LINCOLN RENEWAL LICENSE

INTRODUCTION

WHEREAS, Comcast of Massachusetts III, Inc., (hereinafter "Licensee"), is the duly authorized holder of a renewal license to operate a cable television system in the Town of Lincoln, Massachusetts (hereinafter the "Town"), said license having commenced on September 9, 2003;

WHEREAS, Licensee filed a written request for a renewal of its license by letter dated October 19, 2010 in conformity with the Cable Communications Policy Act of 1984 ("Cable Act") and filed a renewal proposal May 9, 2013;

WHEREAS, there has been an opportunity for public comment, as required by Section 626(h) of the Cable Act;

WHEREAS, the Issuing Authority has determined that the financial, legal, and technical ability of Licensee is reasonably sufficient to provide services, facilities, and equipment necessary to meet the future cable-related needs of the community, and desires to enter into this Renewal License with Licensee for the construction and continued operation of a cable system on the terms and conditions set forth herein; and

WHEREAS, the Town's Board of Selectmen, as the Issuing Authority, finds that Licensee has complied with the terms of its previous license.

NOW THEREFORE, after due and full consideration, the Issuing Authority and Licensee agree that this Renewal License is issued upon the following terms and conditions:

**ARTICLE 1
DEFINITIONS**

SECTION 1.1 - DEFINITIONS

For the purpose of this Renewal License, capitalized terms, phrases, words, and abbreviations shall have the meanings ascribed to them in the Cable Communications Policy Act of 1984, as amended from time to time, 47 U.S.C. §§ 521 et seq. (the "Cable Act"), and Massachusetts General Laws Chapter 166A (M.G.L.c.166A), as amended from time to time, unless otherwise defined herein.

(a) Access Provider – shall mean the person, group or non-profit entity, designated by the Issuing Authority for the purpose of operating and managing the use of Public, Educational and Governmental Access funding, equipment and channels on the cable television system in accordance with this Renewal License and 47 U.S.C. 531.

(b) Basic Cable Service – shall mean the lowest tier of service which includes the retransmission of local television broadcast signals.

(c) Cable Act – shall mean the Cable Communications Policy Act of 1984, Public Law No. 98-549, 98 Stat. 2779 (1984), 47 U.S.C. 521 et. seq., amending the Communications Act of 1934, as further amended by the 1992 Cable Consumer Protection and Competition Act, Public Law No. 102-385 and the Telecommunications Act of 1996, Public Law No. 104-458, 110 Stat. 56 (1996) and as may be further amended.

(d) Cable Division – shall mean the Cable Division of the Massachusetts Department of Telecommunications and Cable established pursuant to Massachusetts General Laws Chapter 166A (M.G.L. Chapter 166A)

(e) Cable Service or Service – shall mean the one-way transmission to subscribers of (i) video programming, or (ii) other programming service, and subscriber interaction, if any, which is required for the selection or use of such video programming or other programming service.

(f) Cable Television System or Cable System – shall mean the facility owned, constructed, installed, operated and maintained by Licensee in the Town of Lincoln, consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment that is designated to provide cable service which includes video programming and which is provided to multiple subscribers within a community, but such term does not include (a) a facility that serves only to retransmit the television signals of one or more television broadcast stations; (b) a facility that serves subscribers without using any public right-of-way; (c) a facility of a common carrier which is subject, in whole or in part, to the provisions of Title II of the Cable Act, except that such facility shall be considered a cable system (other than for purposes of section 621(c) of the Cable Act) to the extent such facility is used in the transmission of video programming directly to subscribers unless the extent of such use is solely to provide interactive on-demand services; or (d) an open video system that complies with section 653 of this title, or (e) any facilities of any electric utility used solely for operating its electric utility systems.

(g) Drop – shall mean the coaxial cable that connects a home or building to the feeder cable of the Subscriber Network or Video Return Line.

(h) Effective Date – shall mean August 1, 2014.

(i) FCC – shall mean the Federal Communications Commission or any successor governmental entity.

(j) Franchise Fee – shall mean the payments to be made by Licensee to the Issuing Authority, the Town of Lincoln and or any other governmental subdivision, such as an Access Provider, which shall have the meaning as set forth in Section 622(g) of the Cable Act.

