Nothing in this License shall be construed to prohibit Licensee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Cable Division in force and effect during the period for which this Renewal License is granted.

herein. Such relief shall be in writing and in the form of an amendment to this License. The Issuing Authority shall convene a public hearing on the issue within sixty (60) days of Licensee's notification to the Issuing Authority requiring such relief, unless otherwise mutually agreed to. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any existing or future service providers in the Town have been provided relief by the Issuing Authority from any obligation of its cable television license. Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested to justify its belief; provided, however, that the parties' counsels mutually and reasonably deem said information is non-proprietary.

For non-Standard Installations Licensee shall offer said service within ninety (90) days of a Subscriber requesting such for aerial installations and one hundred eighty (180) days, weather permitting, of a Subscriber requesting such for underground installations. With respect to areas of the Town which are currently served by Licensee from a contiguous cable television system or currently unserved but could be served by abutting Town(s) served by Licensee, Licensee shall have the option to serve such areas from its cable television system in such abutting Town.

(b) Installation costs shall conform to the Cable Act. Any dwelling unit within an aerial one hundred fifty (150 ft.) of the Trunk and Distribution Cable shall be entitled to a Standard Installation rate in accordance with applicable federal and state laws. Underground installations are considered non-standard installations. All non-standard installations shall be provided at a rate established by the Licensee in accordance with applicable federal and state laws.

(c) Upon 1) termination of the Federal Franchise and License that Licensee holds with the Air Force to operate and maintain the cable television system at Hanscom Air Force

Base (the "Base"); and 2) upon a final disposition that makes a part of the Base formally a part of the Town of Lincoln in accordance with applicable law; and 3) Licensee has the authority to do so, Licensee agrees to provide Cable Service to residents on the former Base property that is formally ascribed to the Town of Lincoln consistent with Article 3, or through its existing Cable Plant located on the Base.

SECTION 3.2 - SUBSCRIBER NETWORK

Licensee shall maintain a Cable Television System, fully capable of carrying a minimum bandwidth of 750MHz.

SECTION 3.3 - SUBSCRIBER NETWORK CABLE DROPS [SEE M.G.L.C. 166A §5(e)]

(a) Licensee shall continue to provide a single Cable Drop, an Outlet and monthly Basic Cable Service, at no charge to the Town, to each Public Building, public school, police and fire stations, public libraries and other Public Buildings as designated by the Issuing Authority within the Town, listed in **Exhibit A** attached hereto, provided such are considered to be a Standard Installation.

(b) Upon written request by the Issuing Authority, Licensee shall provide one (1) Standard Installation Drop, Outlet and Basic Cable Service at no charge to any new Public Buildings and other Town owned Public Buildings, along the Trunk and Distribution Cable subject to the limitations set forth above. The Issuing Authority or its designee shall consult with a representative of Licensee to determine the mutually agreeable appropriate location for each of such Public Building's respective Outlet prior to requesting that Licensee install service at no charge.

(c) Nothing in this Section shall require Licensee to move existing or install additional Drops or Outlets at no charge to those buildings included in **Exhibit A**, or to move existing or install additional Drops or Outlets to buildings already installed pursuant to subsection (b) above.

(d) It is understood that Licensee shall not be responsible for any internal wiring of such Public Buildings.

SECTION 3.4 - PARENTAL CONTROL CAPABILITY

(a) Pursuant to applicable law, upon request, and at no separate, additional charge, Licensee shall provide Subscribers with the capability to control the reception of any channel on the Cable System.

(b) The Issuing Authority acknowledges that the parental control capability may be part of a converter box and Licensee may charge Subscriber for use of said box.

SECTION 3.5 - EMERGENCY ALERT OVERRIDE CAPACITY

Licensee shall comply with the FCC's Emergency Alert System ("EAS") regulations.

SECTION 3.6 – FIBER TRANSPORT SYSTEM

The Licensee shall maintain the fiber portion of the existing four-site, point-to-point six strand Fiber Transport System to the locations specified in Exhibit D for the term of this License.

