

DOER Intern Information Form	Renewables
Name of Supervisor:	Joanna Troy
Supervisor Title:	Senior Policy Coordinator
Program Area:	Energy Policy, Planning, and Analysis
Phone:	617-626-7341
Email:	joanna.k.troy@state.ma.us
Intern Projects, Tasks, Roles, Responsibilities:	<p>The Energy Policy, Planning, and Analysis Team supports the DOER's energy policy work through research and analysis. Topics may include the composition of Massachusetts' electric generation supply, including renewable energy, the impact of fuel choice, transmission planning, and the economics of the electricity markets. The Team is looking for a motivated candidate to assist with multiple projects as they develop throughout the summer. Previous knowledge of the electricity markets is not required; internship will provide an excellent opportunity to become familiar with unique challenges and complexities of the regional electricity system.</p>
Minimum hours/week required:	Minimum 15 hours per week, prefer minimum of 20 hours in summer
Internship Dates (if ongoing, just say ongoing):	Summer 2017
Skills required/preferred:	<p>The ideal intern will have strong analytical skills and a desire to learn about energy markets, communication skills, both visual and written, experience with Excel preferred, some knowledge of energy issues preferred.</p> <p>desire to work in a team atmosphere but ability to work independently.</p>
Salary (if none, please say none):	None
Other Information:	<p>For more information on Energy Policy work, please see recent legislation:</p> <p>http://www.mass.gov/governor/press-office/press-releases/fy2017/governor-baker-signs-comprehensive-energy-diversity-law.html and http://www.mass.gov/eea/energy-utilities-clean-tech/renewable-energy/rps-aps/development-of-the-next-solar-incentive.html</p>
How to Apply:	Send resume and cover letter via email to joanna.k.troy@state.ma.us
