### RE: Disaster Aid Pre-qualification for Groundfish Crew Members

Dear <Name of Applicant>:

The Massachusetts Division of Marine Fisheries (DMF) is writing to inform you that based upon your application as a lumper/longshoreman paid by a qualified commercial groundfish vessel **you have not been pre-qualified for inclusion in Phase 2 of the Groundfish Disaster Economic Assistance Program.**

Lumpers/Longshoremen are being pre-qualified to receive a flat rate payment for each year in which they meet the following criteria:

- 1) Were paid by a qualified commercial groundfish vessel<sup>1</sup>,
- 2) documented at least \$5,000 in annual income was generated from eligible commercial groundfish activity; and
- 3) documented that at least 50% of total annual income was generated from eligible commercial groundfish activity.

In the table below, you will find further details regarding DMF's decision not to prequalify you based on the information you submitted with your application and DMF review.

If you believe there was a technical error in the pre-qualification data, you may submit a written appeal to MA DMF postmarked no later than Wednesday, June 3, 2015. Any appeals should be directed to Samantha Andrews at 251 Causeway St., Suite 400 Boston, MA 02114 or by dated email at [Samantha.n.andrews@state.ma.us](mailto:Samantha.n.andrews@state.ma.us). **Please note that DMF will consider your <years> income from a dealer during this appeal period and may be in touch to request additional information.**

---

<sup>1</sup>A qualified commercial groundfish vessel is one that was qualified to receive 2012 groundfish disaster aid, was homeported in MA and documented landings of at least 3,000-lbs., the minimum disaster aid qualification in MA for a commercial groundfish vessel, in each year from 2009-2013 for which a lumper/longshoreman applied for aid.

	Calendar Year				
	2009	2010	2011	2012	2013
