2023 Massachusetts Arbor Day Poster Contest

Sponsored by

Massachusetts Department of Conservation and Recreation
United States Department of Agriculture Forest Service
Massachusetts Tree Wardens' and Foresters' Association

Dear Educator,

You are invited to join fifth-grade teachers across Massachusetts in the 2023 Arbor Day Poster Contest sponsored by the Department of Conservation and Recreation, the U.S. Forest Service, and the Massachusetts Tree Wardens' and Foresters' Association. This year's theme, **"It's Time for Trees!"** is intended to increase students' understanding of trees and the importance of trees in our communities.

Trees can be found in so many parts of our daily lives. Whether we are in a city or small community, the urban and community forest is so ubiquitous that we often don't stop to think that we are actually part of a forest community and have a complex relationship with its ecosystem. Increasing students' understanding of their relationship with the urban forest and the trees around them is an important step toward appreciation of trees and of the environmental benefits they provide.

For participation in the contest, the use of part or all the activities in this guide is encouraged, but not mandatory. You may adapt, alter, or supplement these activities to meet the needs of your students. **Follow the contest rules as they appear on page 5.** The DCR can accept one poster per school. Home schooled or non-participating school students may submit their posters and enter the contest individually. Make sure your school's poster is signed with the student's first name and last initial and that the school winner report form (page 6) is completed and affixed to the back. Submit one entry per school to the DCR.

The deadline for the Poster Contest is March 15, 2023.

Visit our site at <https://www.mass.gov/guides/annual-arbor-day-poster-contest> and view past state winners.

Julie Coop, the DCR Urban & Community Forester, will announce the state winners.

Contact Julie Coop, Julie.coop@mass.gov or 617-797-3392 for more information.

Activities Overview

I. Discover the Benefits of Trees

Student Learning Objectives:

- Identify ways trees “work” to protect our natural resources.
- Estimate the economic value of urban trees to individuals and to a community.
- Describe several ways trees enhance human environments and natural ecosystems.

Basic Activity (Page 6 of the Arbor Day Foundation curriculum booklet)

- Discover the Value of Your Community Trees

Extension Activity

- Students select one or more trees to measure and calculate benefits using MyTree:

<https://mytree.itreetools.org>

View how to measure a tree's diameter here:

<https://www.portlandoregon.gov/trees/article/424017>

Related Massachusetts Educational Standards

Science and Technology/ Engineering

5.ESS.3.1 Earth and Space Sciences | Earth & Human Activity

5.LS.2.1 Life Science Ecosystems: Interactions, Energy, and Dynamics

Extension Activity: Digital Literacy and Computer Science | Digital Tools and Collaboration

3-5.DTC.a Digital Tools

3-5.DTC.b Collaboration & Communication

II. Create a Poster:

Student Learning Objective:

- Students create a poster that reflects their understanding of trees and the importance of trees in urban and community forests.

Activity:

- Ask each student to create a poster around the theme “It’s Time for Trees!” that reflects their understanding of trees and the importance of trees in urban and community forests.
- The poster may relate to the theme of trees in our communities and how they protect (and are a part of) our natural resources. Students are encouraged to be creative with the theme. The theme is intended to invite a variety of interpretations related to the importance of trees in our neighborhoods. If you have other lessons related to trees that you would like to use, please feel free to do so.
- [Project Learning Tree \(www.plt.org\)](http://www.plt.org) is another source for lesson plan ideas.

Contest Process

1. Create a Poster

Ask each student to create a poster around the theme “**It’s Time for Trees!**” that reflects their understanding of trees and the importance of trees in communities.

Students should follow the poster contest rules by using the [checklist on page 5](#).

2. Hold a School Poster Contest

You may select the winner or have a judging panel for the classroom and school contest. The contest may be in person or online. Judges could include other students, garden club members, tree board members, nursery personnel, arborists, the tree warden, teachers, PTA members, or individuals with an interest in trees who are willing to volunteer. Home-schooled and non-participating school students may submit their posters individually.

