1. Please indicate the number of years of experience in care coordination/case management. I have been a Care Case Manager for six years.
2. Please provide the approximate number cases with morphine milligram equivalent above 100 (MME > 100) that you have assisted with in past three years. I am not certain, in some programs I worked MME was not calculated.
3. Please indicate the best geographic area where you have greatest experience. I work mostly in the inner city of Boston.
4. Please explain your background/experience with addiction or pain management.
I have been the charge nurse at Merrimack County Department of Corrections for over Nine Years and have Five plus years at NH State Hospital as well as working with McKesson /Axis Point Health for MassHealth and Tufts Health Plan as a Nurse Case Manager in the Dual Diagnosis Programs.
5. Please provide a very brief outline of three cases you have assisted with within last three years (i.e., starting MME, what treatment plan seemed to help and how case ended). Please explain the results of the three cases. Have worked on numerous cases developing treatment plans to help ween members off of opioids as a case manager. Treatment plans include peer to peer interaction, alternative pain management, and support system implementation.
6. Do you work with, or are you familiar with, any health care practitioners who specialize or have had success with assisting patients to reduce daily opioid intake? Not directly but have seen some great progress with some of the practitioners in the Boston Area.

7. Do you have a vehicle and are willing to travel to meetings and medical appointments? Yes and I am in the Field often
8. Please indicate, if applicable, any language skills other than English. N/A
