

Massachusetts Tax Credit Transparency Report

Calendar Year 2021

I. Introduction

Massachusetts legislation enacted in 2010 requires agencies that administer refundable and transferable tax credit programs to submit an annual public report, by May 15 of each year, to the Department of Revenue with respect to such credits awarded or issued for the previous calendar year. *See* St. 2010, c. 131, §§ 37, 38, 39 and 47, amending G.L. c. 62C, § 1, and adding a new § 89; St. 2010, c. 240, § 118, further amending G.L. c. 62C, § 1. For more information regarding this legislation, *see* Technical Information Release (TIR) 10-11 and TIR 10-15.

The reporting requirements are effective for credits awarded or issued beginning January 1, 2011¹. Transfers of credits by the original recipients are not subject to the reporting requirements. Some credits may have pending applications that have not been processed by the time this annual report is issued. If any pending applications are eventually approved, the report to which the pending credit applications relate will be updated during the following reporting years. It is possible that some credits may be decertified or terminated voluntarily after an award has been reported. Readers may refer to the administering agencies' websites for further information on decertification or voluntary termination.

The following sixteen refundable or transferable tax credits are subject to the reporting requirements for the 2021 calendar year:

II. Awarded v. Issued – Three Categories of Credits

The sixteen transferable and refundable tax credit programs have varying processes in awarding or issuing the credits. Generally, an award of a credit is a formal acknowledgement that a particular taxpayer will be entitled to claim a tax credit upon completing certain tasks, whereas issuance is the actual receipt of the credit. Credit programs that have an annual cap (a limited amount of funds to be disbursed) generally require taxpayers to participate in an award process that involves the submission of an application to the administering agency. After the administering agency determines how the amount of funds is to be disbursed, notices are sent to those taxpayers informing them that they have been awarded a credit.

² The Cranberry Bog Renovation Credit is available for tax years beginning on or after January 1, 2020. As of the date of this report, credits for 2021 are still in the review and award process by the Executive Office of Energy and Environmental Affairs (EEA).

Some tax credit programs have an award process but no issuance process, and others have a process for issuing credits but no award process. Generally, the programs fall into three categories:

1. Credits That Require an Award and an Issuance

The Low-Income Housing, Certified Housing Development, and Historic Rehabilitation tax credits have both an award process and an issuance process. After receiving an award and completing the Low-Income Housing, Certified Housing Development or Historic Rehabilitation project, the taxpayer must apply to the administering agency for a formal issuance of the credit. After the administering agency issues the credit to the taxpayer, the taxpayer can use the credit either by taking the credit on the taxpayer's return or transferring the credit. The issuance of the credit occurs when the corresponding project is completed, which can be a year or more after the credit is awarded.

2. Credits That Are Issued With No Award Process

The Film, Brownfields and Medical Device tax credits do not have an annual cap and do not require an award process. The Community Investment tax credit has an annual cap, but does not require an award process. A taxpayer must apply to the administering agency³ before the taxpayer can use the credit. After processing the application, the administering agency issues a credit certificate to the taxpayer, allowing the taxpayer to take the credit on the taxpayer's return or to transfer the credit.

3. Credits That Require an Award With No Formal Issuance

The nine remaining credits have an annual cap and therefore have an award process that requires a taxpayer to submit an application to the administering agency. After the administering agency sends an award notice to the taxpayer, the taxpayer can use the credit by taking the credit on the taxpayer's return or, in the case of the Economic Development Incentive Program Credit, transfer the credit.

³ The Department of Revenue is the administering agency for the Film, Brownfields, and Medical Device tax credits, and the Department of Housing and Community Development is the administering agency for the Community Investment tax credit.

III. Credit Descriptions

In addition to the statutory references cited above, the following general descriptions and DOR public written statements provide information on the tax credits:

Film Tax Credit

Motion picture production companies may claim (1) a credit equal to 25% of the total qualifying aggregate payroll for employing persons within the commonwealth in connection with filming and production of a motion picture and (2) a credit equal to 25% of their Massachusetts production expenses. Each credit has its own qualification requirements and a taxpayer is allowed to qualify for and claim both credits. The production companies must incur a minimum of \$50,000 in qualified expenses during a consecutive twelve-month qualification period. The credits are either transferable or 90%-refundable to the motion picture production companies to the extent that the credits exceed the companies' Massachusetts tax liability. Transferees do not qualify for the 90%-refundability. The following regulation and public written statements provide additional information and background on the credit:

- TIR 06-01, An Act Providing Incentive to the Motion Picture Industry.
- DOR Directive 07-01, Questions concerning the Film Credit; Qualifying Expenses, Transferee Liability and Withholding Procedures (updated and clarified by TIR 07-15).

The Massachusetts Historical Commission certifies projects and allocates the available credits, subject to an annual

\$55 million cap, through an awards process utilizing selection criteria outlined in the regulations and public written statements cited below.