3. Submit your Winning Poster to DCR

Submit your winning poster to DCR postmarked on or by **March 15, 2023**. One poster per school, please.

4. Winners will be announced in late April

Poster Contest Prizes

First Place

- A tree is planted on the grounds of the winner’s school
- Art & science supplies and many other prizes
- and more...

Second Place, Third Place, and Honorable Mention Winners receive art and science supplies and many other prizes at a ceremony for all the winners.

Winner’s teacher will also receive prizes that include educational materials that will support continued learning about forests and natural resource conservation.

Poster Contest Rules

Use this checklist to make certain all entries are eligible for judging.

2022 Arbor Day Poster Contest Winner,
Molin Elementary School, Newburyport

Entries not meeting these guidelines may be disqualified.

1. All entries must be **original artwork** created by an individual student who is **currently in the fifth grade**. A student may enter the contest only once.
2. The student's **first name** and **last initial** must be **written** in the lower right-hand corner on the front of the poster. Do not include the last name on the front of the poster.
3. **CONTENT:** The poster must be related to the contest theme in some way. The theme **"It's Time for Trees!" must be on the poster**. All words must be spelled correctly and be written clearly.
4. **ENTRY MEDIA**
 - a) Entries may be done in marker, crayon, paint pens, watercolor, ink, acrylic, colored pencil, and/or tempera paint.
 - b) Collages are not acceptable. (Do not glue anything on your poster.)
 - c) Computer or photo-generated art and/or printing is not acceptable.
 - d) Entries should not display the names of commercial products, companies, or organizations.
5. **SIZE:** Entries must be **no smaller than 8.5 x 11"** and **no larger than 14 x 18."** **Over-sized or under-sized submissions will not be accepted.**
6. **PAPER:** Entries must be done on paper that will allow for duplication, display, and framing.
7. Entries should not be matted, mounted, laminated, framed, or folded.
8. Submit your school's entry by **March 15, 2023** (postmark date) to DCR's Urban and Community Forestry Coordinator, Julie Coop, as described on the **"School Winner Report Form"** on the next page. Affix School Winner Report Form to the back of the school's winning poster.

School Winner Report Form

2023 Massachusetts Arbor Day Poster Contest

**All information should be complete to expedite notification of winners.
All artwork becomes the property of contest sponsors.**

After selecting a winning poster for the school, copy and complete this form, attach to the back of the winning poster, and send to:

*Julie Coop, DCR Urban & Community Forester
251 Causeway St. 9th floor,
Boston, MA 02114*

(Address information is for mailing prizes to participants, it will not be shared)

Winner's Name _____

Winner's Home Address _____

City, State, ZIP _____

Winner's parent or guardian name _____

Teacher's e-mail address _____

School Name _____

School Address _____

City, State, ZIP _____

School Phone (____) ____ - _____

Important—School Tally:

How many fifth-grade students participated in your poster contest? _____

How many teachers participated in your poster contest? _____

Celebrate Arbor Day

Friday, April 28, 2023

Since 1872, Arbor Day has been celebrated throughout the United States, and Arbor Day celebrations in schools have always played an important role. An Arbor Day celebration can be:

- **Simple** – Plant a tree in honor of your school poster contest winner or to recognize an outstanding volunteer.
- **Inspiring** – Have your graduating class plant a tree with the younger students. This is a tradition that honors the students leaving and gives new students something to enjoy throughout their years!
- **Entertaining** – Students compose poems or songs about trees or perform an Arbor Day play. (A sample play is available at www.arborday.org/arbordayplay.) This could be performed for fellow students, families, or senior citizens. Whatever you choose for your celebration, go outside and enjoy the trees and environment that surround you!

Get your students outside and celebrate Arbor Day!

For ideas on celebrating Arbor Day, go to www.arborday.org/celebrate/ and go to for ways to integrate Arbor Day into the classroom, go to www.arborday.org/celebrate/educational-resources.cfm or contact the [DCR Urban and Community Forestry Program](#).