(k) Gross Annual Revenues (GAR)– shall mean the revenues received by Licensee from the operation of the Cable System in the Town of Lincoln to provide Cable Services, calculated in accordance with generally accepted accounting principles, including, without limitation: Basic Cable Service monthly fees and all other Cable Service fees; installation, reconnection, downgrade, upgrade and any similar charges; interest collected on Subscriber

fees and/or charges; all commercial Subscriber revenues; fees paid for channels designated for commercial use; and converter, remote control and other equipment rentals and/or leases or sales home shopping revenues; and all advertising revenues. Gross Annual Revenues shall not include a fee on subscriber fees, any fee, tax or assessment imposed or assessed on services furnished by Licensee and paid to any governmental entity and collected by Licensee on behalf of such entity. Gross Annual Revenues shall not include actual bad debt that is written off, consistent with GAAP; provided, however, that all or any part of any such actual bad debt that is written off, but subsequently collected, shall be included in Gross Annual Revenues in the period so collected.

(l) Issuing Authority – shall mean the Board of Selectmen of the Town of Lincoln, Massachusetts, or the lawful designee thereof.

(m) Licensee – shall mean Comcast of Massachusetts III, Inc., or any successor or transferee in accordance with the terms and conditions in this Renewal License.

(n) License Fee – shall mean the payments to be made by Licensee to the Issuing Authority, the Town of Lincoln and or any other governmental subdivision, which shall have the meaning as set forth in M.G.L.c. 166A, § 9.

(o) Modulator – shall mean CATV modulator or equivalent device used for video signal transport.

(p) Multichannel Video Programming Distributor – shall mean a person such as, but not limited to, a cable operator, a multichannel multipoint distribution service, a direct broadcast satellite service, or a television receive-only satellite program distributor, who makes available for purchase, by subscribers or customers, multiple channels of video programming.

(q) Outlet – shall mean an interior receptacle that connects a television set to the Cable Television System.

(r) PEG Access User – shall mean a Person utilizing the Cable Television System, including all related facilities for purposes of production and/or transmission of PEG Access Programming as opposed to utilization solely as a Subscriber.

(s) Person – shall mean any natural person or any association, firm, partnership, joint venture, corporation, or other legally recognized entity, whether for-profit or not-for profit, but shall not mean the Issuing Authority.

(t) Public Access Channel – shall mean a video channel designed for non-commercial use by the public on a first-come, first-served, non-discriminatory basis.

(u) Public, Educational and Governmental (PEG) Access Channel – shall mean a video channel designated for non-commercial use by the public, educational institutions such as public or private schools, but not “home schools,” community colleges, and universities, as well as the Issuing Authority.

(v) Public, Educational and Government (PEG) Access Programming – shall mean non-commercial programming produced by any Lincoln residents or organizations, schools and government entities and the use of designated facilities, equipment and/or channels of the Cable System in accordance with 47 U.S.C. 531 and this Renewal License.

(w) Public Buildings – shall mean those buildings owned or leased by the Issuing Authority for municipal government administrative purposes, and shall not include buildings owned by Issuing Authority but leased to third parties or buildings such as storage facilities at which government employees are not regularly stationed.

(x) Public Way – shall mean the surface of, and the space above and below, any public street, highway, freeway, bridge, land path, alley, court, boulevard, sidewalk, way, lane, public way, drive, circle or other public right-of-way, including, but not limited to, public utility easements, dedicated utility strips, or rights-of-way dedicated for compatible uses and any temporary or permanent fixtures or improvements located thereon now or hereafter held by the Issuing Authority in the Town of Lincoln, which shall entitle Licensee to the use thereof for the purpose of installing, operating, repairing, and maintaining the Cable

System. Public Way shall also mean any easement now or hereafter held by the Issuing Authority within the Town of Lincoln for the purpose of public travel, or for utility or public service use dedicated for compatible uses, and shall include other easements or rights-of-way as shall within their proper use and meaning entitle Licensee to the use thereof for the purposes of installing, operating, and maintaining Licensee's Cable System over poles, wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments, and other property as may be ordinarily necessary and pertinent to the Cable System.

(y) Renewal License or License – shall mean this Agreement and any amendments or modifications in accordance with the terms herein.