The system shall be bi-directional with both upstream and downstream capability. This Fiber Transport System is for the non-commercial use of the Town. All end-user equipment from but not including the fiber patch panel connected to the Fiber Transport System shall be owned, operated and maintained by the Town. The Licensee shall maintain for video use the fiber portion of this Fiber Transport System between the patch panels located at each of the three sites. Licensee reserves the rights to pass the costs for maintenance of the Fiber Transport System (FTS) on to Subscribers.

For the term of this Renewal License, the Licensee shall hold all rights and title in the Fiber Transport System but shall provide the Issuing Authority with the exclusive right to use the Fiber Transport System for video use throughout the term of this Renewal License and any subsequent renewals thereof, provided that the Issuing Authority may not lease out any portion of the Fiber Transport System to any third party or allow the Fiber Transport System to be used by any third party for commercial purposes.

In the event that the Cable System is abandoned by the Licensee, or prior to the renewal of the License, Licensee agrees to enter into good faith negotiations with the Issuing Authority for the continuing maintenance of the Fiber Transport System, or for the transfer of title of the Fiber Transport System to the Town of Lincoln, or for any other arrangements which may be agreeable to the parties for purposes of insuring the Town continuing access to, and continuing maintenance of, the Fiber Transport System.

SECTION 3.7 – INTERCONNECTION WITH OTHER CABLE SYSTEMS

During the term of this Renewal License, the Licensee may consider interconnecting the Cable Communications System with the cable systems in adjoining communities upon request of the Issuing Authority. In making such determination, the Licensee shall consider the costs of interconnection and the benefits of interconnection.

SECTION 3.8 – RIGHT OF INSPECTION

In the event that the Issuing Authority reasonably suspects non-compliance with the Cable System construction and maintenance terms of this Renewal License, the Issuing Authority or its designee(s) shall have the right to inspect all construction, installation and/or upgrade work performed subject to the provisions of this Renewal License and to make such tests as should be necessary to insure compliance with the terms and conditions of this Renewal License and with all other provisions of governing law or regulation. Any such test of physical inspection shall be conducted at reasonable times and upon reasonable written notice to Licensee. Licensee shall have the right to be present at any such inspection. Any such inspection shall not interfere with the Licensee's operations.

Any tests conducted by the Issuing Authority or its designees pursuant to this section shall be at the sole cost and expense of the Town and shall have the prior approval of the Licensee, which approval shall not be unreasonably withheld. Unless otherwise mutually agreed upon, the Town shall give at least 30 days prior written notification to the Licensee of its intention to conduct any such testing.

SECTION 3.9 – PEDESTALS AND VAULTS

In any cases in which pedestals housing passive devices are to be utilized, in Public Ways or within the public lay-out, such equipment must be installed in accordance with applicable public works department regulations; provided, however, that the Licensee may place active devices (amplifiers, line extenders, power supplies, etc.) in a low-profile electronic control box at Town-approved locations to be determined when the Licensee applies for a permit, which shall not be unreasonably denied and subject to other requirements of general applicability.

SECTION 3.10 – LINE EXTENSION PROCEDURES

Subject to the provisions of Section 3.1(a) and (b) of this Renewal License, Licensee shall automatically extend the Cable Television System, at the Licensee's sole cost and expense, from existing cable plant to any and all newly constructed or developed areas of the Town

contiguous to the cable plant which comply with the density requirements established in Section 3.1(a) and (b). Any potential subscriber located in an area of the Town without cable television service, but complying with the density requirements in Section 3.1(a) and (b), for whom cable service has not been automatically extended, may request such service from the Licensee. Following confirmation of compliance with the density requirements contained within this Renewal License, Licensee shall extend service to the area promptly, but if possible within (60) days, and in no case later than one hundred eighty (180) days after all necessary permits are obtained, subject to Force Majeure and the completion of utility pole make ready. Licensee shall expeditiously seek all necessary permits.

- (a) Licensee shall not be required to provide service to residences along any Public Ways unless reasonable access thereto is available for placement of trunk and feeder lines along Public Ways, or if access to any private street or private way is in any way denied. Licensee shall not be required to extend service to residences along Public Ways where such extension requires use of privately owned easement for trunk and feeder lines to which Licensee has been denied reasonable access after reasonable efforts to obtain such access.
- (b) Licensee shall provide written estimates upon the request of a Lincoln resident for the cost to construct line extensions in areas that do not meet density requirements. Licensee shall make its best efforts to provide said estimates within thirty (30) days of the initial request.

