MONTHLY INCOME TAX WITHHOLDING TABLE, EFFECTIVE JANUARY 1, 2026

How to use the **MONTHLY** wage-bracket table method of Massachusetts income tax withholding:

1. A claimed spouse counts as "4" exemptions for Massachusetts income tax withholding purposes.
2. If employee is head of household, withhold \$10.00 less than the amount shown in the tax column.
3. If employee (and/or spouse) is blind, withhold \$9.17 less than amount shown in the tax column for each such person.
4. If employee has exemptions or wages not covered by the table, use the percentage method on page 12.
5. If employee claims that he/she is a full-time student whose annual income will not exceed \$8,000, do not withhold Mass. income tax.
6. If employee claims that he/she is exempt under MSRRRA and has filed Form M-4-MS, do not withhold Massachusetts income tax.

How to use the **DAILY** wage-bracket table method of Massachusetts income tax withholding:

1. A claimed spouse counts as "4" exemptions for Massachusetts income tax withholding purposes.
2. If employee is head of household, withhold \$0.33 less than the amount shown in the tax column.
3. If employee (and/or spouse) is blind, withhold \$0.30 less than amount shown in the tax column for each such person.
4. If employee has exemptions or wages not covered by the table, use the percentage method on page 12.
5. If employee has a miscellaneous payroll period, divide total wages by total days according to federal rules.
6. If employee claims that he/she is a full-time student whose annual income will not exceed \$8,000, do not withhold Mass. income tax.
7. If employee claims that he/she is exempt under MSRRRA and has filed Form M-4-MS, do not withhold Massachusetts income tax.

Massachusetts Income Tax Withholding System Percentage Methods for Wages (Not Including Supplemental Wage Payments) Paid from January 1, 2026

Rev. 12/25
Massachusetts
Department of
Revenue

From employee's total wages (not including supplemental wage payments, such as bonuses):

1. Subtract the amount deducted for the U.S. Social Security (FICA), Medicare, Massachusetts, United States or Railroad Retirement systems. The total amount subtracted may not exceed \$2,000. When, during the year, the total amount subtracted reaches the equivalent of the **\$2,000 maximum** allowable as a deduction by Massachusetts, **discontinue** this step.

2. Subtract the total of the exemption factors, i.e., the dollar value of the employee's exemptions, for the applicable payroll period. If an employee claims "0" exemptions, **discontinue** this step.

3. After subtracting the amounts specified in steps 1 and 2 above from the employee's total wages, multiply the result by the number of periods in the year (52 for weekly, 12 for monthly, 24 for semimonthly and 26 or 27 for biweekly) depending on the number of pay periods in the year.

4. Compute the annual tax on the result from step 3. If the result from step 3 is more than \$1,107,750*, multiply that portion of the result in excess of \$1,107,750 by 9%. Then multiply that portion of the result from step 3 that does not exceed \$1,107,750 by 5%. The sum of these amounts is the annual tax.

* This is the 2026 inflation-adjusted threshold for the 4% surtax.

Exemption Factors

5. Divide the result from step 4 by the number of pay periods in the year and withhold that amount.

6. If the employee will file as head of household on their tax return subtract the head of household tax value from the step 5 result. The head of household tax value is as follows: weekly \$2.31; biweekly \$4.62; semi-monthly: \$5.00; monthly \$10.00; daily \$0.33; and annually: \$120.00.

7. If the employee and/or his/her spouse is blind subtract the blindness tax value amount from the result from 5 and 6 (if applicable). The blindness tax value is as follows: weekly \$2.12; biweekly \$4.23; semi-monthly \$4.58; monthly \$9.17; daily \$0.30; and annually \$110.00.

Important Note:

Do not withhold from employees who claim one or more exemptions if their wages are less than: weekly: \$154; biweekly: \$308; semimonthly: \$333; monthly: \$667; daily: \$22; or annually: \$8,000.

For withholding rules as applied to supplemental wage payments, such as bonuses, see section G on page 13.

Massachusetts Income Tax Withholding System Percentage Methods for Pension, Annuity, Other Periodic Payments, Nonperiodic Payments (e.g., Lump-Sum Distributions), and Supplemental Wage Payments (e.g., Bonuses)

Paid January 1, 2026 and thereafter

Rev. 12/25
Massachusetts
Department of
Revenue

A. General Information

Payers and plan administrators of pension, annuity, other periodic payments and nonperiodic payments made to recipients with Massachusetts addresses who have not elected to be exempt from the U.S. income tax withholding provisions must withhold Massachusetts income taxes, effective January 1, 1984. The Massachusetts withholding system differs from the U.S. system.

B. Form M-4P

The Massachusetts Withholding Exemption Certificate, Form M-4P (or a reproduction or other payer-substitute form), should be made available to each recipient.

A recipient, whether receiving periodic or nonperiodic payments, may claim the applicable personal, age 65 or over and blind exemptions (for both spouses) and the exemptions for dependents. If a recipient does not file Form M-4P with the payer, Massachusetts withholding will be based on "0" exemptions. Form M-4P may be used to request that an additional amount be withheld.