(z) Signal – shall mean any transmission which carries Programming from one location to another.

(aa) Standard Installation – shall mean the standard one hundred fifty foot (150') aerial Drop connection to the existing distribution system.

(ab) Subscriber – shall mean a Person or user of the Cable System who lawfully receives Cable Service with Licensee's express permission.

(ac) Subscriber Network – shall mean the trunk and feeder signal distribution network over which video and audio signals are transmitted to Subscribers.

(ad) Town – shall mean the Town of Lincoln, Massachusetts.

(ae) Trunk and Distribution System – shall mean that portion of the Cable System for the delivery of Signals, but not including Drop Cable(s) to Subscriber's residences.

(af) Video Programming or Programming – shall mean the programming provided by, or generally considered comparable to programming provided by, a television broadcast station.

ARTICLE 2

GRANT OF RENEWAL LICENSE

SECTION 2.1 - GRANT OF RENEWAL LICENSE

(a) Pursuant to the authority of M.G.L. c. 166A, and the Cable Act the Issuing Authority hereby grants a non-exclusive Renewal License to Comcast of Massachusetts III, Inc., a Delaware Corporation, authorizing and permitting Licensee to construct, operate and maintain a Cable Television System in the Public Way within the municipal limits of the Town of Lincoln. Nothing in this License shall be construed to prohibit Licensee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Cable Division in force and effect during the period for which this Renewal License is granted.

(c) Subject to the terms and conditions herein, the Issuing Authority hereby grants to Licensee the right to construct, upgrade, install, operate and maintain a Cable Television System within the Public Way.

SECTION 2.2 - TERM: NON-EXCLUSIVITY [SEE M.G.L.c. 166A §3(d) and 13]

The term of this non-exclusive Renewal License shall be for a period of ten (10) years and shall commence on August 1, 2014, following the expiration of the current license, and shall expire at midnight on July 31, 2024.

SECTION 2.3 - POLE AND CONDUIT ATTACHMENT RIGHTS [SEE M.G.L.c. 166 §22-25]]

Pursuant to M.G.L.c. 166, §§22-25, permission is hereby granted to Licensee to attach or otherwise affix including, but not limited to cables, wire, or optical fibers comprising the Cable Television System to the existing poles and conduits on and under public streets and ways, provided Licensee secures the permission and consent of the public utility companies to affix the cables and/or wires to their pole and conduit facilities. By virtue of this License

the Issuing Authority grants Licensee equal standing with power and telephone utilities in the manner of placement of facilities on Public Ways.

SECTION 2.4 - RENEWAL [SEE M.G.L.c. 166A §13]

(a) In accordance with the provisions of federal law, M.G.L.c. 166A, § 13 and applicable regulations, this Renewal License shall be subject to additional renewals for the periods not to exceed ten (10) years or such other periods as allowed by law.

(b) In accordance with applicable law, any such renewal or renewals shall be upon mutual written agreement by Licensee and the Issuing Authority and shall contain such modified or additional terms as Licensee and the Issuing Authority may then agree.

SECTION 2.5 - RESERVATION OF AUTHORITY

Nothing in this Renewal License shall (A) abrogate the right of the Issuing Authority to perform any public works or public improvements of any description, (B) be construed as a waiver of any codes or bylaws of general applicability and not specific to the Cable Television System, Licensee, or this License, or (C) be construed as a waiver or release of the rights of the Issuing Authority in and to the Public Ways. Any conflict between the terms of this Renewal License and any present or future exercise of the municipality's police and regulatory powers shall be resolved by a court of appropriate jurisdiction.

SECTION 2.6 - NON-EXCLUSIVITY OF LICENSE

(a) Licensee acknowledges and agrees that the Issuing Authority reserves the right to grant one or more additional licenses to other Cable Service providers within the Town for the right to use and occupy the Public Ways or streets within the Issuing Authority's jurisdiction. In the event that any such additional or competitive license is granted by the Issuing Authority which, in the reasonable opinion of Licensee, contains more financially favorable or less burdensome terms or conditions than this Renewal License, including, but not limited to: franchise fees; payment schedules; insurance; system build-out requirements; performance bonds or similar instruments; public, education and government access

channels and support; customer service standards; required reports and related record keeping; and notice and opportunity to cure breaches; the Issuing Authority agrees that it shall amend this Renewal License to include any more favorable or less burdensome terms or conditions.

