LETTER OF INTENT (LOI) CASES

LETTER OF INTENT (LOI): BACKGROUND

- Letter of Intent (LOI) is a type of rental assistance application for tenants who plan to move within 60 days, but who do not yet know where they will be living
- Tenants receive a LOI to provide prospective to landlords advising them that they have access to funding for moving/start up costs
- Only tenants who indicate in the application prescreening that they are planning to move within 60 days will be given the option to complete the LOI application

LETTER OF INTENT (LOI): HOW A TENANT APPLIES FOR A LOI

 A tenant first registers an account in the Tenant Portal and logs in. See registration and login process in the [Tenant Portal Reference Guide](#).

 Tenant clicks Start within the Application Actions in the Tenant Portal. The tenant selects **Moving** for Living Situation, and responds **NO** to the question “Do you know the new landlord for the property and address you're moving to?” The **No** response then generates a Letter of Intent application.

-  The tenant then is required to complete all sections of the LOI Application including:
- Prescreening
 - Applicant Details
 - Hardship
 - Moving-Housing Crisis
 - Current Mailing Address, if any
 - Household Members
 - Income and Income Deductions

LETTER OF INTENT (LOI): HOW A TENANT APPLIES FOR A LOI

- Note that the Tenant is required to answer: “Provide the city you are planning to move to.”
- The selected city or town is used to route the LOI case to the relevant RAA. The routing is based off the city or town that the applicant plans to move to
- Once the tenant finds a unit and converts their case to a RAFT application, the original approval stands, even if they move to a different city or town and have their application processed by a different RAA

Application # 00005924

Dear Paula,

Your application to receive RAFT to move into a new unit has been approved. Attached is a "Letter of Intent" for you to present to potential landlords during your housing search. This letter outlines costs RAFT can cover.

Once you have a new unit identified, a lease in hand, and contact information for your landlord, please click this link and follow the steps below.

1. Begin the process by clicking the "Resume/Track Status" option under "Application Actions"
2. Click the ellipsis to the right of your approved application
3. Select "Apply for Assistance" from the options

Your "letter of intent" is valid for 60 days. If you don't have a new unit within 60 days, you may receive a 30-day extension. If you still don't have a new unit, you will need to reapply.

Thank you for participating in the Massachusetts RAFT Program.

For any questions you may have, please contact MHB at (617) 425-6700 or resourceline@MetroHousingBoston.org.

Sincerely,
Massachusetts Department of Housing and Community Development (DHCD)

LETTER OF INTENT (LOI)

Thu Mar 02 16:41:58 GMT 2023
Expiration: Mon May 01 16:41:58 GMT 2023

Dear Landlord,

The Massachusetts RAFT (Rental Assistance for Families in Transition) program, administered by the Massachusetts Department of Housing and Community Development (DHCD), is pleased to present this letter on behalf of Paula ReedTrain.

Paula ReedTrain is eligible for moving and rental assistance, potentially including:

- Security deposit, not to exceed one month's rent
- First and last months' rent
- One rental stipend, if requested
- Moving expenses

Once you have agreed to rent to Paula ReedTrain, please go to [link](#) and click on 'Apply Now' to open a landlord application to upload the lease agreement, or an intent to rent letter, and provide your payment information.

Use this code `5003R000003t43sQAA` to match your application with the tenant's. Once your application and the tenant's application have matched, and a Regional Administering Agency has otherwise verified that the requested amount is eligible, we anticipate making payment to you within fourteen (14) calendar days.

This letter expires on the expiration date listed above. If this letter has expired, the tenant will need to complete a new eligibility determination. To learn more about the RAFT Program please visit our website: [Residential Assistance for Families in Transition \(RAFT\) program | Mass.gov](https://www.mass.gov/service-details/residential-assistance-for-families-in-transition-raft-program) (<https://www.mass.gov/service-details/residential-assistance-for-families-in-transition-raft-program>). If you have questions about this letter or about the application process, please contact your Regional Administering Agency (RAA). Contact details for your RAA may be found here: [DHCD Regional Administering Agencies \(hedfuel.azurewebsites.net\)](#).

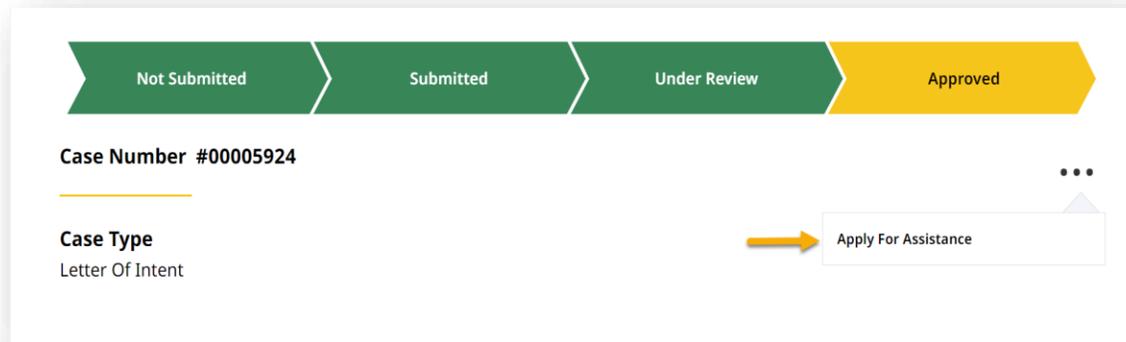

Sincerely,
Massachusetts Department of Housing and Community Development (DHCD)

Please note that the mailbox you are receiving this automatic email from is not monitored, and replies will not be processed.

