**Subject:** Thoughts

Felix,

I think suggested staffing requirement for local towns, based on # permits issued, plan reviews, annual inspections, zoning complaints, etc. would be of help to the local Commissioners.

I think a mandatory dress code would benefit our profession. How do Police and Fire accomplish this?

Regards,

Marshall Adams

**Subject:** summer camp for children definition  
**Importance:** High

Felix,

Working on a problem with a summer camp, 7<sup>th</sup> edition had a definition in 423.1 "operated solely between April and October"

8<sup>th</sup> edition MA amendments in 426.1 leaves out the months of operation, is this missing, is it in a errata or amendment I am missing?

thanks

Stephen:

DPH would like to see Recreation Camps for Children added to the periodic inspection table in Chapter 1 of the 9<sup>th</sup> Edition. They have also asked about guards around in-ground public and semipublic swimming pools being added to same table.

Thank you.

Felix

**Subject:** Outdated references in the MSBC 8th

Felix,

I hope all is well. I'm finding outdated reference standards for the Electrical Code in the current Building Code and 527 CMR 1. This is causing confusing with designers and fire prevention personnel. Is possible to update the all references to ensure we're enforcing the current versions? Thanks

Best Regards,