(b) In the event an application for a new cable television license is filed with the Issuing Authority, proposing to serve the Town, in whole or in part, the Issuing Authority shall serve a copy of such application upon any existing Licensee or incumbent cable operator by registered or certified mail or via nationally recognized overnight courier service within a reasonable time thereafter.

(c) The issuance of additional license(s) shall be subject to all applicable federal and state laws, including M.G.L.c. 166A and applicable regulations promulgated thereunder.

(d) In the event that Licensee believes that any additional license(s) has been granted on terms or conditions more favorable or less burdensome than those contained in this Renewal License, the Issuing Authority shall convene a public hearing on such issue, within not more than thirty (30) days of receipt of a hearing request from Licensee. Along with said written request, Licensee shall provide the Issuing Authority with written reasons for its belief. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any such additional license(s) are on terms more favorable or less burdensome than those contained in this Renewal License. Licensee shall provide the Issuing Authority with such financial or other relevant information as is reasonably requested.

(e) Should Licensee demonstrate that any such additional license(s) have been granted on terms and conditions more favorable or less burdensome than those contained in this Renewal License, the Issuing Authority shall make equitable amendments to this Renewal License within a reasonable time.

(f) In the event that Licensee demonstrates that an existing or future Cable Service provider in the Town has been provided relief by the Issuing Authority from any obligation of its license, then Licensee shall be awarded an equivalent amount of relief from obligations

herein. Such relief shall be in writing and in the form of an amendment to this License. The Issuing Authority shall convene a public hearing on the issue within sixty (60) days of Licensee's notification to the Issuing Authority requiring such relief, unless otherwise mutually agreed to. License shall provide reasons for its belief in the notification. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any existing or future service providers in the Town have been provided relief by the Issuing Authority from any obligation of its cable television license. Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested to justify its belief; provided, however, that the parties' counsels mutually and reasonably deem said information is non-proprietary.

ARTICLE 3

SYSTEM SPECIFICATIONS AND CONSTRUCTION

SECTION 3.1 - AREA TO BE SERVED [SEE M.G.L.c. 166A §3(a)]

(a) Licensee shall make Cable Service available to every residential dwelling unit within the Town where the minimum density is at least thirty (30) dwelling units per aerial mile and sixty (60) dwelling units per underground mile providing however, that any plant extension is measured from the existing Trunk and Distribution System and Licensee is able to obtain from property owners any necessary easements and/or permits in accordance with Cable Act. Licensee shall make service available to multiple dwelling units (MDU) where economically feasible and providing that Licensee is able to obtain from the property owners any necessary easements, permits and agreements to provide service to said MDU. Subject to the density requirement, Licensee shall offer Cable Service to all new homes or previously unserved homes located within one hundred fifty feet (150') of Licensee's Distribution Cable. For non-Standard Installations Licensee shall offer said service within ninety (90) days of a Subscriber requesting such for aerial installations and one hundred eighty (180) days, weather permitting, of a Subscriber requesting such for underground installations. With respect to areas of the Town which are currently served by Licensee from a contiguous cable television system or currently unserved but could be served by abutting Town(s) served by Licensee, Licensee shall have the option to serve such areas from its cable television system in such abutting Town.

(b) Installation costs shall conform to the Cable Act. Any dwelling unit within an aerial one hundred fifty (150 ft.) of the Trunk and Distribution Cable shall be entitled to a Standard Installation rate in accordance with applicable federal and state laws. Underground installations are considered non-standard installations. All non-standard installations shall be provided at a rate established by the Licensee in accordance with applicable federal and state laws.

(c) Upon 1) termination of the Federal Franchise and License that Licensee holds with the Air Force to operate and maintain the cable television system at Hanscom Air Force

Base (the "Base"); and 2) upon a final disposition that makes a part of the Base formally a part of the Town of Lincoln in accordance with applicable law; and 3) Licensee has the authority to do so, Licensee agrees to provide Cable Service to residents on the former Base property that is formally ascribed to the Town of Lincoln consistent with Article 3, or through its existing Cable Plant located on the Base.

