Matt Hughes  
Director, Environmental Compliance  
WIN Waste Innovations  
90 Arboretum, Drive Suite 300  
Portsmouth NH 03801

Dear Mr. Hughes:

The Massachusetts Department of Environmental Protection ("MassDEP") has approved an extension of the Material Separation Plan for the Diversion of Mercury ("MSP VIII") for the Millbury, North Andover, and Saugus facilities from January 1, 2026, to December 31, 2027. The plan includes the addition of a voluntary addendum to provide outreach and services in an effort to prevent lithium-ion batteries from entering the facility. The current MSP 8 will be in effect until December 31, 2027.

The approved MSP 8 is posted on our web site at: <https://www.mass.gov/guides/municipal-waste-combustors>

Please contact Lillian Zemba at [lillian.zemba@mass.gov](mailto:lillian.zemba@mass.gov) should you have any questions.

Sincerely,

Richard Blanchet  
Deputy Division Director  
Hazardous Materials Management  
Bureau of Air and Waste
