

Massachusetts Tax Credit Transparency Report

Calendar Year 2020

I. Introduction

Massachusetts legislation enacted in 2010 requires agencies that administer refundable and transferable tax credit programs to submit an annual public report, by May 15 of each year, to the Department of Revenue with respect to such credits awarded or issued for the previous calendar year. *See* St. 2010, c. 131, §§ 37, 38, 39 and 47, amending G.L. c. 62C, § 1, and adding a new § 89; St. 2010, c. 240, § 118, further amending G.L. c. 62C, § 1. For more information regarding this legislation, *see* Technical Information Release (TIR) 10-11 and TIR 10-15.

The reporting requirements are effective for credits awarded or issued beginning January 1, 2011¹. Transfers of credits by the original recipients are not subject to the reporting requirements. Some credits may have pending applications that have not been processed by the time this annual report is issued. If any pending applications are eventually approved, the report to which the pending credit applications relate will be updated during the following reporting years. It is possible that some credits may be decertified or terminated voluntarily after an award has been reported. Readers may refer to the administering agencies' websites for further information on decertification or voluntary termination.

The following sixteen refundable or transferable tax credits are subject to the reporting requirements for the 2020 calendar year:

II. Awarded v. Issued – Three Categories of Credits

The sixteen transferable and refundable tax credit programs have varying processes in awarding or issuing the credits. Generally, an award of a credit is a formal acknowledgement that a particular taxpayer will be entitled to claim a tax credit upon completing certain tasks, whereas issuance is the actual receipt of the credit. Credit programs that have an annual cap (a limited amount of funds to be disbursed) generally require taxpayers to participate in an award process that involves the submission of an application to the administering agency. After the administering agency determines how the amount of funds is to be disbursed, notices are sent to those taxpayers informing them that they have been awarded a credit.

² The Cranberry Bog Renovation Credit is available for tax years beginning on or after January 1, 2020. As of the date of this report, no taxpayers have applied for these credits, and no credits have been awarded. However, the Department is aware that credit generating activities occurred during calendar year 2020, and it anticipates that eligible taxpayers will submit applications for the credit to the Executive Office of Energy and Environmental Affairs (EEA), and claim any approved credits by filing amended returns with the Department.

Some tax credit programs have an award process but no issuance process, and others have a process for issuing credits but no award process. Generally, the programs fall into three categories:

1. Credits That Require an Award and an Issuance

The Low-Income Housing, Certified Housing Development, and Historic Rehabilitation tax credits have both an award process and an issuance process. After receiving an award and completing the Low-Income Housing, Certified Housing Development or Historic Rehabilitation project, the taxpayer must apply to the administering agency for a formal issuance of the credit. After the administering agency issues the credit to the taxpayer, the taxpayer can use the credit either by taking the credit on the taxpayer's return or transferring the credit. The issuance of the credit occurs when the corresponding project is completed, which can be a year or more after the credit is awarded.

2. Credits That Are Issued With No Award Process

The Film, Brownfields and Medical Device tax credits do not have an annual cap and do not require an award process. The Community Investment tax credit has an annual cap, but does not require an award process. A taxpayer must apply to the administering agency³ before the taxpayer can use the credit. After processing the application, the administering agency issues a credit certificate to the taxpayer, allowing the taxpayer to take the credit on the taxpayer's return or to transfer the credit.

3. Credits That Require an Award With No Formal Issuance

The nine remaining credits have an annual cap and therefore have an award process that requires a taxpayer to submit an application to the administering agency. After the administering agency sends an award notice to the taxpayer, the taxpayer can use the credit by taking the credit on the taxpayer's return or, in the case of the Economic Development Incentive Program Credit, transfer the credit.

³ The Department of Revenue is the administering agency for the Film, Brownfields, and Medical Device tax credits, and the Department of Housing and Community Development is the administering agency for the Community Investment tax credit.

III. Credit Descriptions

In addition to the statutory references cited above, the following general descriptions and DOR public written statements provide information on the tax credits:

Film Tax Credit

Motion picture production companies may claim (1) a credit equal to 25% of the total qualifying aggregate payroll for employing persons within the commonwealth in connection with filming and production of a motion picture and (2) a credit equal to 25% of their Massachusetts production expenses. Each credit has its own qualification requirements and a taxpayer is allowed to qualify for and claim both credits. The production companies must incur a minimum of \$50,000 in qualified expenses during a consecutive twelve-month qualification period. The credits are either transferable or 90%-refundable to the motion picture production companies to the extent that the credits exceed the companies' Massachusetts tax liability. The dairy farmer tax credit is based on the U.S. Federal Milk Marketing Order for the applicable market, such that when the U.S. Federal Milk Marketing Order price drops below a trigger price anytime during the taxable year the taxpayer will be entitled to the tax credit. The cap on the total amount of credits that may be granted annually is \$6 million. The Life Sciences Center administers and awards four tax incentives to life sciences companies that enable companies to obtain tax credits. These credits, which are 90%-refundable, together with other life sciences tax incentives, are subject to an aggregate \$30 million annual cap, which was increased from \$25 million effective January 1, 2019.

The Life Sciences Investment Tax Credit is equal to 10% of the cost of qualifying property acquired, constructed, reconstructed or erected during the taxable year and used exclusively in Massachusetts.

The Life Sciences User Fees Tax Credit is equal to 100% of the user fees paid to the U.S. Food and Drug Administration (U.S.F.D.A.) upon submission of an application to manufacture a human drug in Massachusetts, and may be claimed in the taxable year in which the application for licensure of an establishment to manufacture the drug is approved by the U.S.F.D.A. To be eligible for the credit, more than 50% of the research and development costs for the drug must have been incurred in Massachusetts.

Taxpayers who commit to creating a minimum of 50 net new permanent full-time positions in Massachusetts may claim the Life Sciences Jobs Tax Credit. The amount of the credit is determined by the Life Sciences Center.

The Life Sciences Center may authorize a life sciences company to obtain refunds of existing Research Credits. Generally, the Research Credit for research expenses incurred in Massachusetts is based on a formula that measures taxpayers' year-to-year increases in Massachusetts research expenses.

The amount of credit allowed in each case is determined by the EACC, and based on numerous factors set forth in G.L. c. 23A, § 3D. The EACC may designate the credit as refundable for any certified project, subject to a limitation that the EACC may not award more than \$5 million in refundable credits per year. The EACC is authorized to specify the timing of the refund. If a certified project is sold or otherwise disposed of, the credit allowed may be transferred to the

purchaser of the certified project, provided that the EDIP contract is assigned to and assumed by the purchaser and approved in writing by the EACC. The credits authorized by the EACC are subject to an annual cap of \$30 million. The following regulation and public written statements provide additional information and background on the credit:
