

MassDOT Project No. 612164

N. Leverett Rd. over Sawmill River

What is happening?

MassDOT is holding a Design Public Hearing for the replacement of the bridge carrying North Leverett Road over the Sawmill River in Montague. This project includes full bridge replacement including new abutments. In addition, the project includes roadway approach work, drainage improvements, overhead utility relocations, and scour countermeasures along the banks of the river on the northeast and southwest of the bridge.

How will this affect you?

The bridge has been in need of replacement and is currently in an alternating one-way configuration. A new bridge will make North Leverett Road a two-lane roadway over the River again. The construction of the project will be built in phases so that no detours will be needed and cars and trucks can continue normal use of the road.

When

Tuesday, February 24, 2026
7:00 PM EST (Virtual)

Attend

www.mass.gov/orgs/highway-division/events

Visit [https://www.mass.gov/orgs/highway-division/events](http://www.mass.gov/orgs/highway-division/events) for more information or to view a recording of the presentation if you are unable to attend the meeting.

To ensure its meetings are accessible, MassDOT reasonably provides: translation, interpretation, modifications, accommodations, alternative formats, and auxiliary aids and services. To request such services, please contact MassDOT's Chief Diversity and Civil Rights Officer at 857-368-8580 or MassDOT.CivilRights@dot.state.ma.us. For adequate time to process such request, please make them as early as possible, ideally 10 days prior to the event.

Project inquiries may also be emailed to MassDOTProjectManagement@dot.state.ma.us. Please submit any written statements regarding the proposed undertaking to: **Carrie A. Lavallee, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: PROJECT MANAGEMENT, PROJECT FILE NO. 612164**