The Cable System shall be operated and maintained so as to comply with the technical

(d) Within thirty (30) days after said public hearing, the Issuing Authority shall issue a written determination of its findings. In the event that the Issuing Authority determines that Licensee is in such default, the Issuing Authority may determine to pursue any lawful remedy available to it, including, but not limited to: (i) seek specific performance of any provision in this Renewal License which reasonably lends itself to such remedy as an alternative to damages; (ii) assess liquidated damages in accordance with the schedule set forth in Section 9.9 below; (iii) commence an action at law for monetary damages; (iv) foreclose on all or any appropriate part of the security provided pursuant to Section 9.3 herein; (v) declare the Renewal License to be revoked subject to Section 9.7 and applicable law; (vi) invoke any other lawful remedy available

to the Town; (vii) in the event that the Issuing Authority fails to issue a written determination within thirty (30) days after the public hearing pursuant to Section 9.8(c) above, then the specific default against the Licensee by the Issuing Authority shall be considered null and void.

(e) In the event that (i) the Issuing Authority fails to issue a written reply within 30 days accepting or rejecting Licensees' response pursuant to 9.8(a) above; (ii) the Issuing Authority fails to issue a written acknowledgement after Licensee's notice that it cured said default pursuant to 9.8(b) above; and/or (iii) the Issuing Authority fails to schedule a public hearing no later than thirty (30) days of having sent a written notice consistent with Section 9.8(c) above and/or (iv) the Issuing authority fails to issue a written determination with thirty (30) days after the public hearing pursuant to Section 9.8(d) above, then the issue of said default against Licensee by the Issuing Authority shall be considered null and void.

SECTION 9.9 – LIQUIDATED DAMAGES

(a) For the violation of any of the following provisions of this Renewal License, liquidated damages shall be paid by the Licensee to the Issuing Authority, subject to Section 9.8 above. Any such liquidated damages shall be assessed, after a full finding of default according to the provisions of Section 9.8, as of the date of the public hearing on the notice of default in accordance with section 9.8(c) above.

1. For failure to operate and maintain the Cable Television System, in accordance with Section 4.1(e) herein, one hundred dollars (\$100.00) per day, for each day that such non-compliance continues;
2. For failure to maintain and repair the Fiber Transport System in accordance with Section 3.4 herein, one hundred dollars (\$100.00) per day, for each day that any such non-compliance continues;
3. For failure to comply with FCC Customer Service Obligations, one hundred dollars (\$100.00) per day that any such non-compliance continues.

(b) Such liquidated damages shall be in addition to, and not a limitation upon any other provisions of this Renewal License and applicable law, including revocation, or any other

statutorily or judicially imposed penalties or remedies; provided, however, that in the event that the Issuing Authority collects liquidated damages for a specific breach pursuant to 9.9(a) above, the collection of such liquidated damages shall be deemed to be the exclusive remedy for said breach.

(c) Each of the above-mentioned cases of non-compliance shall result in damage to the Town, its residents, businesses and institutions, compensation which will be difficult to ascertain. The Licensee agrees that the liquidated damages in the amounts set forth above are fair and reasonable compensation for such damage. The Licensee agrees that said foregoing amounts are liquidated damages, not a penalty for forfeiture, and are within one or more exclusions to the term "franchise fee" provided by Section 622(g)(2)(A)-(D) of the Cable Act

SECTION 9.10 - TRANSFER OR ASSIGNMENT

This Renewal License or control hereof shall not be transferred or assigned without the prior written consent of the Issuing Authority, which consent shall not be arbitrarily or unreasonably withheld. The consent of the Issuing Authority shall be given only after a hearing upon written application therefor on forms prescribed by the Cable Division. Pursuant to 207 CMR 4.01(2), a transfer or assignment of a license or control thereof between commonly controlled entities, between affiliated companies, or between parent and subsidiary corporations, shall not constitute a transfer or assignment of a license or control thereof under M.G.L.c.166A Section 7. Under 207 CMR 4.00, an "affiliated company" is any person or entity that directly or indirectly or through one or more intermediaries, controls, is controlled by, or is under common control with another person or entity. The application for consent to an assignment or transfer shall be signed by Licensee and by the proposed assignee or transferee or by their representatives, evidence of whose authority shall be submitted with the application. Within thirty (30) days of receiving a request for consent, the Issuing Authority shall, in accordance with State and FCC rules and regulations, notify Licensee in writing of the additional information, if any, it requires to determine the legal, financial, technical and managerial qualifications of the transferee or new controlling

party. If the Issuing Authority has not taken action on Licensee's request for consent within one hundred twenty (120) days after receiving such request, consent shall be deemed given.