SECTION 3.2 - SUBSCRIBER NETWORK

Licensee shall maintain a Cable Television System, fully capable of carrying a minimum bandwidth of 750MHz.

SECTION 3.3 - SUBSCRIBER NETWORK CABLE DROPS [SEE M.G.L.C. 166A §5(e)]

(a) Licensee shall continue to provide a single Cable Drop, an Outlet and monthly Basic Cable Service, at no charge to the Town, to each Public Building, public school, police and fire stations, public libraries and other Public Buildings as designated by the Issuing Authority within the Town, listed in **Exhibit A** attached hereto, provided such are considered to be a Standard Installation.

(b) Upon written request by the Issuing Authority, Licensee shall provide one (1) Standard Installation Drop, Outlet and Basic Cable Service at no charge to any new Public Buildings and other Town owned Public Buildings, along the Trunk and Distribution Cable subject to the limitations set forth above. The Issuing Authority or its designee shall consult with a representative of Licensee to determine the mutually agreeable appropriate location for each of such Public Building's respective Outlet prior to requesting that Licensee install service at no charge.

(c) Nothing in this Section shall require Licensee to move existing or install additional Drops or Outlets at no charge to those buildings included in **Exhibit A**, or to move existing or install additional Drops or Outlets to buildings already installed pursuant to subsection (b) above.

(d) It is understood that Licensee shall not be responsible for any internal wiring of such Public Buildings.

SECTION 3.4 - PARENTAL CONTROL CAPABILITY

(a) Pursuant to applicable law, upon request, and at no separate, additional charge, Licensee shall provide Subscribers with the capability to control the reception of any channel on the Cable System.

(b) The Issuing Authority acknowledges that the parental control capability may be part of a converter box and Licensee may charge Subscriber for use of said box.

SECTION 3.5 - EMERGENCY ALERT OVERRIDE CAPACITY

Licensee shall comply with the FCC's Emergency Alert System ("EAS") regulations.

SECTION 3.6 - FIBER TRANSPORT SYSTEM

The Licensee shall maintain the fiber portion of the existing four-site, point-to-point six strand Fiber Transport System to the locations specified in Exhibit D for the term of this License.

The system shall be bi-directional with both upstream and downstream capability. This Fiber Transport System is for the non-commercial use of the Town. All end-user equipment from but not including the fiber patch panel connected to the Fiber Transport System shall be owned, operated and maintained by the Town. The Licensee shall maintain for video use the fiber portion of this Fiber Transport System between the patch panels located at each of the three sites. Licensee reserves the rights to pass the costs for maintenance of the Fiber Transport System (FTS) on to Subscribers.

For the term of this Renewal License, the Licensee shall hold all rights and title in the Fiber Transport System but shall provide the Issuing Authority with the exclusive right to use the Fiber Transport System for video use throughout the term of this Renewal License and any subsequent renewals thereof, provided that the Issuing Authority may not lease out any portion of the Fiber Transport System to any third party or allow the Fiber Transport System to be used by any third party for commercial purposes.

In the event that the Cable System is abandoned by the Licensee, or prior to the renewal of the License, Licensee agrees to enter into good faith negotiations with the Issuing Authority for the continuing maintenance of the Fiber Transport System, or for the transfer of title of the Fiber Transport System to the Town of Lincoln, or for any other arrangements which may be agreeable to the parties for purposes of insuring the Town continuing access to, and continuing maintenance of, the Fiber Transport System.

SECTION 3.7 – INTERCONNECTION WITH OTHER CABLE SYSTEMS

During the term of this Renewal License, the Licensee may consider interconnecting the Cable Communications System with the cable systems in adjoining communities upon request of the Issuing Authority. In making such determination, the Licensee shall consider the costs of interconnection and the benefits of interconnection.

SECTION 3.8 – RIGHT OF INSPECTION

In the event that the Issuing Authority reasonably suspects non-compliance with the Cable System construction and maintenance terms of this Renewal License, the Issuing Authority or its designee(s) shall have the right to inspect all construction, installation and/or upgrade work performed subject to the provisions of this Renewal License and to make such tests as should be necessary to insure compliance with the terms and conditions of this Renewal License and with all other provisions of governing law or regulation. Any such test of physical inspection shall be conducted at reasonable times and upon reasonable written notice to Licensee. Licensee shall have the right to be present at any such inspection. Any such inspection shall not interfere with the Licensee's operations.

