

Massachusetts Tax Credit Transparency Report

Calendar Year 2013

(Updated on December 30, 2016)

NOTE: The Massachusetts Tax Credit Transparency Report for Calendar Year 2013 has been updated as of December 30, 2016 to reflect 2013 tax credits that were issued after the December, 2015 publication of the 2013 report and other changes. While these credits were issued after 2013, they are considered 2013 credits because, for example, film credit applications received by December 31, 2013 are issued as 2013 credits notwithstanding the fact that these pending applications were processed in 2014 or later years.

I. Introduction

Massachusetts legislation enacted in 2010 requires agencies that administer refundable and transferable tax credit programs to submit an annual public report, by May 15 of each year, to the Department of Revenue with respect to such credits awarded or issued for the previous calendar year.¹ See St. 2010, c. 131, §§ 37, 38, 39 and 47, amending G.L. c. 62C by amending § 1, and adding new § 89; St. 2010, c. 240, § 118, further amending G.L. c. 62C, § 1. For more information regarding this legislation, see Technical Information Release (TIR) 10-11 and TIR 10-15.

The reporting requirements are effective for credits awarded or issued beginning January 1, 2011². Transfers of credits by the original recipients are not subject to the reporting requirements. Some credits may have pending applications that have not been processed by the time this annual report is issued. If any pending applications are eventually approved, the report to which the pending credit applications relate will be updated during the following reporting years. It is possible that some credits may be decertified or terminated voluntarily after an award has been reported. Readers may refer to the administering agencies' websites for further information on decertification or voluntary termination.

¹ The Massachusetts legislature amended the confidentiality statute creating a limited exception to the general rule of confidentiality by adding the tax credit transparency statute, G.L. c. 62C, § 89. Any taxpayer information apart from what is disclosed in this report remains confidential under the general confidentiality statute, G.L. c. 62C, § 21.

² The legislation establishing these reporting requirements provides that these requirements should not encompass credits that were either awarded or issued prior to 2011.

The following thirteen refundable or transferable tax credits are subject to the reporting requirements for the 2013 calendar year:

1. Film Tax Credit (90% refundable or transferable at the election of applicant). *See* G.L. c. 62, § 6(l) and c. 63, § 38X.

II. Awarded v. Issued Columns – Three Categories of Credits

The thirteen transferable and refundable tax credit programs have varying processes in awarding or issuing the credits. Generally, an award of a credit is a formal acknowledgement that a particular taxpayer will be entitled to claim a tax credit upon completing certain tasks, whereas issuance is the actual receipt of the credit. You will notice that some tax credit programs have an award process but no issuance process, and others have a process for issuing credits but no award process. Generally, the programs fall into three categories of credit processes:

1. Credits That Require an Award and an Issuance

Credit programs with an annual cap (a limited amount of funds to be disbursed) generally require taxpayers to participate in an award process that involves the submission of an application to the administering agency. After the administering agency chooses who can receive a portion of the cap, notices are sent to those taxpayers informing them that they have been awarded a portion of the credits.

Some credits with an award process also require a formal issuance of the credits by the administering agency before taxpayers are entitled to claim or sell the credits.

The Low-Income Housing, Certified Housing Development, and Historic Rehabilitation tax credits have both an award process and an issuance process. After receiving an award and completing the Low-Income Housing, Certified Housing Development or Historic Rehabilitation project, the taxpayer must apply to the administering agency for a formal issuance of the credit. After the administering agency issues the credit to the taxpayer, the taxpayer can use the credit either by taking the credit on his/her tax return or transferring the credit. The issuance of the credits occurs when the corresponding project is completed, which can be a year or more after the credit is awarded. Both the award column and the issuance column are applicable to these credits.

2. Credits That Are Issued With No Award Process

The Film, Brownfields and Medical Device tax credits do not have an annual cap and therefore do not require an award process. A taxpayer must apply to the Department of Revenue before the taxpayer can use the credit. After processing the application the Department of Revenue issues a credit certificate to the taxpayer, allowing the taxpayer to take the credit on his/her tax return or to transfer the credit. The award column is therefore not applicable to these credits.

3. Credits That Require an Award With No Formal Issuance

The seven remaining credits have an annual cap and therefore have an award process that requires taxpayers to submit an application to its administering agency. After the administering agency sends an award notice to the taxpayer, the taxpayer can use the credit by taking the credit on his/her tax return or transferring the credit. It is the date of the award notice that is entered in the Date Awarded column, which is unrelated to the time when the taxpayer may claim the credit on the taxpayer's return or transfer the credit to another taxpayer. The issuance column is not applicable to these credits.

