Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	<p>Money has always influenced elections. In 2010 the first two Super PACs were created. My understanding is, unlike a traditional PAC, there is no limit to the amount of money a Super PAC can spend to influence an election. It can not donate to any one candidate, but can engage in unlimited spending independently of a particular campaign. For this reason the very wealthy have the most influence over an election. Special interests are well funded, but do not represent the majority of citizens. Companies are not people and money is not speech. Such an amendment, as proposed by question 2, would not violate our First Amendment.</p> <p>Massachusetts has always been innovative in its problem solving and I believe this is a problem it can solve. It is known as a trailblazer and if this commission can create an amendment, regulating campaign contributions and expenditures, other states will support it. I know I have the skill set to be an affective member of this commission. Please review my resume, call with any questions and ask me to join your commission. Thank you of your consideration.</p>
