MassHealth
Managed Care Entity Bulletin 83
March 2022

TO: Managed Care Entities Participating in MassHealth
FROM: Amanda Cassel Kraft, Assistant Secretary for MassHealth

RE: Uniform Rate Increase for Inpatient Mental Health Services for COVID-19 Positive Members, Operation of and Payment for Intensive Hospital Diversion for Youth, Updates to Payment for Behavioral Health Urgent Care, and Temporary Suspension of Concurrent Review for Community Crisis Stabilization

Applicable Managed Care Entities and PACE Organizations

- Accountable Care Partnership Plans (ACPPs)
- Managed Care Organizations (MCOs)
- MassHealth's behavioral health vendor
- One Care Plans
- Senior Care Organizations (SCOs)
- Program of All-inclusive Care for the Elderly (PACE) Organizations

Background

This bulletin directs Accountable Care Partnership Plans (ACPPs), Managed Care Organizations (MCOs) and MassHealth's behavioral health vendor ("BH vendor"), to implement rate increases for inpatient mental health services delivered to COVID-19 positive members, operationalize and pay at least the rate specified by MassHealth for an Intensive Hospital Diversion program for youth, and pay a uniform percentage rate increase of 15%, using the specified code and modifier combinations, for services rendered by Behavioral Health Urgent Care providers designated by EOHHS. The rate increases are not applicable to One Care Plans, Senior Care Organizations (SCOs), and Program of All-Inclusive Care for the Elderly (PACE) Organizations.

In addition, this bulletin directs ACPPs, MCOs, the BH vendor, One Care Plans, Senior Care Organizations (SCOs), and Program of All-Inclusive Care for the Elderly (PACE) Organizations to temporarily suspend concurrent review for Community Crisis Stabilization (CCS) services.

Uniform Rate Increase for Inpatient Mental Health Services for COVID-19 Positive Members

Effective January 1, 2022, ACPPs, MCOs, and the BH vendor shall pay a uniform rate increase of \$954.59 per diem over their contracted rates for inpatient mental health services or administratively necessary day services immediately following inpatient mental health services for COVID-19-positive members admitted to Department of Mental Health (DMH)-licensed psychiatric hospitals and all units with DMH-licensed beds.

The temporary per diem rate increase is applicable for up to 14 days when a member is admitted for inpatient mental health services or receives administratively necessary day services immediately

MassHealth
Managed Care Entity Bulletin 83
March 2022
Page 2 of 13

following inpatient mental health services, is confirmed positive for COVID-19 at the time of admission or within 96 hours of admission, and is not suspected of having become COVID-19 positive after admission due to exposure occurring within the admitting hospital. This rate increase shall remain in effect until May 1, 2022, or as otherwise directed by EOHHS.

This rate increase is not applicable to One Care Plans, SCOs, or PACE Organizations.

Intensive Hospital Diversion for Youth

Effective January 1, 2022, ACPPs, MCOs, and the BH vendor shall make the Intensive Hospital Diversion (IHD) program available, through their network of qualified In-Home Therapy providers, for youth up to age 21, as an alternative to 24-hour levels of care. MassHealth directs all ACPPs, MCOs, and the BH vendor to adopt uniform performance specifications for all CBHI services, including IHD. Claims paid for the IHD program will be included in the CBHI risk corridor.

ACPPs, MCOs, and the BH vendor shall pay IHD providers using Level II HCPCS code H2022 and modifier HE (H2022 – HE), Intensive Hospital Diversion Service for Children, per diem, and pay no less than \$175.19 per diem.

Updates to Payment for Behavioral Health Urgent Care

Effective February 1, 2022, ACPPs, MCOs, and the BH vendor are required to pay a uniform percentage rate increase over plans' negotiated rates for the specified services provided by Mental Health Centers that are designated as Behavioral Health Urgent Care provider sites. ACPPs, MCOs, and the BH vendor are required to pay these rates by using the appropriate codes, as detailed in Table 1 of this bulletin, with the Urgent Care modifier, GJ. ACPPs, MCOs, and the BH vendor are required to pay no less than the enhanced rates for the specified services provided at any Behavioral Health Urgent Care provider site in the plan's provider network. These codes may be subject to modification or change as directed by EOHHS. Please see [MCE Bulletin 76](#) for additional information. EOHHS will inform ACPPs, MCOs, and the BH vendor of which MHCs have been designated as Behavioral Health Urgent Care providers.

This rate increase is not applicable to One Care Plans, SCOs, or PACE Organizations.

Temporary Suspension of Concurrent Review for Community Crisis Stabilization

For 120 calendar days from the issuance of this bulletin, ACPPs, MCOs, the BH vendor, One Care Plans, SCOs, and PACE Organizations must suspend concurrent review requirements, if any, for Community Crisis Stabilization (CCS) services. ACPPs, MCOs, the BH vendor, One Care Plans, SCOs, and PACE Organizations may still require updates from CCS providers, at a minimum of every fourteen (14) calendar days, to enable plans to support discharge planning. Plans should continue to assist CCS providers in identifying and preparing for members' anticipated care needs following discharge from CCS.

MassHealth
Managed Care Entity Bulletin 83
March 2022
Page 3 of 13

ACPPs, MCOs, the BH vendor, One Care Plans, SCOs, and PACE Organizations must work with CCS providers to proactively identify admitted members experiencing homelessness or at risk for homelessness and ensure these members are safely and appropriately discharged. Additional resources relative to assisting homeless members or members at risk of homelessness may be accessed via [Helping Patients who are Homeless or Housing Unstable](#). CCS providers may still be expected to notify plans of member discharges from CCS and must continue to ensure timely discharge to lower levels of care as clinically appropriate.