Low-Income Housing Tax Credit

The Massachusetts Department of Housing and Community Development awards transferable low-income housing tax credits, subject to an annual cap, to taxpayers that: (i) construct or develop new low-income housing, (ii) preserve and improve existing state or federally-assisted housing, or (iii) donate real or personal property to a tax-exempt nonprofit organization for use in purchasing, constructing, or rehabilitating affordable housing. Effective for tax years beginning on or after January 1, 2021 and ending on or before December 31, 2025, the credit is subject to an annual \$45 million cap (\$40 million for the construction and development of eligible low-income housing projects and an additional \$5 million to preserve and improve existing state or federally-assisted housing) plus any unused or returned credits. The cap is scheduled to revert to \$25 million for credits allocated for periods beginning on or after January 1, 2026. The authorized amount of a credit is claimed equally for five years, other than a credit for a qualified donation, which is claimed only for the taxable year in which the donation is made. Only one fifth of the amount of authorized credits for eligible donations counts

toward the annual cap. Any unused credit in a given year can be carried over for five years.

The criteria for eligible low-income housing projects are outlined in the regulations and public written statements cited below.

- Regulation 760 CMR 54.00, Massachusetts Low-Income Housing Tax Credit Program.

Brownfields Tax Credit

Taxpayers are allowed a transferable Brownfields credit for incurring eligible costs to remediate a hazardous waste site on property owned or leased for business purposes, and located within an economically distressed area. The tax credit is up to 50% of the “net response and removal costs” as that term is defined in G.L. c. 21E, § 2. Medical Device Tax Credit

Medical device companies that develop or manufacture medical devices in Massachusetts can claim a transferable credit equal to 100% of the user fees paid by them when submitting certain medical device applications and supplements to the United States Food and Drug Administration. Note that the Medical Device Credit was repealed effective for taxable years beginning on or after January 1, 2022. However, taxpayers will still be able to transfer previously awarded credits, and transferees will be able to apply unused amounts of the credit, within the five-year carryforward period. The following public written statements provide additional information and background on the credit:

- TIR 06-22, Medical Device Tax Credit Provisions in St. 2006, c. 144 and c. 145.

Dairy Farmer Tax Credit

Taxpayers holding a certificate of registration as dairy farmers pursuant to G.L. c. 94, § 16A are allowed a refundable dairy farmer tax credit based on the total amount of milk produced and sold. The dairy farmer tax credit is based on the U.S. Federal Milk Marketing Order for the applicable market, such that when the U.S. Federal Milk Marketing Order price drops below a trigger price anytime during the taxable year the taxpayer will be entitled to the tax credit. The cap on the total amount of credits that may be granted annually is \$6 million. The following regulation and public written statements provide additional information and background on the credit:

Life Sciences Tax Incentive Program

The Life Sciences Center administers and awards four tax incentives to life sciences companies that enable companies to obtain tax credits. These credits, which are 90%-refundable, together with other life sciences tax incentives, are subject to an aggregate \$30 million annual cap, which was increased from \$25 million effective January 1, 2019.

The Life Sciences Investment Tax Credit is equal to 10% of the cost of qualifying property acquired, constructed, reconstructed or erected during the taxable year and used exclusively in Massachusetts.

The Life Sciences User Fees Tax Credit is equal to 100% of the user fees paid to the U.S. Food and Drug Administration (U.S.F.D.A.) upon submission of an application to manufacture a human drug in Massachusetts, and may be claimed in the taxable year in which the application for licensure of an establishment to manufacture the drug is approved by the U.S.F.D.A. To be eligible for the credit, more than 50% of the research and development costs for the drug must have been incurred in Massachusetts.

Taxpayers who commit to creating a minimum of 50 net new permanent full-time positions in Massachusetts may claim the Life Sciences Jobs Tax Credit. The amount of the credit is determined by the Life Sciences Center.

The Life Sciences Center may authorize a life sciences company to obtain refunds of existing Research Credits. Generally, the Research Credit for research expenses incurred in Massachusetts is based on a formula that measures taxpayers' year-to-year increases in Massachusetts research expenses.

Economic Development Incentive Program

Under the Economic Development Incentive Program (EDIP), the Economic Assistance Coordinating Council (EACC) may award tax credits to taxpayers that participate in a certified project as defined in G.L. c. 23A, §§ 3A and 3F. The amount of credit allowed in each case is determined by the EACC, and based on numerous factors set forth in G.L. c. 23A, § 3D. The EACC may designate the credit as refundable for any certified project, subject to a limitation that the EACC may not award more than \$5 million in refundable credits per year. The EACC is authorized to specify the timing of the refund. If a certified project is sold or otherwise disposed of, the credit allowed may be transferred to the purchaser of the certified project, provided that the EDIP contract is assigned to and assumed by the purchaser and approved in writing by the EACC. The credits authorized by the EACC are subject to an annual cap of \$30 million. The following regulation and public written statements provide additional information and background on the credit:

The Department of Housing and

Community Development is the administering agency for the credit. The credit is available in tax years 2014 through 2025. The credit is set at 50 percent of the total qualified investment made by a taxpayer. No credit is allowed to a taxpayer that makes a qualified investment of less than \$1,000. In any one tax year, the total amount of the credit that may be claimed by a taxpayer that makes qualified investments shall not exceed \$1 million. Employers that claim the credit in a taxable year are eligible for an additional credit in the subsequent taxable year for the same apprentice, provided that the Division of Apprentice Standards certifies that the apprentice for whom the prior year's credit was claimed remains employed as an apprentice during the subsequent taxable year.

The credit is available for tax years beginning on or after January 1, 2019, and is subject to a \$2.5 million annual cap. The following public written statement provides additional information and background on the credit:
