

Long-Term Care in a Nursing Facility—Application Checklist

Use this checklist and list of tips when you or your Authorized Representative are applying for MassHealth long-term care (LTC) benefits. LTC benefits are for people looking for nursing home coverage in a skilled nursing facility. To get the LTC benefit, you or your authorized representative designee (ARD) must fill out at least these two forms:

- Application for Health Coverage for Seniors and People Needing Long-Term Care Services and
- Long-Term Care Home- and Community-Based Service Waiver (Supplement A).

Applications may be submitted prior to submitting all necessary verifications. Try to submit as many verifications as possible with the application.

Long-Term Care Application Process

Age 65 and older, applying for long-term care benefits

- When MassHealth receives the application for LTC benefits, it will be assigned to an LTC intake worker at a MassHealth enrollment center (MEC). Applications are reviewed in the order they are received.
- Once the intake worker reviews the application, MassHealth may mail you a letter to ask for more documents to decide if you qualify. You will have 30 days from the date on the letter to send in the documents.

MassHealth has up to 45 days to decide if someone qualifies for LTC benefits. If you applied because of a disability and sent in the disability form, the review process can take up to 90 days. MassHealth will mail a decision notice to the applicant and their authorized representative designee.

Younger than 65, applying for long-term care benefits

MassHealth, the Social Security Administration or the Massachusetts Commission for the Blind must identify that a person has a disability before MassHealth can give them long-term care services.

If none of the agencies above have identified a disability for the applicant, please do the following:

1. fill out the [MassHealth Adult Disability Supplement](#),
2. fill out the [Authorization to Release Protected Health Information](#). Fill out both sides of the form for each medical provider listed, and
3. send the forms to the MassHealth Disability Evaluation Services, or your LTC case worker. Ways to submit information can be found at www.mass.gov/how-to/apply-for-masshealth-the-health-safety-net-or-the-childrens-medical-security-plan.

It can take up to 90 days to review someone's disability supplement.

The [MassHealth Adult Disability Supplement](#) will only be processed if the LTC applicant is already a MassHealth member or a new MassHealth application is submitted.
