

# Route 133 Corridor Improvements Design Public Hearing

## What is happening?

The purpose of this Design Public Hearing is to provide the public with the opportunity to become fully acquainted with the Route 133 Corridor Improvement project in Andover, MA. All views and comments made at the hearing will be reviewed and considered to the maximum extent possible.

## How will this affect you?

Currently, the Route 133 corridor lacks bicycle accommodations and an adequate bus stop. The existing pedestrian sidewalk is not ADA/AAB compliant and is missing connections to side streets. There are also safety and capacity related issues at the intersections of Route 133 with Beacon Street/Shawsheen Road and Route 28. The proposed project will look to improve safety, alleviate congestion, and bring increased accessibility and connectivity for pedestrians, cyclists, and transit users. Special considerations will be made for lighting, landscape, and streetscape elements to enhance the area while embracing its historic character.

## When

Wednesday, September 18, 2024  
6:30 PM

## Where

Memorial Hall Library, Memorial Hall  
2 North Main Street  
Andover, MA 01810
