

Design Public Hearing - Bridge Replacement ST 2A Main St over G&W RR – Athol, MA

What is happening?

The purpose of this meeting is to provide the public with the opportunity to become fully acquainted with the proposed bridge replacement, A-15-013, on Main Street (ST2A) over G&W Railroad. The proposed project consists of a full bridge replacement to meet current standards, increase the horizontal clearance from the railroad tracks, and provide pedestrian accommodations consisting of (1) 6' sidewalk, (1) 2.5' shoulder, and (1) 2' shoulder in accordance with applicable design standards.

How will this affect you?

The purpose of this project is to improve public safety by replacing the bridge with one that meets today's standards. Another goal of the project is to improve pedestrian and vehicular accommodations. The new roadway alignment will improve driving conditions at this approach to the maximum extent possible.
