Reportable Animal Diseases

The diseases listed below must be reported to the Massachusetts Department of Agricultural Resources (MDAR) Division of Animal Health when detected <u>or suspected</u> in animals that are in or have been recently been exported from Massachusetts. Practitioners should also report outbreaks of other diseases that seem to be progressing and which pose a threat to the animal population (ringworm, rhinopneumonitis, salmonella, etc.).

Reporting Priority:

- 1. Report immediately by telephone to State Veterinarian; confirm in writing or via email.

 Diseases marked with an asterisk (*) must also be reported to the Massachusetts Department of Public Health Epidemiology Program at 617-983-6800 within 24 hours of suspicion or diagnosis.
- 2. Report by telephone or via email within 24 hours.
- 3. Report by telephone, in writing, or email within 72 hours.
