

Chelsea- Bridge Superstructure Replacement C-09-013, Washington Avenue, Carter Street & County Road/Route 1

What is happening?

This Virtual Design Public Hearing is being conducted to allow the public to become aware of the Chelsea Bridge Replacement project (MassDOT Project #608952). MassDOT and Design Consultants will present the current design plans, anticipated construction schedule and general construction impacts. All views and comments submitted in response to the hearing will be reviewed and considered to the maximum extent possible.

How will this affect you?

Due to poor condition of the existing bridge deck of bridge C-09-013, the superstructure of the bridge will be replaced. Additionally, the intersection on the bridge between Washington Avenue Carter Street and County Road will be realigned to improve traffic flow. As part of the construction, Washington Ave. is not anticipated to be fully closed but will be limited to one travel lane throughout parts of construction.

When

Tuesday April 28th, 2026
6:00 p.m.

Attend

www.mass.gov/orgs/highway-division/events

Visit <https://www.mass.gov/orgs/highway-division/events> for more information or to view a recording of the presentation if you are unable to attend the meeting.

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10 days prior to the event.

Project inquiries may also be emailed to MassDOTProjectManagement@dot.state.ma.us. Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavalley, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: PROJECT MANAGEMENT, PROJECT FILE NO. 610664**
