

List of Figures

Figure 1-1—SSX Project Sites.....	1-18
Figure 1-2—South Station Project Site: Terminal, Approach Interlockings, and Key Facilities	1-19
Figure 1-3—South Station Site No Build Alternative, Massing Concept.....	1-20
Figure 1-4—South Station Site Joint/Private Development Alternative 1, Massing Concept	1-21
Figure 1-5—South Station Site Joint/Private Development Alternative 2, Massing Concept	1-22
Figure 1-6—South Station Site Joint/Private Development Alternative 3, Massing Concept	1-23
Figure 1-7— Existing Land Use.....	1-24
Figure 2-1—Schematic of South Station Terminal and Interlockings	2-3
Figure 3-1—SSX Project Sites	3-3
Figure 3-2—South Station Project Site: Terminal, Approach Interlockings and Key Facilities	3-4
Figure 3-3—South Station Project Site: Harborwalk and Bicycle Trails	3-8
Figure 3-4—Widett Circle Layover Facility Site Plan.....	3-21
Figure 3-5—Beacon Park Yard Layover Facility Site Plan.....	3-22
Figure 3-6—Readville – Yard 2 Layover Facility Site Plan	3-23
Figure 3-7—South Station Site Existing Conditions, Platform Level Plan	3-24
Figure 3-8—South Station Site Existing Conditions, Lower Concourse Level Plan	3-25
Figure 3-9—South Station Site Existing Conditions, Upper Concourse Level Plan	3-26
Figure 3-10—South Station Site Existing Conditions, Roof Level Plan.....	3-27
Figure 3-11—South Station Site Existing Conditions, Massing Concept.....	3-28
Figure 3-12—South Station Site No Build Alternative, Platform Level Plan	3-29
Figure 3-13—South Station Site No Build Alternative, Lower Concourse Level Plan	3-30
Figure 3-14—South Station Site No Build Alternative, Upper Concourse Level Plan	3-31
Figure 3-15—South Station Site No Build Alternative, Roof Level Plan.....	3-32
Figure 3-16—South Station Site No Build Alternative, Massing Concept.....	3-33
Figure 3-17—South Station Site Joint/Private Development Alternative 1, Platform Level Plan	3-34
Figure 3-18—South Station Site Joint/Private Development Alternative 1, Roof Level Plan.....	3-35
Figure 3-19—South Station Site Joint/Private Development Alternative 1, Massing Concept	3-36
Figure 3-20—South Station Site Joint/Private Development Alternative 2, Below Platform Level Plan	3-37
Figure 3-21—South Station Site Joint/Private Development Alternative 2, Platform Level Plan	3-38
Figure 3-22—South Station Site Joint/Private Development Alt. 2, Upper Concourse Level Plan.....	3-39
Figure 3-23—South Station Site Joint/Private Development Alternative 2, Roof Level Plan	3-40
Figure 3-24—South Station Site Joint/Private Development Alternative 2, Massing Concept	3-41
Figure 3-25—South Station Site Joint/Private Development Alternative 3, Below Platform Level Plan	3-42
Figure 3-26—South Station Site Joint/Private Development Alternative 3, Platform Level Plan	3-43

Figure 3-27—South Station Site Joint/Private Development Alt. 3, Upper Concourse Level Plan.....	3-44
Figure 3-28—South Station Site Joint/Private Development Alternative 3, Roof Level Plan.....	3-45
Figure 3-29—South Station Site Joint/Private Development Alternative 3, Massing Concept.....	3-46
Figure 3-30—Dorchester Avenue Alternative Typical Cross-Section.....	3-47
Figure 4-1—Wetland Resources and Potential Impacts within South Station Site	4-7
Figure 4-2—Wetland Resources and Potential Impacts within Readville – Yard 2 Site	4-9
Figure 4-3—Historic Shoreline Proximate to the South Station and Widett Circle Sites	4-11
Figure 4-4—Historic Shoreline Proximate to the Beacon Park Yard Site.....	4-13
Figure 4-5—South Station Site Existing Water Resources and Stormwater Management	4-25
Figure 4-6—Proposed Stormwater Management at Widett Circle	4-31
Figure 4-7—Proposed Stormwater Management at Beacon Park Yard	4-32
Figure 4-8—Proposed Stormwater Management at Readville – Yard 2.....	4-34
Figure 4-9—Existing Water and Wastewater System at South Station Site	4-41
Figure 4-10—Proposed Water and Wastewater Services at Widett Circle Layover Facility Site	4-45
Figure 4-11—Proposed Water and Wastewater Services at Beacon Park Yard Layover Facility Site ..	4-47
Figure 4-12—Proposed Water and Wastewater Services at Readville – Yard 2 Layover Facility Site..	4-49
Figure 4-13—Key Roadway Intersections in the South Station Traffic Study Area	4-60
Figure 4-14—South Station Site Areas of Potential Effects	4-92
Figure 4-15—Widett Circle Site Areas of Potential Effects.....	4-94
Figure 4-16—Beacon Park Yard Site Areas of Potential Effects.....	4-95
Figure 4-17—Readville - Yard 2 Site Areas of Potential Effects.....	4-96
Figure 4-18—South Station Transportation Analysis Zones	4-111
Figure 5-1—Dorchester Avenue between Summer and Foundry Streets.....	5-10
Figure 5-2—Atlantic Avenue adjacent to.....	5-10
Figure 5-3—Summer Street adjacent to	5-11
Figure 5-4—Proposed Dorchester Avenue Section from Seawall to Streetwall.....	5-12
Figure 5-5—Proposed Dorchester Avenue concept, Illustrating the Four Sidewalk Zones.....	5-14
Figure 5-6—Existing Harborwalk on Dorchester Avenue between Summer St and Congress St.....	5-15
Figure 5-7—Floodplain Existing Conditions – South Station and Widett Circle	5-20
Figure 5-8—1% Annual Chance (100-Year) Flood Inundation with Two-Foot SLR – South Station Project and Widett Circle Footprint (Elevation 14 NAVD 88)	5-21
Figure 5-9—Hurricane Inundation Existing Conditions – South Station and Widett Circle Project Footprint (Storm path from E or SE).....	5-24
Figure 5-10—Existing Conditions of Hurricane Surge Inundation Based on Storm Intensity and Direction	5-25
Figure 5-11—Hurricane Inundation Existing Conditions – Beacon Park Yard Project Footprint (Storm path from E or SE).....	5-27
Figure 6-1—Preliminary Project Schedule	6-2
