Background

In light of the state of emergency declared in the Commonwealth due to COVID-19, the Executive Office of Health and Human Services (EOHHS), which administers the Massachusetts Medicaid program known as MassHealth, is disbursing critical stabilization funding to support health care providers impacted by and responding to COVID-19. These enhanced rates have been established to address reduced member utilization of day program services occurring as day programs operate during the Public Health Emergency.

EOHHS directs One Care Plans and SCOs (referred to herein collectively as “integrated care plans” or “plans”) to institute temporary rate increases as set forth in this bulletin.

EOHHS will amend the integrated care plans’ contracts as needed to reflect the requirements set forth in this bulletin.

This bulletin does not apply to Program of All-Inclusive Care for the Elderly (PACE) organizations.