LETTER OF INTENT (LOI): EXPIRATIONS & EXTENSIONS

- LOI notifications and PDFs indicate an expiration date of **60 days after approval**
- In the Tenant Portal, the “Apply for Assistance” button is available for use for 90 days (so there is a 30-day cushion in place)

- If Tenants contact the RAA close to the 60-day mark, the RAA can explain that their RAFT application will still be accepted up until 90 days after the LOI approval
- In some cases, Tenants may request an updated letter showing the later expiration date (day 90 from approval). If that happens, the RAA may generate a new LOI approval notification and manually edit the PDF to include the 90 day expiration date
 - The fillable extension letter PDF is on Zendesk. See [LOI - Letter of Intent Extensions – Department of Housing and Community Development \(DHCD\) \(zendesk.com\)](#)

LETTER OF INTENT (LOI): CONVERTED APPLICATIONS

LETTER OF INTENT (LOI): CONVERTED APPLICATIONS

- After the Tenant and Landlord applications match, the case will be available for RAA processing in the Staff Portal
- In the Related tab, RAA staff will see the original LOI case with an **Approved** status

The screenshot displays the DHCD E2E Staff Portal interface. At the top, there are navigation tabs for 'Home', '00005924', '00005914', '5925 - Search', '00005926', and '00005925'. Below this is a progress bar with steps: Chaser, Case Manager, Reviewer, Ready for Pay..., Submitted for..., Payments Star..., and Closed. A 'Mark Status as Complete' button is visible on the right.

The 'Key Fields' section includes 'Chaser Status' and 'Reason for Denial'. To the right, there is a 'Guidance for Success' section with a list of four steps: 1. Review Case Details, 2. Check Address and DTA/MH Verifications, 3. Review Contact(s) for potential Duplicates, and 4. Complete Document Checklist.

The main content area has tabs for 'Details', 'Related' (highlighted with an orange arrow), 'Documents', 'Benefits/Payment', and 'Case Comments'. Below these tabs are sections for 'Contacts (0)' and 'Related Cases (2)'. The 'Related Cases' section contains a table with two entries. The second entry is highlighted with an orange box:

| Case Rec... | Case Rec... |
|--|---|
| 00005926 Landlord Application Contact ... John Smith Status: Chaser | 00005924 Letter Of Intent Contact ... Paula ReedTrain Status: Approved |

On the right side of the interface, there is an 'Activity' section with an 'Activity Log' tab. It includes a 'Compose' button and a search bar for the activity feed.

LETTER OF INTENT (LOI): CONVERTED APPLICATIONS

Tenants may find a unit *before* their LOI is converted to a RAFT application and *still* receive RAFT, as long as the converted application is submitted within the LOI timeframe (60 days from approval, or 90 days if an extension was granted)

Remember that Tenant eligibility does **not** need to be reassessed for converted RAFT applications

- The original income eligibility determination during the LOI approval remains, even if the Tenant moves to a different region

RAA staff processing **converted** RAFT applications should review (at minimum):

- Requested, documented expenses
(Remember to look for requested stipend/future rent, if applicable)
- Past RAFT benefits (“payment lookback”)
- Verification of new housing, e.g. new lease
- Housing subsidy status, if applicable, including rent share
- Appropriate property ownership documents for new Landlord

IMPORTANT REMINDERS

IMPORTANT REMINDERS: NOTIFICATIONS

-  Remember that RAA staff must **manually** trigger a time out notification if the application is manually timed out. The notification will **not** be automatically sent by the system if RAA staff manually timed out the application
-  For a list of all system notifications to Tenants/Landlords, see the [Zendesk Reference Guide](#)
-  For a guide on how and when to send manual time out notifications, see [Zendesk Sending to Draft and Manual Time Out Notifications](#)

E2E UPDATES

NEW FUNCTIONALITY STARTING 5/5

- **Total Benefit Awarded Field**
 - Sum of all Verified & Paid Payments within the case
 - Does not take into account other cases from E2E or HAPPY Payments, only the total of the current case
 - Staff should still review prior payments before approving the benefit award
 - Displayed in top ribbon of the Staff Portal
 - If an attempt is made to verify payments within the case in excess of the benefit cap, then an error message is displayed to RAA Staff
- **Docs/Info Due Date Field**
 - Date stamped to a case the first time it is returned to Draft by RAA Staff, so staff no longer need to calculate the ‘timeout’ date or add it to case notes
 - Displayed in Case Header

The screenshot displays a case management interface for Case In UAT 00077884. At the top, a ribbon shows the workflow: Application Match (green), Chaser, Case Manager, Reviewer, and Ready. Below this, the 'Details' tab is active, showing a 'Case Header' section with various fields. The 'Total Benefit Award' field is highlighted with a red box, showing a value of \$0.00. FRAUD RISK & RECOMMENDED ACTIONS

- The Fraud Details section is populated by Deloitte's Pallium Engine daily on open cases, and there may be times when the results are updated based on new detection rules, new entries in the un-trusted list and new entries in the trusted list
 - RAA Staff should use the most up to date Fraud Details entries and recommended actions when processing a case
 - *Reminder* - All info in the Fraud Details section is **CONFIDENTIAL** and not to be shared with applicants or landlords
- The untrusted and trusted lists contain many attributes and continue to be tuned based on new information from multiple sources, including the Zendesk tickets you submit
 - The updating of these lists is making the Pallium detection smarter over time
- We are seeing an uptick of cases being flagged with attributes on the untrusted list
 - Evaluating adding fields to the Fraud Details section to provide RAA Staff with more insight into which attributes are being flagged as untrusted
 - With the amount of identify theft being observed, it's important for us to be diligent even if it appears the landlord/payee name is one for a company the RAA has experience working with
 - We appreciate your patience as the Deloitte Investigations team works through your Zendesk tickets
