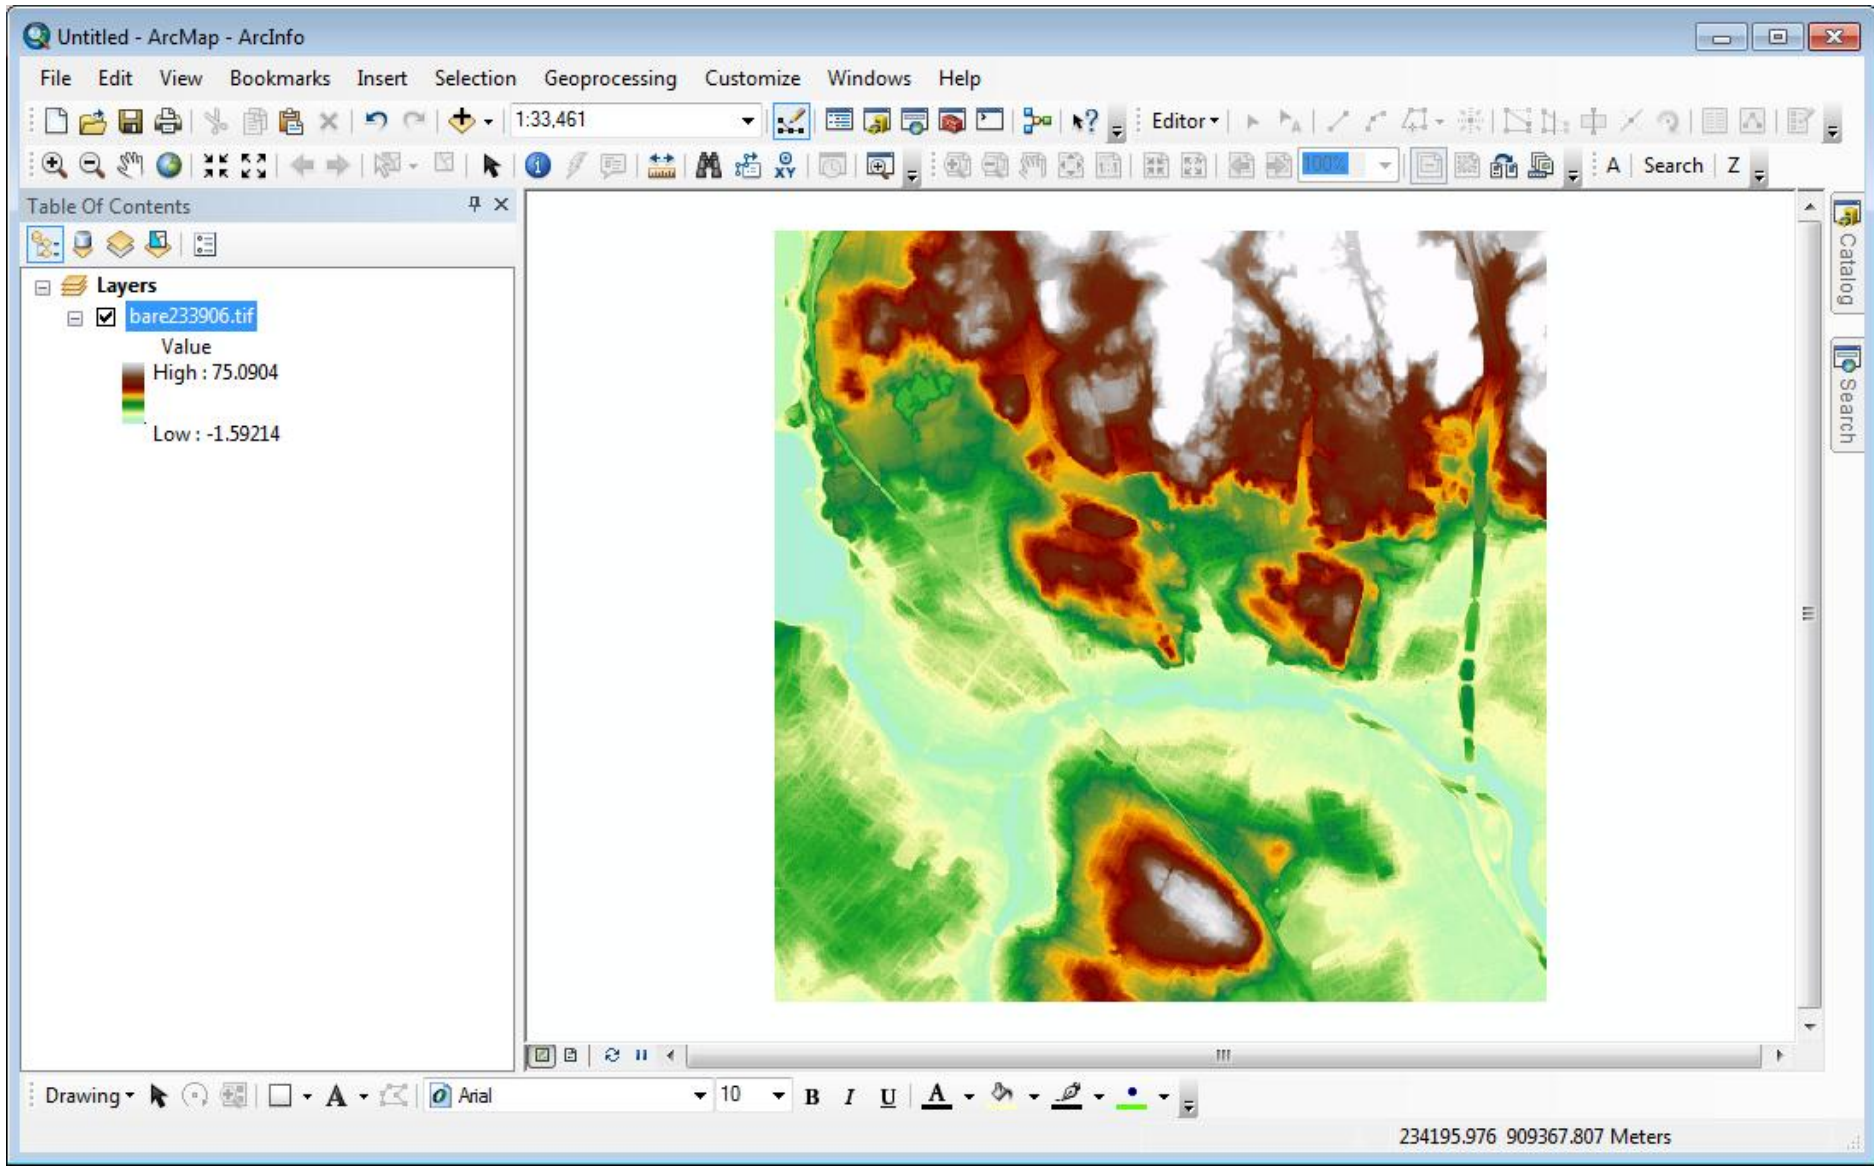

The Compute Statistics message box will appear. Click **Yes**.

Select a **Color Ramp** if desired.

Click **OK**.

The image will then display properly.