Any tests conducted by the Issuing Authority or its designees pursuant to this section shall be at the sole cost and expense of the Town and shall have the prior approval of the Licensee, which approval shall not be unreasonably withheld. Unless otherwise mutually agreed upon, the Town shall give at least 30 days prior written notification to the Licensee of its intention to conduct any such testing.

SECTION 3.9 – PEDESTALS AND VAULTS

In any cases in which pedestals housing passive devices are to be utilized, in Public Ways or within the public lay-out, such equipment must be installed in accordance with applicable public works department regulations; provided, however, that the Licensee may place active devices (amplifiers, line extenders, power supplies, etc.) in a low-profile electronic control box at Town-approved locations to be determined when the Licensee applies for a permit, which shall not be unreasonably denied and subject to other requirements of general applicability.

SECTION 3.10 – LINE EXTENSION PROCEDURES

Subject to the provisions of Section 3.1(a) and (b) of this Renewal License, Licensee shall automatically extend the Cable Television System, at the Licensee's sole cost and expense, from existing cable plant to any and all newly constructed or developed areas of the Town

contiguous to the cable plant which comply with the density requirements established in Section 3.1(a) and (b). Any potential subscriber located in an area of the Town without cable television service, but complying with the density requirements in Section 3.1(a) and (b), for whom cable service has not been automatically extended, may request such service from the Licensee. Following confirmation of compliance with the density requirements contained within this Renewal License, Licensee shall extend service to the area promptly, but if possible within (60) days, and in no case later than one hundred eighty (180) days after all necessary permits are obtained, subject to Force Majeure and the completion of utility pole make ready. Licensee shall expeditiously seek all necessary permits.

- (a) Licensee shall not be required to provide service to residences along any Public Ways unless reasonable access thereto is available for placement of trunk and feeder lines along Public Ways, or if access to any private street or private way is in any way denied. Licensee shall not be required to extend service to residences along Public Ways where such extension requires use of privately owned easement for trunk and feeder lines to which Licensee has been denied reasonable access after reasonable efforts to obtain such access.
- (b) Licensee shall provide written estimates upon the request of a Lincoln resident for the cost to construct line extensions in areas that do not meet density requirements. Licensee shall make its best efforts to provide said estimates within thirty (30) days of the initial request.

ARTICLE 4

TECHNOLOGICAL AND SAFETY STANDARDS

SECTION 4.1 - SYSTEM MAINTENANCE [SEE M.G.L.c. 166A §5]

(a) In installing, operating and maintaining equipment, cable and wires, Licensee shall avoid damage and injury to trees, structures and improvements in and along the routes authorized by the Issuing Authority, except as may be approved by the Issuing Authority if required for the proper installation, operation and maintenance of such equipment, cable and wires.

(b) The construction, maintenance and operation of the Cable Television System for which this Renewal License is granted shall be done in conformance with all applicable laws, bylaws of general applicability, codes and regulations, including but not limited to OSHA, the National Electrical Safety Code, and the rules and regulations of the FCC as the same exist or as same may be hereafter changed or amended.

(c) Operating and maintenance personnel shall be trained in the use of all safety equipment and the safe operation of vehicles and equipment. Licensee shall install and maintain its equipment, cable and wires in such a manner as shall not interfere with any installations of the Town or any public utility serving the Town.

(d) All structures and all equipment, cable and wires in, over, under, and upon streets, sidewalks, alleys, and public rights of ways of the Town, wherever situated or located shall at all times be kept and maintained in a safe and suitable condition and in good order and repair.

(e) The signal of any Broadcast station carried on the Cable Television System shall be carried without material degradation in quality at all subscribing locations within the limits imposed by the technical specifications of the Cable System and as set forth by the FCC. The Cable System shall be operated and maintained so as to comply with the technical

standards set forth in the FCC's rules and regulations as they apply to cable television systems.

(f) Upon written notice from the Issuing Authority, Licensee shall remedy a general deficiency with respect to the technical standards described herein within three (3) months of receipt of notice and a safety deficiency within forty-eight (48) hours of receipt of notice and shall notify the Issuing Authority when the deficiency has been corrected.