SECTION 9.11 - REMOVAL OF SYSTEM

Upon termination of this Renewal License or of any renewal hereof by passage of time or otherwise, Licensee shall remove its supporting structures, poles, transmission and distribution systems and other appurtenances from the streets, ways, lanes, alleys, parkways, bridges, highways, and other public and private places in, over, under, or along which they are installed and shall restore the areas to their original condition. If such removal is not completed within six (6) months of such termination, the Issuing Authority or property owner may deem any property not removed as having been abandoned.

SECTION 9.12 - INCORPORATION BY REFERENCE

(a) All presently and hereafter applicable conditions and requirements of federal, state and local laws, including but not limited to M.G.L.c. 166A, and the rules and regulations of the FCC and the Cable Division, as they may be amended from time to time, are incorporated herein by reference, to the extent not enumerated herein. All such general laws, rules, and regulations, as amended, shall control the interpretation and performance of this Renewal License to the extent that any provision of this Renewal License conflicts with or is inconsistent with such laws, rules or regulations.

(b) Should the Commonwealth of Massachusetts, the federal government or the FCC require Licensee to perform or refrain from performing any act the performance or non-performance of which is inconsistent with any provisions herein, the Issuing Authority and Licensee will thereupon, if they determine that a material provision herein is affected, modify any of the provisions herein to reflect such government action.

SECTION 9.13 - NO THIRD PARTY BENEFICIARIES

Nothing in this Renewal License is intended to confer third-party beneficiary status on any member of the public to enforce the terms of this Renewal License.

SECTION 9.14 – COMMERCIAL NON-DISCRIMINATION

The Licensee shall be required to make Cable Service(s) available to any commercial establishments in the Town, provided that said establishment(s) agrees to pay for installation and subscription costs as established by the Licensee.

SECTION 9.15 – PERFORMANCE TESTS

Licensee shall comply with applicable FCC proof of performance regulations.

SECTION 9.16 – TERMINATION

The termination of this Renewal License and the Licensee's rights herein shall become effective upon the earliest to occur of: (i) the revocation of the Renewal License by action of the Issuing Authority, pursuant to Section 9.7 and 9.8 above; (ii) the abandonment of the Cable System, in whole or material part, by the Licensee without the express, prior approval of the Issuing Authority; or (iii) the expiration of the term of this Renewal License. In the event of any termination, the Town shall have all of the rights provided in this Renewal License unless the Licensee is otherwise permitted to continue operating the Cable System pursuant to applicable law(s).

SECTION 9.17 – NO WAIVER-CUMULATIVE REMEDIES

(a) No failure on the part of the Issuing Authority, the Town or the Licensee to exercise, and no delay in exercising, any right in this Renewal License shall operate as a waiver thereof, nor shall any single or partial exercise of any such right preclude any other right, all subject to the conditions and limitations contained in this Renewal License.

(b) The rights and remedies provided herein are cumulative and not exclusive of any remedies provided by law, and nothing contained in this Renewal License shall impair any of the rights of the Town, the Licensee or the Issuing Authority under applicable law, subject in each case to the terms and conditions in this Renewal License.

(c) No waiver of, nor failure to exercise any right or remedy by the Issuing Authority, the Town or the Licensee at any one time shall affect the exercise of such right or remedy or any other right or remedy at any other time. In order for any waiver of the Issuing Authority, the Town or the Licensee to be effective, it shall be in writing. The failure of the

Town to take any action in the event of any breach by the Licensee shall not be deemed or construed to constitute a waiver of or otherwise affect the right of the Town to take any action permitted by the Renewal License at any other time in the event that such breach has not been cured, or with respect to any other breach by the Licensee.