III. Public Written Statements

In addition to the statutory references cited above, the following general descriptions and DOR public written statements provide detailed information describing the tax credits:

Film Tax Credit

Motion picture production companies may claim (1) a credit equal to 25% of the total qualifying aggregate payroll for employing persons within the commonwealth in connection with filming and production of a motion picture and (2) a credit equal to 25% of their Massachusetts production expenses. Each credit has its own qualification requirements and a taxpayer is allowed to qualify for and claim both credits. The production companies must incur a minimum of \$50,000 in qualified expenses during a consecutive twelve-month qualification period. The credits are either transferable or 90%-refundable to the motion picture production companies to the extent that the credits exceed the companies' Massachusetts tax liability. Transferees are not eligible for the 90%-refundability.

The award can be claimed by the taxpayers in each year of a period of five years. The criteria for eligible low-income housing projects are outlined in the regulations and other public written statements cited below.

The tax credit is up to 50% of the “net response and removal costs” as that term is defined in G.L. c. 21E, § 2.

Dairy Farmer Tax Credit

Taxpayers holding a certificate of registration as a dairy farmer pursuant to G.L. c. 94, § 16A are allowed a refundable dairy farmer tax credit based on the amount of milk produced and sold. The dairy farmer tax credit is based on the U.S. Federal Milk Marketing Order for the applicable market, such that when the U.S. Federal Milk Marketing Order price drops below a trigger price anytime during the taxable year the taxpayer will be entitled to the tax credit. The total amount of the tax credit granted cannot exceed \$4 million in any year.

- Regulation 330 CMR 29.00, Dairy Farmer Tax Credit Program.

Life Sciences Tax Incentive Program

The Life Sciences Center certifies and awards four tax incentives to life sciences companies that enable companies to obtain tax credits. These credits, which are 90%-refundable, together with other life science tax incentives, are subject to an aggregate \$25 million annual cap.

The Life Sciences Investment Tax Credit is equal to 10% of the cost of qualifying property acquired, constructed, reconstructed or erected during the taxable year and used exclusively in Massachusetts.

The Life Sciences User Fees Tax Credit is equal to 100% of the user fees paid to the U.S. Food and Drug Administration (U.S.F.D.A.) upon submission of an application to manufacture a human drug in Massachusetts, and may be claimed in the taxable year in which the application for licensure of an establishment to manufacture the drug is approved by the U.S.F.D.A. To be eligible for the credit, more than 50% of the research and development costs for the drug must have been incurred in Massachusetts.

Taxpayers seeking to claim a Life Sciences Jobs Tax Credit must commit to the creation of a minimum of 50 net new permanent full-time positions in Massachusetts and the amount of the credit is determined by the Life Sciences Center.

The Life Sciences Center may authorize a life sciences company to obtain refunds of existing Research Credits. Generally, the Research Credit for research expenses incurred in Massachusetts is based on a formula that measures taxpayers' year-to-year increases in Massachusetts research expenses. See the regulation cited below for a more detailed description of the formula.

Economic Development Incentive Program

Under the Economic Development Incentive Program (EDIP), the Economic Assistance Coordination Council (EACC) may award to taxpayers up to 40% of the cost of qualifying property used in certified manufacturing retention projects as refundable credits, subject to an annual \$10 million cap. The \$10 million annual cap is part of an over-all \$25 million annual cap imposed on the EDIP. The EACC certifies the projects and

requires that the projects must be in a gateway municipality. A gateway municipality is defined as a municipality having a population greater than 35,000 and less than 250,000, and with a median household income and a rate of educational attainment that are both below the state average.

EACC may award up to \$1,000 per job (\$5,000 per job in gateway municipalities) to certified job creation projects. The total award for a project may not exceed \$1 million.

Certified Housing Development Tax Credit

The Department of Housing and Community Development may award transferable Certified Housing Development Tax Credits equal to up to 10% of the costs of qualified substantial rehabilitation expenditures, as defined in G.L. c. 40V, § 1, of the market rate units within the certified housing development projects. The awarded transferable credits are subject to a \$5 million annual cap which is part of an over-all \$25 million annual cap imposed on the EDIP.

Conservation Land Tax Credit

Taxpayers are allowed a refundable conservation land tax credit for qualified donations of certified land to a public or private conservation agency. The credit is subject to an annual \$2 million cap and is equal to 50% of the fair market value of the qualified donation up to a maximum credit of \$50,000 for each qualified donation. The certification process is conducted by the Executive Office of Energy and Environmental Affairs (EOEEA). The certification criteria are outlined in EOEEA's regulation, 301 CMR 14.00, cited below.