SECTION 4.2 - REPAIRS AND RESTORATION [SEE M.G.L.C. 166A §5(g)]

Whenever Licensee takes up or disturbs any pavement, sidewalk or other improvement of any public right of way or public place, the same shall be replaced and the surface restored in as good condition as possible as before entry as soon as practicable. If Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs, and shall notify Licensee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of Licensee to comply within the time specified, the Issuing Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by Licensee upon written request by the Issuing Authority.

SECTION 4.3 - CABLE LOCATION

(a) In all areas of the Town where all of the transmission and distribution facilities of all public or municipal utilities are installed underground, Franchisee shall install its Cable System underground provided that such facilities are actually capable of receiving the Franchisee's cable and other equipment without technical degradation of the Cable System's signal quality.

(b) In all areas of the Town where public utility lines are aerially placed, if subsequently during the term of the Renewal License such public utility lines are required by local ordinance or State law to be relocated aerially or underground, Franchisee shall similarly relocate its Cable System if it is given reasonable notice and access to the public and municipal utilities facilities at the time that such are placed underground. Any costs incurred

by Licensee for relocating utility poles or trenching for the placement of underground conduits shall be entitled to reimbursement of such relocation costs in the event public or private funds are raised for the project and made available to other users of the Public Way.

(c) Provided Licensee has at least ninety (90) days' prior written notice concerning the opening of residential subdivision trenching, or of the installation of conduit for the location of utilities, it shall install its cable in such trenching or conduits or may seek permission to utilize alternative trenching or conduits within a comparable time frame. If a substantial quantity of cable is required for a large subdivision and said quantity is not in stock, Licensee shall be allowed additional time for said installation. The Issuing Authority, or its designee, shall exercise reasonable efforts to have the Planning Board and developers give timely written notice of trenching and underground construction to Licensee. Developer shall be responsible for the digging and back-filling of all trenches.

(d) Nothing in this Section shall be construed to require Licensee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

SECTION 4.4 - TREE TRIMMING [SEE M.G.L.c. 166A §5(a)]

In installing, operating and maintaining equipment, cable and wires, Licensee shall avoid all unnecessary damage and injury to trees, structures, and improvements in and along the routes authorized by the Issuing Authority. Licensee shall consult with the Town's Tree Warden prior to any non-emergency tree trimming undertaken pursuant to this section.

SECTION 4.5 - PLANT AND STRAND MAPS

Licensee shall maintain a complete set of plant maps of the Town, which will show those areas in which its facilities exist. The plant maps will be retained at Licensee's primary place of business and will be available to the Issuing Authority for inspection by the Issuing Authority at a mutually convenient location upon written request.

Licensee shall provide a complete set of strand maps of the Town upon request not more often than every 12 months.

SECTION 4.6 - BUILDING MOVES [SEE M.G.L.c. 166 §39]

(a) In accordance with applicable laws, Licensee shall, at no cost to the Town, upon the written request of any person holding a building moving permit issued by the Town, temporarily raise or lower its wires to permit the moving of the building(s). Licensee shall be given not less than thirty (30) days' advance written notice to arrange for such temporary wire changes.

(b) In either case, Licensee shall have the right to seek reimbursement under any applicable insurance or government program for reimbursement.

SECTION 4.7 - DIG SAFE [SEE M.G.L.c. 82 §40]

Licensee shall comply with all applicable "dig safe" provisions pursuant to M.G.L.c. 82, § 40.

SECTION 4.8 - DISCONNECTION AND RELOCATION [SEE M.G.L.c. 166 §39]

(a) Licensee shall, at its sole cost and expense, protect, support, temporarily disconnect, relocate in the same street, or other Public Right of Ways, or remove from any street or any other Public Ways and places, any of its property as required by the Issuing Authority or its designee by reason of traffic conditions, public safety, street construction, change or establishment of street grade, or the construction of any public improvement or structure by any Town department acting in a governmental capacity.

(b) In requiring Licensee to protect, support, temporarily disconnect, relocate or remove any portion of its property, the Issuing Authority shall treat Licensee the same as, and require no more of Licensee, than any other similarly situated utility.

(c) In either case, Licensee shall have the right to seek reimbursement under any applicable insurance or government program for reimbursement.