Form M-4P should also be used to claim exemption from Massachusetts income tax withholding by a recipient with a Massachusetts address but who is domiciled (legal resident) elsewhere and whose pension is from certain pension plans not subject to tax under Title 4 of the United States Code, section 114.

Recipients with addresses outside of Massachusetts may request, by filing Form M-4P, withholding on payments taxable by Massachusetts.

C. Figuring Withholding

The Massachusetts Income Tax Withholding System Percentage Methods for Pensions, etc., for computing amounts to withhold, appears in the next column. If a payment period differs from the four specified, adapt accordingly.

D. Paying Over Amounts Withheld

The trustee or administrator of the pension or annuity plan must register with DOR online through MassTaxConnect, using the plan's federal tax identification number and checking the appropriate box. Generally, a plan is required to obtain its own Federal Identification number. Returns are due annually, and payments are subject to the same schedule as withholding on wages with regard to frequency. Returns and payments must be made electronically.

E. Reporting to Recipients

Provide a copy of U.S. Form 1099-R, showing the total payment and amount withheld for Massachusetts during the year, to each recipient by the end of the next January for the Massachusetts income tax return.

F. Other

Massachusetts provisions for payer and authorized sender responsibilities and recordkeeping are the same as those for the U.S.

G. From recipient's total payment:

1. **Subtract** the total of the exemption factors for the applicable period. If "0" exemptions claimed or no M-4P, omit this step.

a. Monthly: \$83 multiplied by number of exemptions claimed, plus \$284.

b. Quarterly: \$250 multiplied by number of exemptions claimed, plus \$850.

c. Semiannually: \$500 multiplied by number of exemptions claimed, plus \$1,700.

d. Annually: \$1,000 multiplied by number of exemptions claimed, plus \$3,400.

e. Other Regular Pay Periods: The amount determined for annual payments divided by the number of pay periods in the taxable year.

2. If the recipient will file as head of household on their tax return, add to the amount computed in step 1 and subtract the total from the payment: monthly: \$200; quarterly: \$600; semiannually: \$1,200; annually: \$2,400; other regular pay period: \$2,400 divided by the number of pay periods in the taxable year.

3. If the recipient and/or spouse is blind, for each blind person add to the amount computed in steps 1 and 2, if applicable, and subtract the total from the payment: monthly: \$183; quarterly: \$550; semiannually: \$1,100; annually: \$2,200; other regular pay period: \$2,200 divided by the number of pay periods in the taxable year.

4. Add to the amount determined in step 3 the sum of the employee's total annualized regular wages from the payor (less the amounts deducted from regular wages for the U.S. Social Security (FICA), Medicare, Massachusetts, United States or Railroad Retirement systems and the total of the exemption factors) and any prior supplemental wage payments made to the recipient by the payor in the taxable year.

5. If the result of step 4 is \$1,107,750 or less, withhold 5% of the amount determined in step 3.

6. If the result of step 4 is more than \$1,107,750, the amount determined in step 3 is subject to withholding in an amount equal to the lesser of (i) 9% of the amount determined in step 3, or (ii) 9% of the amount by which the result of step 4 exceeds \$1,107,750, plus 5% of the remainder of the amount determined in step 3.

Example for Supplemental Wage Payment: In tax year 2026, Employee receives an annualized salary of \$948,000, paid monthly (i.e. \$79,000 per month). Employee claims one exemption factor on their Form M-4. Employee will not file as head of household and neither Employee nor their spouse is blind. In March, Employee receives a one-time bonus (supplemental wage payment) of \$350,000 that is included in Employee's March paycheck.

Employer must follow the steps laid out in section G of the Circular M to determine the amount Employer should withhold from the bonus.

1. There is no M-4P. Therefore, Employer should omit step 1.

2. Employee will not file as head of household, so step 2 does not apply.

3. Neither Employee nor their spouse is blind, so step 3 does not apply.

4. Since steps 1-3 do not apply, the starting point for step 4 is \$350,000.

Step 4 requires that Employer add to that amount Employee's total annualized wages from Employer minus amounts deducted from regular wages for U.S. Social Security (FICA), Medicare, Massachusetts, United States or Railroad Retirement systems (assume \$2,000 here) and the total of the exemption factors (\$4,400) and any prior supplemental wage payments made to Employee by Employer in the taxable year (\$0). The total for step 4 is \$1,291,600.

5. Since the sum of the supplemental wage payment and Employee's total annualized wages is greater than \$1,107,750. Employer's withholding on the bonus should equal 9% of the amount by which that sum exceeds \$1,107,750, plus 5% of the remainder:

Amount of withholding from bonus = $(0.09 \times \$183,850) + (0.05 \times \$166,150)$
= \$24,854.

Important Note

Payers are requested to urge recipients to ask that additional amounts be withheld on Form M-4P to cover taxes for certain payments taxable at the 9% rate or for other income not subject to the withholding system.
