General Information

Who should use this form. Corporations taxed under Ch. 63 of the Massachusetts General Laws should use Form M-2220 to determine whether they paid the correct amount of estimated tax by the proper due date. If not, a penalty may be imposed on the underpayment amount.

For further information on estimated tax payments refer to the "Should the Corporation Be Making Estimated Tax Payments?" in your corporation excise instructions or in the instructions for Form 355-ES, Corporation Estimated Tax Payments.

Paying estimated taxes. All corporations which reasonably estimate their corporate excise to be in excess of \$1,000 for the taxable year are required to make estimated tax payments to the Commonwealth. Estimated taxes may be paid in full on or before the 15th day of the third month of the corporation's taxable year or in four installment payments according to the schedule. Corporations making estimated payments must use Form 355-ES to make their payments.

Short year. Corporations are liable for estimated payments even if there was no return filed for 1999 or if a return filed for 1999 was for less than

twelve months. Corporations meeting either of these conditions should enter the smaller of lines 2 or 3 in line 5. See Massachusetts Regulation 830 CMR 63B.2.2 for additional information.

Large corporation. Any corporation having \$1 million or more of federal taxable income in any of its three preceding taxable years (IRC Sec. 6655(g)) may **only** use its prior year tax liability to calculate its **first** quarterly estimated payment. Any reduction in the first installment payment must be added to the second installment payment.

Making estimated tax payments. Estimated taxes are paid in quarterly installments as follows:

Installment no.	Pct. of estimated tax due	Due date from start of taxable year
1	40%	15th day of 3rd month
2	25%	15th day of 6th month
3	25%	15th day of 9th month
4	10%	15th day of 12th month

Part 2. Figuring your underpayment penalty. See instructions.

30. Add lines 23 through 29.				
31. Total of amounts shown in line 30. Enter this amount in line 27 on page 1 of Form 355A, 355B, 355C-A or 355C-B; line 29, Form 355S-A or 355S-B; or line 14 of Form SBC ►				

*Rate to be determined.

Note: New corporations in their first full taxable year with less than 10 employees have lower payment percentages — 30-25-25-20%; 55-25-20%; and 80-20%. New corporations should check the box in line 7 and use these percentage amounts to complete line 7.

Commercial Banks, Insurance Companies and Public Service Companies. Enter in line 1 the **Total Excise Due** amount from the return being filed. Also, if an underpayment penalty is due, show this amount in the bottom margin of page 1 of your respective return as “underpayment penalty” and increase your total payment due or decrease excess payment to be refunded.

Line Instructions

Figuring Your Underpayment and Penalty

Lines 7 through 12. To determine the underpayment amount, complete lines 7 through 12 for each appropriate column. If line 11 shows an overpayment, that overpayment may first be used as a payment of any existing underpayment amount. Overpayments used as payments of prior underpayment amounts **do not** decrease the actual underpayment amount but serve to reduce instead the **period** of underpayment subject to penalty. If there are no existing underpayment amounts, the overpayment is applied as a credit against the next installment. If more than one payment is made for a given installment, attach separate computations for each payment.
