

Tobin Bridge/Chelsea Curves Rehabilitation Project

NORTH SHORE REGIONAL MUNICIPAL FORUMS

Lynn Municipal Forum

Lynn Public Library

5 North Common St, Lynn, MA 01887

Tuesday, March 19, 2019
10:00 AM – 2:00 PM

Haverhill Municipal Forum

Haverhill Public Library

99 Main St, Haverhill, MA 01830

Wednesday, March 20, 2019
10:00 AM – 2:00 PM

Gloucester Municipal Forum

Sawyer Free Public Library

2 Dale Ave, Gloucester, MA 01930

Thursday, March 21, 2019
10:00 AM – 2:00 PM

These forums will provide elected/appointed officials, key municipal employees (DPW, public safety, planning) an opportunity to be briefed on the upcoming Tobin Bridge/Chelsea Curves Rehabilitation Project on Route 1.

Surrounding municipalities are welcome to attend any of the regional forums. The open house style will focus on the construction phasing, project timeline, and anticipated travel impacts.

The Maurice J. Tobin Memorial Bridge and the Chelsea Viaduct (U.S. Route 1) are undergoing rehabilitation in order to remain safe and in service through the 21st Century. In order to minimize the impacts to the 63,000 vehicles per day using Route 1 and the MBTA bus routes that cross the viaduct and bridge, MassDOT has resequenced these jobs to minimize total construction duration and limit the impacts as much as possible. This resequencing will lessen the duration of impacts to road users, improve the quality of life to those living around the structures, and minimizes the risk of project delays.

To be added to the project email list, please contact

Donny Dailey MASSDOT | GOVERNMENT AND PUBLIC AFFAIRS at Tobin-Chelsea@dot.state.ma.us.
