EXECUTIVE SUMMARY

Inmar Rx Solutions, Inc (Inmar) was approved to operate a Drug Stewardship Program (“Program”) on August 6, 2020 pursuant to the Massachusetts Drug Stewardship Program, codified as M.G.L. c. 94H and under the guidance of Circular Letter DHCQ 17-1-666. This Annual Report is for the period between January 1, 2023 and December 31, 2023.

Throughout the Reporting Period, there was one collection site closure and Inmar secured 30 additional collection sites. As of today, Inmar is operating 124 collection sites and 36 mail-back distribution locations across the state of Massachusetts. Inmar collected a total of 5,135.59 pounds of Unwanted Drugs by means of collection sites (kiosks) and mail-back services including mail-back distribution sites, as well as by request via the Program’s website or toll-free phone number.

PARTICIPATING MANUFACTURERS

Manufacturer	Mailing Address

SAFETY OR SECURITY CONCERNS

Policies and procedures for collecting, transporting and disposing of Unwanted Covered Drugs, as established in the Plan, were followed in the Reporting Period. There are no safety or security concerns for the Reporting Period.

OUTREACH INITIATIVES

1. Digital Media - Programmatic

Programmatic media provides targeted display ads on browser sites on internet capable devices (smart phones, computers, tablets, etc.). Inmar ran ads across a prequalified list of over 200,000 domains including a variety of retail websites, Google, and Facebook. The programmatic targeted ads ran for six weeks leading up to the DEA's National Prescription Take Back Days from April 1, 2023 to May 18, 2023 and October 10, 2023 to December 31, 2023. Examples of the Programmatic ads are included in Appendix A - Figure 2.

2. Digital Media - Influencer Marketing and Social Media

Influencer marketing is a content creation tactic used to drive awareness and education to a targeted audience through blogs and social media outlets. Influencers create authentic content around their everyday lives and interests while weaving the story of prescription drug take-back into their content. Influencer content is converted into paid ad units across social platforms and then targeted to community members across the state of Massachusetts.

Paid advertisements for influencer content were run on a variety of platforms including Google, Instagram and Facebook. Inmar ran social media influencer campaigns concurrently with other digital media campaigns. Inmar posted two social media posts per month per platform (Instagram, Twitter, and Facebook). Images used in the social media posts are included in Appendix A - Figure 1.
