

LinkedIn Learning is LIVE!

[Click here for the LinkedIn Learning Website](#)

NAGE members have unlimited access to LinkedIn Learning, an on-demand library of high-quality instructional videos covering a vast range of business, software and creative skills. NAGE has negotiated for several thousand additional LinkedIn learning licenses to become available to NAGE members, and those licenses are available now!

NAGE negotiates for these 5,000+ training classes each year so that our members have more opportunities to acquire new skills and advance their knowledge. We recommend you check out the courses available and sign up today! As you may remember, Lynda.com was upgraded to the LinkedIn Learning platform in January 2019.

You can request a log-in by sending an email to CareerLadderProgram@mass.gov, letting them know that you are a NAGE member and would like to register for a LinkedIn Learning account. *If you have previously used Lynda.com and have an account, you can activate LinkedIn Learning by following the steps found below.
